Paul Klee Tod Und Feuer:

Paul Klee Sean Connolly, 2006 This volume briefly examines the life and career of artist Paul Klee **Paul Klee and His Illness** H. Suter, 2010-02-01 In 1933 Paul Klee's work was branded as Entartete Kunst Degenerate Art by the National Socialists and he was dismissed from his professorial post at the Düsseldorfer Academy of Fine Arts This led him together with his wife Lily to return to his real home of Bern Here his avant garde art was not understood and Klee found himself unasked for isolation In 1935 Klee started to suffer from a mysterious disease The symptoms included changes to the skin and problems with the internal organs In 1940 Paul Klee died but it was only 10 years after his death that the illness was actually given the name scleroderma in a publication about Klee However the diagnosis remained mere conjecture Since his adolescence the dermatologist and venereologist Dr Hans Suter has been fascinated by Paul Klee and his art and more than 30 years ago this fascination spurred him to commence research into the illness and its influence on the art of Paul Klee's final years It was due to Dr Suter's meticulous investigations that Klee's illness could be defined as diffuse systemic sclerosis In this book the author assembles his findings and describes the rare and complex disease in a clear and comprehensible way Further he empathetically interprets more than 90 of Klee's late works The point of view of a dermatologist renders a unique source of information It provides on one hand new insights into everyday medical practices at the University of Bern in the 1930s which will fascinate doctors and local historians alike While on the other hand art historians and art lovers will be absorbed by the newly discovered links between Paul Klee's work and his illness **Paul Klee** Christine Hopfengart, Michael Baumgartner, Fabienne Eggelhöfer, Osama Okuda, 2020-01-01 Paul Klee 1879 1940 ist einer der bedeutendsten Vertreter der modernen Kunst Er schuf ein ebenso universales wie individuelles Werk das zwischen allen Strömungen und Ismen seiner Zeit steht Sein gewaltiges malerisches zeichnerisches und bildnerisches Œuvre seine Briefe und Tagebuchaufzeichnungen und nicht zuletzt seine pädagogischen Notizen bilden den Hintergrund für diese pointierte Darstellung zu Leben und Werk des meditativen Künstlers und visuellen Denkers Der reich bebilderte Band zeichnet Klees bewegte Biografie nach und spannt den Bogen von Klees künstlerischen Anfängen mit karikaturistischen Zeichnungen und Akten über seine Begegnung mit der Avantgarde und die berühmten Aquarelle der Tunisreise oder die abstrakten Farbkompositionen der Bauhaus Zeit bis zu den geheimnisvollen Bildfindungen seiner letzten Jahre in Bern *Death and fire* Paul Klee, Matthias Bärnmann, 2003 **The Retrieval of the Beautiful** Galen A. Johnson, 2010 In this elegant new study Galen Johnson retrieves the concept of the beautiful through the framework of Merleau Ponty's aesthetics Although Merleau Ponty seldom spoke directly of beauty his philosophy is essentially about the beautiful In Johnson's formulation the ontology of Flesh as element and the ontology of the Beautiful as elemental are folded together for Desire Love and Beauty are part of the fabric of the world's element Flesh itself the term at which Merleau Ponty arrived to replace Substance Matter or Life as the name of Being Merleau Ponty's Eye and Mind is at the core of the book so Johnson engages as Merleau Ponty did the

writings and visual work of Paul Cézanne, Auguste Rodin and Paul Klee as well as Rilke's commentary on Cézanne and Rodin. From these widely varying aesthetics emerge the fundamental themes of the retrieval of the beautiful, desire, repetition, difference, rhythm and the sublime. The third part of Johnson's book takes each of these up in turn, bringing Merleau-Ponty's aesthetic thinking into dialogue with classical philosophy as well as Sartre, Heidegger, Nietzsche and Deleuze. Johnson concludes his final chapter with a direct dialogue with Kant and Merleau-Ponty and also Lyotard on the subject of the beautiful and the sublime. As we experience with Rodin's Balzac, beauty and the sublime blend into one another when the beautiful grows powerful, majestic, mysterious and transcendent.

The Emerging Contours of the Medium Richard Müller, 2024-01-11. The *Emerging Contours of the Medium* explores a crucial aspect of media thinking, focusing particularly on the mediality of literature, a medium that remains today on the margins of the theoretical discussion of media. The book was written by a collective of authors based in the Institute of Czech Literature, Czech Academy of Sciences, Czech Republic. Even though interest in the technological and media aspects of literature has been slowly building momentum in the past several decades, from comparative perspectives to written culture to new media, the concept of the medium has not informed this process, and its systematic integration into literary studies has never been effectively carried out. Nor has the specific mediality of literature been successfully integrated into the general concept of media literacy in media science. Contributors to this work provide both an explanation of and a solution to this mutual blindness, setting out from the question: What are the conditions for elaborating a media theoretical framework in which to situate literature as a medium? The *Emerging Contours of the Medium*, available for the first time in English, is divided into three parts which correlate to the three main research areas of the principles for a media theory of literature. Part 1 develops a perspective of the pre-history of media thinking, grounding the principles of the genealogical integration. Part 2 concentrates on and develops the related perspectives of media philosophy and media anthropology. Part 3's main focus is the way media, as dispositifs, interlinking the parameters of perception and communication, provide the ground for making emergent media phenomena visible, whether it be between media in their mutual synergy or discrepancies between media artefacts or between human and apparatus.
