Paul Cuffee Americas First Black Captain:

Paul Cuffee: America's First Black Captain Johanna Johnston, 1970-01-01 The life of the eighteenth century black sailing captain who among other firsts was the first to petition Massachusetts for the right of Negroes to vote **America's Black Founders** Nancy I. Sanders, 2010-01-01 History books are replete with heroic stories of Washington Jefferson and Adams but what of Allen Russwurm and Hawley America's Black Founders celebrates the lesser known but significant lives and contributions of our nation's early African American leaders Many know that the Revolutionary War's first martyr Crispus Attucks a dockworker of African descent was killed at the Boston Massacre But far fewer know that the final conflict of the war the Battle of Yorktown was hastened to a conclusion by James Armistead Lafayette a slave and spy who reported the battle plans of General Cornwallis to George Washington Author Nancy Sanders weaves the histories of dozens of men and women soldiers sailors ministers poets merchants doctors and other community leaders who have earned proper recognition among the founders of the United States of America To get a better sense of what these individuals accomplished and the times in which they lived readers will celebrate Constitution Day cook colonial foods publish a newspaper petition their government and more This valuable resource also includes a time line of significant events a list of historic sites to visit or explore online and Web resources for further study Whaling Captains of Color Skip Finley, 2022-02-15 The history of whaling as an industry on this continent has been well told in books including some that have been bestsellers but what hasn't been told is the story of whaling's leaders of color in an era when the only other option was slavery Whaling was one of the first American industries to exhibit diversity A man became a captain not because he was white or well connected but because he knew how to kill a whale Along the way he could learn navigation and reading and writing Whaling presented a tantalizing alternative to mainland life Working with archival records at whaling museums in libraries from private archives and interviews with people whose ancestors were whaling masters Finley culls stories from the lives of over 50 black whaling captains to create a portrait of what life was like for these leaders of color on the high seas Each time a ship spotted a whale a group often including the captain would jump into a small boat row to the whale and attack it at times with the captain delivering the killing blow The first second or third mate and boat steerer could eventually have opportunities to move into increasingly responsible roles Finley explains how this skills based system propelled captains of color to the helm The book concludes as facts and factions conspire to kill the industry including wars weather bad management poor judgment disease obsolescence and a non renewable natural resource Ironically the end of the Civil War allowed the African Americans who were captains to exit the difficult and dangerous occupation and make room for the Cape Verdean who picked up the mantle literally to the end of the industry Captain Paul Cuffe, Yeoman Jeffrey A Fortin, 2024-11 Paul Cuffe is best understood as a member of the Black founding fathers in the United States Born in 1759 on Cuttyhunk Island in Massachusetts Cuffe emerged from anonymity to become the most celebrated African American sea captain during the Age of Sail Cuffe was a

well known abolitionist veteran and community activist and celebrity followed him as he built a shipping empire Cuffe and his Black crews shook the foundations of systemic racism by sailing into ports where slavery was legal He established the first racially integrated school in the United States in Westport Massachusetts and is considered the leader of America s first back to Africa movement Jeffrey A Fortin describes Cuffe s experiences in vivid detail and places them within the broader history of the Early Republic revealing the central role of African Americans in the founding of the United States Fortin situates Cuffe within a fascinating Atlantic world where race and identity were fluid and Africans and African Americans sought to build and govern a free Black nation in West Africa **Islam, Black Nationalism and Slavery** Adib Rashad,1995

Becoming African in America James Sidbury,2007-09-27 The first slaves imported to America did not see themselves as African but rather as Temne Igbo or Yoruban In **Becoming African in America** James Sidbury reveals how an African identity emerged in the late eighteenth century Atlantic world tracing the development of African from a degrading term connoting savage people to a word that was a source of pride and unity for the diverse victims of the Atlantic slave trade In this wide ranging work Sidbury first examines the work of black writers such as Ignatius Sancho in England and Phillis Wheatley in America who created a narrative of African identity that took its meaning from the diaspora a narrative that began with enslavement and the experience of the Middle Passage allowing people of various ethnic backgrounds to become African by virtue of sharing the oppression of slavery He looks at political activists who worked within the emerging antislavery moment in England and North America in the 1780s and 1790s he describes the rise of the African church movement in various cities most notably the establishment of the African Methodist Episcopal Church as an independent denomination and the efforts of wealthy sea captain Paul Cuffe to initiate a black controlled emigration movement that would forge ties between Sierra Leone and blacks in North America and he examines in detail the efforts of blacks to emigrate to Africa founding Sierra Leone and Liberia Elegantly written and astutely reasoned **Becoming African in America** weaves together intellectual social cultural religious and political threads into an important contribution to African American history one that fundamentally revises our picture of the rich and complicated roots of African nationalist thought in the U S and the black Atlantic Unemployment and American Trade Unions David Paul Smelser,Early Lee Fox,Malcolm Horace

THE AMERICAN COLONIZATION SOCIETY John Seh David, 2014-06-17 A history of the private enterprise that made uneasy peace with slavery to rescue free Africans and transplant them on the west coast of Africa Cover

Freedom's Debtors Padraic X. Scanlan, 2017-10-24 A history of the abolition of the British slave trade in Sierra Leone and how the British used its success to justify colonialism in Africa British anti slavery widely seen as a great sacrifice of economic and political capital on the altar of humanitarianism was in fact profitable militarily useful and crucial to the expansion of British power in West Africa After the slave trade was abolished anti slavery activists in England profited colonial officials in Freetown Sierra Leone relied on former slaves as soldiers and as cheap labor and the British armed forces conscripted former slaves to fight in the West Indies and in West Africa At once scholarly and compelling this history of the abolition of the British slave trade in Sierra Leone draws on a wealth of archival material Scanlan s social and material study offers insight into how the success of British anti slavery policies were used to justify colonialism in Africa He reframes a moment considered to be a watershed in British public morality as rather the beginning of morally ambiguous violent and exploitative colonial history
