Biographical Dictionary of Literary Influences John Powell,2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research devoted specifically to the reading habits of 19th century individuals who shaped Western culture is brought together for the first time While giving prominent coverage to literary and political figures the volume's 270 entries also include musicians painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the reading experience of important Western cultural figures Subjects were selected from the people most responsible for the cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better understand the relationship between reading and culture In an introductory essay Powell explores the patterns and relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step forward in researching the role of reading in cultural development *Bulletin of Bibliography* ,1992 **Paul Gauguin, His Life and Art** John Gould Fletcher,1921 *Dictionary*

Designing Women Lucy Fischer, 2003-07-30 Grand sensational and exotic Art Deco design was above all modern exemplifying the majesty and boundless potential of a newly industrialized world From department store window dressings to the illustrations in the Sears Roebuck Co catalogs to the glamorous pages of Vogue and Harper s Bazar Lucy Fischer documents the ubiquity of Art Deco in mainstream consumerism and its connection to the emergence of the New Woman in American society Fischer argues that Art Deco functioned as a trademark for popular notions of femininity during a time when women were widely considered to be the primary consumers in the average household and as the tactics of advertisers as well as the content of new magazines such as Good Housekeeping and the Woman s Home Companion increasingly catered to female buyers While reflecting the growing prestige of the modern woman Art Deco inspired consumerism helped shape the image of femininity that would dominate the American imagination for decades to come In films of the middle and late 1920s the Art Deco aesthetic was at its most radical Female stars such as Greta Garbo Joan Crawford and Myrna Loy donned sumptuous Art Deco fashions while the directors Cecil B DeMille Busby Berkeley Jacques Feyder and Fritz Lang created cinematic worlds that were veritable Deco extravaganzas But the style soon fell into decline and Fischer examines the attendant taming of the female role throughout the 1930s as a growing conservatism challenged the feminist advances of an earlier generation Progressively muted in films the Art Deco woman once an object of intense desire gradually regressed toward demeaning caricatures and pantomimes of unbridled sexuality Exploring the vision of American womanhood as it was portrayed in a large body of films and a variety of genres from the fashionable musicals of Josephine Baker and Fred Astaire and Ginger Rogers to the fantastic settings of Metropolis The Wizard of Oz and Lost Horizon Fischer reveals America s long standing fascination with Art Deco the movement s iconic influence on cinematic expression and how its familiar style left an indelible mark on American culture American Reference Books Annual , 1992 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering
