Paul Klee Drawings I 1883 1920:

The Making of Paul Klee's Career, 1914-1920 Otto Karl Werckmeister, 1989-07-10 Paul Klee one of the preeminent artists of the twentieth century was associated with all of the major movements of the first half of the century expressionism cubism surrealism and abstraction In this economic and political history O K Werckmeister traces Klee's career as a professional artist concentrating on the years 1914-20 in which Klee rose from obscurity to recognition in the visual culture of the incipient Weimar Republic Werckmeister reveals the degree to which Klee who has been traditionally portrayed as aloof from politics and the vicissitudes of the art market was subject to and interacted with material conditions Drawing on rich documentary evidence records of Klee's sales reviews of his exhibitions the artist's published writings about his art unpublished correspondence as well as contemporary criticism Werckmeister follows Klee's transformation from an idiosyncratic abstract individualist to a metaphysical storyteller to mystical sage Werckmeister argues that this latter image was promoted by a number of influential art critics and dealers acting in cooperation with the artist himself This posture prompted Klee's success first in the war-weary modernist art world of 1916-18 and then in the pseudo-revolutionary art world of 1919-20 This work is a critical challenge to the myth of Klee's art and to the hagiography of his artistic personality Werckmeister's historical account is sure to be a controversial yet significant contribution to Klee studies one that will change the nature of Klee scholarship for some time to come

Klee 1879-1940 Susanna Partsch, Paul Klee, 2000 The entertaining companion novel to the best-selling *The Sweet Second Life of Darrell Kincaid* Michelle Lawrence's perfect life has been just as she's designed it But then her husband Chad ruins everything by taking a job in San Francisco about as far from their comfortable family home as it's possible to get without actually emigrating Up until now Chad's primary focus has been keeping her happy and Michelle can see no good reason why this should change But change it has and Michelle now has to deal with Chad's increasing detachment while building a new life with her two small children in a place filled with cat-eating coyotes On top of that Michelle's oldest friend is turning against marriage while her newest is a little too obsessed with clean taps And down the redwood-lined street there's Aishe Herne a woman who could pick a fight with a silent order of nuns Aishe has designed her own kind of perfect life in which there's room for her teenage son and no one else But when cousin Patrick lands in town like a Cockney nemesis both Aishe and Michelle must begin determined campaigns to regain their grip on the steering wheel of their lives *The Catherine Robertson Trilogy* Book 1 *The Sweet Second Life of Darrell Kincaid* Book 2 *The Not So Perfect Life of Mo Lawrence* Book 3 *The Misplaced Affections of Charlotte Forbes* *Paul Klee Annie Bourneuf*, 2015-07-20 The fact that Paul Klee 1879-1940 consistently intertwined the visual and the verbal in his art has long fascinated commentators from Walter Benjamin to Michel Foucault However the questions it prompts have never been satisfactorily answered until now In *Paul Klee* Annie Bourneuf offers the first full account of the interplay between the visible and the legible in Klee's works from the 1910s and 1920s Bourneuf argues that Klee joined these elements to invite a manner

of viewing that would unfold in time a process analogous to reading From his elaborate titles to the small scale he favored to his metaphoric play with materials Klee created forms that hover between the pictorial and the written Through his unique approach he subverted forms of modernist painting that were generally seen to threaten slow contemplative viewing Tracing the fraught relations among seeing reading and imagining in the early twentieth century Bourneuf shows how Klee reconceptualized abstraction at a key moment in its development Pauru Kurē ten, 1939-1940 Paul Klee,1985 **Paul Klee** Sabine Rewald, Metropolitan Museum of Art (New York, N.Y.),1988 The German painter Paul Klee 1879 1940 has become one of today s most popular artists Ninety works by Klee including drawings watercolors and oils either serious comical capricious or dramatic have recently been given to the Metropolitan Museum of Art by one of the postwar era s leading art dealers and collectors Heinz Berggruen and are now published together in this volume for the first time The works in the distinguished Berggruen Klee Collection now a permanent part of the Metropolitan Museum of Art s holdings span the career of the artist from his student days in Bern in the 1890s to his death in Muralto Locarno in 1940 All aspects of Klee both as a draftsman and as a painter are illustrated in these ninety works Paul Klee is not only one of today s most popular artists but he is also one of the most written about In an illuminating addition to the vast literature on Klee Sabine Rewald opens this study with a candid interview with the artist s only son Felix which took place in Bern in February 1986 Accompanied by documentary and informal photographs of the Klee family it gives pointed and witty insights into the artist s private life It also offers a behind the scenes view of the Bauhaus where Paul Klee taught and where Felix Klee was a student Most of the ninety works in the Berggruen Klee Collection are reproduced in full page colorplates and each one is accompanied by an extensive entry These entries incorporate biographical information and quotations from Klee s letters the latter as yet unpublished in English The book includes an extensive chronology and a bibliography Provided by publisher

The Expressionist Roots of Modernism Peter Lasko,2003 This book explores the beginnings of the interior design profession in nineteenth century France Drawing on a wealth of visual sources from collecting and advice manuals to pattern books and department store catalogues it demonstrates how new forms of print media were used to sell the idea of the unified interior as a total work of art enabling the profession of interior designer to take shape In observing the dependence of the trades on the artistic and public visual appeal of their work Interior decorating in nineteenth century France establishes crucial links between the fields of art history material and visual culture and design history *Masterpieces of European Painting, 1800-1920, in the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.),Kathryn Calley Galitz,2007 Paul Klee Kathryn Porter Aichele,2006 Sumario The artist poet painter I am a poet after all The poetic and the pictorial A poetic personal idea of landscape Harmonizing architectonic and poetic painting Poems in pictorial script Klee and concrete poetry What counts as poetry *The Art of Mechanical Reproduction* Tamara Trodd,2015-09-25 The Art of Mechanical Reproduction presents a striking new approach to how traditional art mediums painting sculpture and drawing

changed in the twentieth century in response to photography film and other technologies Countering the modernist view that the medium provides advanced art with resistance against technological pressures Tamara Trodd argues that we should view art and its practices as imaginatively responding to the potential that artists glimpsed in mechanical reproduction putting art into dialogue with the commercial cultures of its time The Art of Mechanical Reproduction weaves a rich history of the experimental networks in which artists as diverse as Paul Klee Hans Bellmer Ellsworth Kelly Robert Rauschenberg Gerhard Richter Chris Marker and Tacita Dean have worked and it shows for the first time how extensively technological innovations of the moment have affected their work Original and broad ranging The Art of Mechanical Reproduction challenges some of the most respected and entrenched criticism of the past several decades and allows us to think about these artists anew

International repertory of the literature of art, 1984 Paul Klee and His Illness H. Suter, 2010-02-01 In 1933 Paul Klee's work was branded as Entartete Kunst Degenerate Art by the National Socialists and he was dismissed from his professorial post at the Düsseldorf Academy of Fine Arts This led him together with his wife Lily to return to his real home of Bern Here his avant garde art was not understood and Klee found himself in unasked for isolation In 1935 Klee started to suffer from a mysterious disease The symptoms included changes to the skin and problems with the internal organs In 1940 Paul Klee died but it was only 10 years after his death that the illness was actually given the name scleroderma in a publication about Klee However the diagnosis remained mere conjecture Since his adolescence the dermatologist and venereologist Dr Hans Suter has been fascinated by Paul Klee and his art and more than 30 years ago this fascination spurred him to commence research into the illness and its influence on the art of Paul Klee's final years It was due to Dr Suter's meticulous investigations that Klee's illness could be defined as diffuse systemic sclerosis In this book the author assembles his findings and describes the rare and complex disease in a clear and comprehensible way Further he empathetically interprets more than 90 of Klee's late works The point of view of a dermatologist renders a unique source of information It provides on one hand new insights into everyday medical practices at the University of Bern in the 1930s which will fascinate doctors and local historians alike While on the other hand art historians and art lovers will be absorbed by the newly discovered links between Paul Klee's work and
