**Patterns of Sex** Brian J. Ford,1980      **Patterns of Sex** Brian J. Ford,1979      **The Sex Offenses and their Treatments** Victor T. Cheney,2004-10-01 This book is the only one that lists 115 crimes offenses deviances and 62 infamous criminals that can all be blamed on the sex urge and its underlying chemistry The book also enumerates and briefly explains more than a hundred different treatments that have been used to treat these problems The efficacy of these treatments has been found to vary greatly Some of them have even proven to be counterproductive and the best is seldom used This book is one of the very few available that dwell extensively with the powerful sex urge in its evil results crime disease aggression jealousy lost spirituality etc in as much detail Most that is written about sex deals with its good aspects love ecstasy children family etc but we need the information in this book to come to the reality of the power of these urges for evil      **The Darwin Effect** Dr. Jerry Bergman,2014-08-01 Dr Miklos Nyiszli an imprisoned doctor in the Auschwitz camp wrote that Nazi doctors hoped studying twins would solve the problem of faster reproduction of superior races Nazis hoped to have each German mother bear as many twins as possible What Darwin influenced went far beyond the Nazi death camps Shocking political social and scientific legacies of Darwin and his family Disturbing disclosure of how over 45 million Christians were killed in the 20th century because of their faith Revealing and layman friendly presentation This book is the result of 30 years of research and study carefully documenting the common destructive threads that tie some of history's most murderous dictators uncaring capitalists and aggressive social activists to the flawed concepts of Charles Darwin in an effort to change the world and how they succeeded The extermination of races considered lower than others the profound lack of empathy for less advanced cultures the corrupted atheistic justifications for taking the lives of millions all done to advance the agendas of social Darwinism at work in the world today More than mere theoretical discussions we have seen the horrifying evidence of the practical results when applying these destructive and misleading concepts to society in the last 100 years      ***The Three Pillars of Evolution Demolished*** Jerry Bergman Ph.D.,2022-03-29 The three pillars of evolution defined as progression from simple molecules to humans are the origin of life and genetic damage called mutations selected by natural selection Dr Bergman documents that the peer reviewed scientific literature has demolished these central pillars of evolution specifically the origin of life from non life and the source of genetic variety called mutations honed by natural selection As genetic research of life has been shown to be increasingly more complex life from nonlife by natural means is now no longer feasible Furthermore most all mutations are partly or wholly deleterious and natural selection serves primarily to reduce the deterioration of life not evolve life to greater levels of complexity as evolution postulates In short the naturalistic evolutionary theory first expounded by Charles Darwin has been falsified by scientific research      ***The Mortification of the American Woman*** Ed Hibler,1995 Explores why women as a group remain America's majority minority and why they are still discriminated against by men in virtually every aspect of the nation's social system      ***Best Sellers*** ,1980      **"Jacobsen's"**
