Paul Messenger And Exile A Study In The Chronology Of His Life And Letters:

Paul John J. Gunther, 1972 **Paul and His Letters** John B. Polhill, 1999 Except for Christ himself no figure has been more influential in the history of Christianity than the apostle Paul And yet his remarkable life remains shrouded in mystery In this probing new book John B Polhill scrapes away the myths about this great man and uncovers the truth of his life and thought Using Acts the Pauline epistles and reliable traditions from non canonical sources Polhill weaves together the remarkable story of Paul s transformation from persecutor to persecuted producing a dynamic account of his entire ministry By placing each of Paul s letters in its proper historical context Polhill brings new light to these foundation stones of the Christian faith He follows Paul from his early years in Tarsus and Jerusalem to his imprisonment and eventual martyrdom painting a detailed comprehensive portrait of Paul that will serve as an indispensable resource for students teachers and pastors alike Dictionary of Paul and his letters GERALD F HAWTHORNE, RALPH P MARTIN, DANIEL G REID, 2020-05-21 The Dictionary of Paul and his letters is a one of a kind reference work Following the format of its highly successful companion volume the Dictionary of Jesus and the Gospels this Dictionary is designed to bring students teachers ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship No other single reference work presents as much information focused exclusively on Pauline theology literature background and scholarship In a field that recently has undergone significant shifts in perspective the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies In depth articles focus on individual theological themes such as law resurrection and Son of God broad theological topics such as Christology eschatology and the death of Christ methods of interpretation such as rhetorical criticism and social scientific approaches background topics such as apocalypticism Hellenism and Qumran and various other subjects specifically related to the scholarly study of Pauline theology and literature such as early catholicism the centre of Paul s theology and Paul and his interpreters since F C Baur Separate articles are also devoted to each of the Pauline letters to hermeneutics and to preaching Paul today The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialogue with contemporary scholarship and challenges facing the church **The Origin of I Corinthians** John Coolidge Hurd, 1983 **Paul's Decision Making in Acts** Wayne ODonnell, 2020-05-15 This book is a commentary on the New Testament Book of Acts that is primarily about the Apostle Paul and his mission to the Aegean All my books can be read online for free at <http://wayneodonnell.com> or <http://bible.ag> Freely you have received freely give Mt 10:8 In 1980 Garry Friesen wrote Decision Making and the Will of God a book that debunked the traditional view that God leads by inward impressions into His perfect specific will But Bible teachers continue teach prayer is a two way conversation churches continue to question pastoral candidates about their call to the ministry and Christians continue to try to discern God s inner voice to

make decisions Christians in the book of Acts made their decisions by the Word and Wisdom not by listening for inward impressions Almost all Paul's decisions in Acts can be explained by 17 logical principles he followed Paul was Jesus surrogate to complete Jesus mission to bring the gospel to the Gentiles of the Aegean Sea and to the Jews of the diaspora Isaiah 49:1-6 Listen O Islands to me and hearken you Jewish People from far The LORD has called me from the womb He said It is a light thing that you would be my servant to restore the preserved of Israel I will also give you for a light to the Gentiles so that you may be my salvation to the end of the earth The first part of the book of Acts asks Can even Gentiles be saved But the last part focuses on Luke's real message The Congregation should continue to look equally Jewish and Gentile even though Gentiles become far more numerous in the Congregation This is God's highest purpose gathering two into the one body of Messiah according to Ephesians All Paul's epistles were written by the end of Acts 28 There's no need for a speculated release and second Roman imprisonment This book also provides an accounting of the movements of Paul's coworkers and a history of Charismaticism Christian mysticism and the false doctrine of Let Go and Let God

Paul's Letter to the Colossians Gerald F. Hawthorne, Stephen E. Hawthorne, 2010

Paul the Letter-Writer and the Second Letter to Timothy Michael Prior, 1989-03-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul's letters especially the fact that many of them are co-authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy's courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team

A Chronology of Paul's Life Robert Jewett, 1979

The Making of Paul Richard I. Pervo, The influence of the apostle Paul in early Christianity goes far beyond the reach of the seven genuine letters he wrote to early assemblies Paul was revered and fiercely opposed in an even larger number of letters penned in his name and in

narratives told about him and against him that were included in our New Testament and far more often treasured and circulated outside it Richard Pervo provides an illuminating and comprehensive survey of the legacy of Paul and the various ways he was remembered honored and vilified in the early churches

The Early Christians in Ephesus from Paul to Ignatius Paul Trebilco, 2007-10-17 The capital city of the province of Asia in the first century CE Ephesus played a key role in the development of early Christianity In this book Paul Trebilco examines the early Christians from Paul to Ignatius seen in the context of our knowledge of the city as a whole Drawing on Paul's letters and the Acts of the Apostles Trebilco looks at the foundations of the church both before and during the Pauline mission He shows that in the period from around 80 to 100 CE there were a number of different communities in Ephesus that regarded themselves as Christians the Pauline and Johannine groups Nicolaitans and others testifying to the diversity of that time and place Including further discussions on the Ephesus addresses of the apostle John and Ignatius this scholarly study of the early Ephesian Christians and their community is without peer

A Discourse Analysis of Philippians Jeffrey Reed, 1997-02-01 This large-scale work is the application of modern theories of discourse analysis to questions of Greek grammar especially with respect to the debate over the literary integrity of Philippians Chapter 1 introduces the linguistic theory of discourse analysis defining key terms sketching its historical evolution and outlining its major tenets Chapter 2 sets forth a model of discourse analysis primarily based on the systemic functional theories of M. A. K. Halliday Chapter 3 outlines the historical critical debate over the literary integrity of Philippians Chapter 4 inspects the genre of Philippians challenging rhetorical approaches to the text and proposing instead an epistolary classification viz personal hortatory letter Chapter 5 focuses on the discourse structure of the letter investigating its use of ideational interpersonal and textual functions of Hellenistic Greek In chapter 6 relevant issues of biblical hermeneutics are addressed

From Jesus to Paul Peter Richardson, John C. Hurd, 2006-01-01 The essays presented here intend to open afresh the complexity of the question of Paul's dependence upon and continuity with Jesus So much attention has been given in the past to this very difficult problem that new solutions are hard to find and suspect when offered This collection however demonstrates diversity in approach stance and conclusion The essays often take issue with the results of current research including that of Francis Wright Beare in whose honour they have been

produced They consider a broad range of the recent literature and show that no satisfactory solution has yet been found to the Jesus Paul question Indeed the debate may never be terminated This collection however thoroughly illustrates the debate as it stands now Of consuming importance to scholars of New Testament theology and text the volume also admirably depicts the critical approaches that live today within the study of Christianity's roots Introducing Romans Richard N. Longenecker, 2011-03-25 Introducing Romans a kind of introduction ahead of time to Richard Longenecker's forthcoming commentary on Romans is a major achievement in its own right the fruit of at least fifty years of scholarship on the apostle Paul and on Romans in particular It can stand alone as an indispensable handbook for anyone venturing to write a commentary of one's own or for anyone who wants to teach or understand that classic letter Above all Longenecker succeeds admirably in putting the many issues surrounding Romans in the broadest possible historical context encompassing not just recent fashions but the legacy of centuries Seasoned scholars and beginning students alike have every reason to be grateful J Ramsey Michaels Missouri State University *New Testament History* Richard L. Niswonger, 1992 In this excellent history of God's authoritative message to humankind Niswonger presents the major events of the life and ministry of Jesus Paul and the apostolic church by unfolding it against the historical religious and political settings of the time and recounting the events with simplicity and directness More than 90 photographs and maps **The Christians: Veil is torn, A.D. 30 to 70, from Pentecost to the fall of Jerusalem** Christian History Project, 2002 The Christians is the history of Christianity told chronologically epoch by epoch century by century beginning at Pentecost and concluding with Christians as we find ourselves in the twenty-first century It will consist of approximately twelve volumes produced over a 10-year period at the beginning of the third Christian millennium It is written and edited by Christians for Christians of all denominations Its purpose is to tell the story of the Christian family so that we may be knowledgeable of our origins may well know and wisely profit from the experiences of our past both good and bad and may find strength and inspiration to face the challenges of our era from the magnificent examples set for us by those who went before Back cover The Tyranny of Time Robert Banks, 1997-03-04 The problem of too little time says Robert Banks is a real one The notion of increased leisure time is a myth From a distinctly Christian perspective Banks explains how we can break out of the time prison at work and at church as individuals and as families He emphasizes who we are over what we do and shows how we can develop a sense of personal and social rhythms **Redating the New Testament** John A. T. Robinson, 2000-10-31 On the basis that the fall of Jerusalem is never mentioned in the New Testament writings as a past fact Dr Robinson defends that the books of the New Testament were written before A.D. 70 contradicting of course the consensus of generations of Bible scholars **Ephesians** Harold W. Hoehner, 2002-12 Destined to become the definitive commentary on Ephesians this resource combines detailed exegesis and extensive interaction with contemporary scholarship
