Patrons Painters:

Patrons, Painters, and Saints Julian Gardner, 1993 These papers investigate the revival of painting and mosaic in Rome in the second half of the 13th century and the contribution of Rome to the birth of modern painting Their concern is with the interrelationships between pictures and their social political and religious context In this way the early work of Giotto and the development of the Italian altarpiece are reconsidered with particular attention being paid to questions of structure setting and patronage The work of Simone Martini for the Angevin Court at Naples and the promotion of the cult of new saints by visual means is examined within the context of the European politics of canonisation Finally Professor Gardner considers the artistic role of the Mendicant orders in particular the Franciscans and the Dominicans and their self promotion by visual images

Indian Painters & White Patrons J. J. Brody, 1971 In this major work of criticism in art and social history Dr Brody demonstrates that modern Indian painting has been until 1962 not a truly native expression derived from aboriginal forms but merely a passive response to White paternalism It has been according to Dr Brody an art produced by Indians for Whites an invention rather than a revival with little or no relationship to earlier pictorial modes and functions among the Indians Dust jacket

The Houses of Roman Italy, 100 B.C.- A.D. 250 John R. Clarke, 1991 Extensively documented with well chosen good quality photographs Clarke s book effectively surveys these representative examples from the Late Republic to the Late Empire illustrating the shift in the agendas of decoration as well as in the patterns of the lives played out behind closed doors within these highly charged domestic interiors Richard Brilliant author of *Visual Narratives* Storytelling in Etruscan Roman Art An enlightening and engaging walk through Roman cultural history This book will be essential to anyone interested in the classical past in artistic ensembles or in the experience of architecture Diane Favro University of California Los Angeles Real experts in Roman painting are few This book should be very welcome to Roman art historians and social historians wanting to present this material to their students Eleanor Winsor Leach author of *The Rhetoric of Space*

Making Modern Japanese-Style Painting Chelsea Foxwell, 2015-07-20 The Western discovery of Japanese paintings at nineteenth century world s fairs and export shops catapulted Japanese art to new levels of international popularity With that popularity however came criticism as Western writers began to lament a perceived end to pure Japanese art and a rise in westernized cultural hybrids The Japanese response nihonga a traditional style of painting that reframed existing techniques to distinguish them from Western artistic

conventions Making Modern Japanese Style Painting explores the visual characteristics and social functions of nihonga and traces its relationship to the past its viewers and emerging notions of the modern Japanese state Chelsea Foxwell sheds light on interlinked trends in Japanese nationalist discourse government art policy American and European commentary on Japanese art and the demands of export The seminal artist Kano Hogai 1828 88 is one telling example originally a painter for the shogun his art eventually evolved into novel eerie images meant to satisfy both Japanese and Western audiences Rather than simply absorbing Western approaches nihonga as practiced by Hogai and others broke with pre Meiji painting even as it worked to neutralize the rupture By arguing that fundamental changes to audience expectations led to the emergence of nihonga a traditional interpretation of Japanese art for a contemporary international market Making Modern Japanese Style Painting offers a fresh look at an important aspect of Japan s development into a modern nation Artists and Patrons in Post-war Britain Courtauld Institute of Art,2017-11-01 This title was first published in 2001 An examination of art and patronage in Britain during the post war years It consists of five case studies initially written as MA theses that closely investigate aspects of the mechanisms of patronage outside the state institutions while indicating structural links within it The writers have sought to elucidate the relationship between patronage the production of art and its dissemination Without seeking to provide an inclusive account of patronage or art production in the early post war years their disparate and highly selective papers set up models for the structure of patronage under specific historical conditions They assume an understanding that works of art are embedded in their social contexts are products of the conditions under which they were produced and that these contexts and conditions are complex fluid and imbricated in one another **Literary and Artistic Patronage in Ancient Rome** Barbara K. Gold,2014-01-30 Virgil Horace Catullus Propertius these are just a few of the poets whose work we would be without today were it not for the wealthy and powerful patrons upon whose support the Roman cultural establishment so greatly depended Who were these patrons What benefits did they give to whom and why What effect did the support of such men as Maecenas and Pompey have on the lives and work of those who looked to them for aid These questions and others are addressed in this volume which explores all the important aspects of patronage a topic crucial to the study of literature and art from Homer to the present day The subject is approached from various vantage points literary artistic historical The essayists reach conclusions that dispel the many misconceptions about Roman patronage derived from seventeenth and eighteenth century models in England and Europe An understanding of the workings of patronage is indispensable in helping us see how the Roman cultural establishment functioned in the four centuries of its flourishing and also in helping us read and enjoy specific poems and works of art A book for all concerned with classical literature art and social history Literary and Artistic Patronage in Ancient Rome not only deepens our understanding of the ancient world but also suggests important avenues for future exploration *Library of Congress Subject Headings* Library of Congress,Library of Congress. The Place of Many Moods Dipti Khera, 2020-09-29 A look at the painting traditions of northwestern India in the eighteenth century and what they reveal about the political and artistic changes of the era In the long eighteenth century artists from Udaipur a city of lakes in northwestern India specialized in depicting the vivid sensory ambience of its historic palaces reservoirs temples bazaars and durbars As Mughal imperial authority weakened by the late 1600s and the British colonial economy became paramount by the 1830s new patrons and mobile professionals reshaped urban cultures and artistic genres across early modern India The Place of Many Moods explores how Udaipur's artworks monumental court paintings royal portraits Jain letter scrolls devotional manuscripts cartographic artifacts and architectural drawings represent the period's major aesthetic intellectual and political shifts Dipti Khera shows that these immersive objects powerfully convey the bhava the feel emotion and mood of specific places revealing visions of pleasure plenitude and praise These memorialized moods confront the ways colonial histories have recounted Oriental decadence shaping how a culture and time are perceived Illuminating the close relationship between painting and poetry and the ties among art architecture literature politics ecology trade and religion Khera examines how Udaipur's painters aesthetically enticed audiences of courtly connoisseurs itinerant monks and mercantile collectives to forge bonds of belonging to real locales in the present and to long for idealized futures Their pioneering pictures sought to stir such emotions as love awe abundance and wonder emphasizing the senses spaces and sociability essential to the efficacy of objects and expressions of territoriality The Place of Many Moods uncovers an influential creative legacy of evocative beauty that raises broader questions about how emotions and artifacts operate in constituting history and subjectivity politics and place

The Ashgate Research Companion to Dutch Art of the Seventeenth Century Wayne Franits, 2017-07-05 Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so and the strong contemporary market for works by Dutch masters of the period as well as the public's ongoing fascination with some of its most beloved painters until now there has been no comprehensive study assessing the state of research in the field As the first study of its kind this book is a useful resource for scholars and advanced students of seventeenth century Dutch art and also serves as a springboard for further research Its 19 chapters divided into three sections and written by a team of internationally renowned art historians address a wide variety of topics ranging from those that might be considered traditional to others that have only drawn scholarly attention comparatively recently

Painting on the Left Anthony W. Lee, 1999-04-15 During the 1930s San Francisco's most ambitious public murals were painted by artists on the left In this study Anthony Lee shows how these painters led by Diego Rivera sought to transform murals into a vehicle for their rejection of the economic and political status quo and their support of labor and radical ideologies including Communism In addressing these subjects the mural painters developed a new imagery based on
