**Paul and Rabbinic Judaism** William David Davies,1970      **Paul and Rabbinic Judaism** William David Davies,1948

**Paul And Rabbinic Judaism; Some Rabbinic Elements In Pauline** William David Davies,1967      *Paul and rabbinic judaism some rabbinic in pauline theology* William David Davies,1965      **Paul and Rabbinic Judaism** William David Davies,1980      Paul, the Law, and Justification Colin G. Kruse,2008-07-01 Martin Luther drew a strong parallel between the religion of medieval Catholicism and the religion of first century Judaism against which his hero Paul contended Luther asserted that both taught that salvation was earned by works of merit E P Sanders challenged Luther s view of Judaism in his landmark work *Paul and Palestinian Judaism* 1977 Judaism was not in principle a religion in which salvation was earned through obeying the law it was a religion based upon God s election and grace The debate which Sanders initiated continues issuing in a flood of articles and monographs Dr Kruse insists however that the issues raised in the debate must not be allowed to set the agenda Instead he takes the loner route of inductive exegesis allowing each of Paul s letters to speak for itself before attempting a synthesis of Paul s teaching on the law and justification He faces squarely and honestly the problems which Paul s attitude to the law raises and he proposes thoroughly researched and considered solutions His book is an important contribution to the ongoing debate      *Written for Us: Paul's Interpretation of Scripture and the History of Midrash* Yael Fisch,2023-01-16 This volume re introduces Paul into the study of midrash Though Paul writes and interprets scripture in Greek and the Tannaim in Hebrew and despite grave methodological difficulties in claiming direct and substantial cultural contact between these literary traditions this book argues that Paul is a crucial source for the study of rabbinic midrash and vice versa Fisch offers fresh perspectives on reading practices that Paul and the Tannaim uniquely share on Paul s concept of nomos and its implications on the reconstructed history of the Tannaitic twofold Torah Oral and Written on the relationship between allegory and midrash as hermeneutical systems and on competing conceptualizations of ideal readers      *Paul and the Gentile Women* Tatha Wiley,2005-03-30 For hundreds of years Paul s letter to the Galatians has been a flashpoint of controversy among Christians Why did Paul write the letter and what was at issue in the controversy over Torah observance particularly male circumcision Has the letter with its classic contrast of faith in Christ and works of the law served to divide Jews from Christians and Christians from one other Radically reframing the debate Tatha Wiley s fresh approach decisively shifts the Galatian question to focus on the social consequences of Paul s bitter disagreement with the circumcision preachers and specifically the implications of the dispute for Gentile women in the community Wiley maintains that Paul s argument of equality in Christ was directed to and for the situation of women whose newly won status was jeopardized by the preaching of Paul s opponents By looking at the issue of circumcision from the angle of the Gentile women of Galatia Wiley cuts to the core concerns of the dispute gender privilege religious authority and the life changing implications of Christian commitment      **Paul, Thessalonica and Early Christianity** Karl P. Donfried,2003-01-30 This

book concentrates on major Pauline themes and on I Thessalonians in its cultural and religious context as well as exploring other major issues especially with reference to chronology and Judaism The question of Paul's Jewishness is therefore raised with a new urgency What kind of a Jew was Paul Why do we find so many coherences between his language and thought with that of the Community of the Renewed Covenant i.e. the Essenes One of the essays Paul and Qumran suggests that the Dead Sea Scrolls offer valuable clues to understanding Pauline language and thought If in fact there was contact between Paul and the Essenes where would it have taken place If such meetings were held possibly in the Essene Quarter of Jerusalem is there a connection between that area and the location of the earliest Christians in Jerusalem And what kind of Christians were they and how did they impact on the Apostle's missionary activity In connection with this discussion of Paul and Judaism a number of challenges are offered to the so called New Perspective on Paul especially in the work of E.P. Sanders and James D.G. Dunn to suggest that a closer study of the Dead Sea Scrolls raises serious questions about the appropriateness of their interpretation of both Judaism and Paul as well as opening new perspectives that will necessitate not only the rethinking of second temple Judaism but also the origins of earliest Christianity and the relationship between them

**Christ Among the Messiahs** Matthew V. Novenson, 2012-04-17 Recent scholarship on ancient Judaism finding only scattered references to messiahs in Hellenistic and Roman period texts has generally concluded that the word messiah did not mean anything determinate in antiquity Meanwhile interpreters of Paul faced with his several hundred uses of the Greek word for messiah have concluded that christos in Paul does not bear its conventional sense Against this curious consensus Matthew V. Novenson argues in *Christ among the Messiahs* that all contemporary uses of such language Paul's included must be taken as evidence for its range of meaning In other words early Jewish messiah language is the kind of thing of which Paul's Christ language is an example Looking at the modern problem of Christ and Paul Novenson shows how the scholarly discussion of christos in Paul has often been a cipher for other more urgent interpretive disputes He then traces the rise and fall of the messianic idea in Jewish studies and gives an alternative account of early Jewish messiah language the convention worked because there existed both an accessible pool of linguistic resources and a community of competent language users Whereas it is commonly objected that the normal rules for understanding christos do not apply in the case of Paul since he uses the word as a name rather than a title Novenson shows that christos in Paul is neither a name nor a title but rather a Greek honorific like Epiphanes or Augustus Focusing on several set phrases that have been taken as evidence that Paul either did or did not use christos in its conventional sense Novenson concludes that the question cannot be settled at the level of formal grammar Examining nine

passages in which Paul comments on how he means the word *christos* Novenson shows that they do all that we normally expect any text to do to count as a messiah text Contrary to much recent research he argues that Christ language in Paul is itself primary evidence for messiah language in ancient Judaism

**A New Identity of Obligation: Metaphors and Paul's Ethical Argument in Romans 6:1-14** Andrés D. Vera, 2025-06-19 In Romans 6 1 14 Paul corrects an erroneous ethical conclusion drawn from the narrative of God's grace in Romans 3 5 This innovative study employs tools from cognitive linguistics to unveil Paul's sophisticated rhetorical strategy for resolving the indicative imperative tension By moving beyond traditional theological frameworks the book shows how Paul presents believers new identity as defined by a new obligation illuminating the metaphorical narrative that undergirds Paul's logic Readers will better understand the importance of conceptual spaces like in sin and in Christ and how Paul conceptualizes the relationship between believers and their old selves who have been crucified

**A New Perspective on Hebrews** Kenneth Schenck, 2019-08-27 Going against the tide of

much recent scholarship on Hebrews Kenneth Schenck argues that the letter was addressed to a primarily Gentile audience to console them and strengthen their faith in the wake of the destruction of the Temple The implications that Christians Jews and Gentiles alike valued the Temple highly and grieved its destruction point to a new perspective on the so called parting of the ways between Jews and predominantly Gentile Christians Schenck s work challenges many of the established

assumptions of Hebrews scholarship and will deserve close attention for years to come **The Impact of Bodily Experience on Paul's Resurrection Theology** Kai-Hsuan Chang,2021-09-23 Kai Hsuan Chang engages with the longstanding scholarly debate concerning the development of Paul s resurrection theology by investigating the correlation between his bodily experiences and his diverse articulations about resurrection Drawing on insights from cognitive linguistics Chang considers Paul s ideas about resurrection as fundamentally grounded in recurrent patterns of bodily experience arguing that such experience of some religious activities in Paul s time death rites spirit possession and baptism contributed to the formation and development of his resurrection theology Chang demonstrates that developments in Paul s ideas about bodily transformation at resurrection reflected in 1 Corinthians 15 resulted from a change in the experiential patterns on which his new idea is constructed rather than transformation during heavenly ascent as seen in Jewish traditions of resurrection He thus applies cognitive linguistic tools to two considerations first whether Paul had contextual reasons to generate his innovation in 1 Corinthians 15 and second whether Paul s innovation recurred or had continual effects in Christian groups In so doing Chang shows that Paul s innovation directly addressed a contextual issue of death rites in Corinth and exerted a continuing effect on Paul s later ideas of transformation spirit possession and baptism **Ancient Letters and the Purpose of Romans** Aaron Ricker,2020-09-17 Aaron Ricker locates the purpose of Romans in its function as a tool of community identity definition Ricker employs a comparative analysis of the ways in which community identity definition is performed in first century association culture including several ancient network letters comparable to Romans Ricker s examination of the community advice found in Rom 12 15 reveals in this new context an ancient example of the ways in which an inscribed addressee community can be invited in a letter to see and comport itself as a proper association network community The ideal community addressed in the letter to the Romans is defined as properly unified and orderly as well accommodating to and clearly distinct from cultures outside Finally it is defined as linked to a proper network with recognised leadership i e the inscribed Paul of the letter and his network Paul s letter to the Romans is in many ways a baffling and extraordinary document In terms of its community defining functions and strategies however Ricker shows its purpose to be perfectly clear and understandable **By Faith Alone** Gary L. W. Johnson,Guy Prentiss Waters,2007-03-06

The Reformation swept across Europe with a God glorifying gospel of grace Now the doctrine of grace cherished and proclaimed by the Reformers is under renewed assault from an unexpected place the evangelical church itself With the help of several theologians Gary L W Johnson and Guy P Waters trace the background and development of two seemingly

disparate movements that have surfaced within the contemporary church the New Perspective s on Paul and the Federal Vision and how they corrupt the truth of salvation by faith alone By regaining a focus on the doctrine of grace pastors seminarians and future leaders can regain the cohesion coherence and direction to truly build the church to withstand the attacks of false and empty doctrines
