PAVEL KUZNETSOV. Peter Stupples, 1989      *Pavel Kuznetsov* Peter Stupples, 1990-01-26 In the period 1890 1925 Russian art went through dramatic changes similar to those in Western Europe over the same period However in two respects Russian artists developed more spectacularly than their Western colleagues in the spheres of intuitive symbolism and of constructivism Pavel Kuznetsov 1878 1968 the leading figure in the development of intuitivism made a considerable impact on the Russian art world and had a profound influence on his colleagues Kuznetsov lived in the last years of the Russian Empire through the revolution of 1917 the turbulent 1920s the Stalin era and into the Brezhnev years Thus as a politically committed painter his story illuminates the difficulties for a lyrical intuitivist artist during the post revolutionary period There are few of his paintings in the West and so he is comparatively unknown This study will make Kuznetsov s work more familiar to Western art historians and collectors and should also engage the interest of readers more generally interested in Russia and the Soviet Union      **Art and Design** Peter Stupples, Jane Venis, 2018-01-23 This book is a selection of essays covering aspects of the history and contemporary understanding of the fields of art and design and their inter percolation Making things has always involved skill and thought Thought is given to their creation so they are fit for purpose Where the purpose is aesthetic or intellectual pleasure the resulting object is often called art There is however often a hierarchy placing art somewhere apart from design But isn t some art designed These essays investigate aspects of this dichotomy from both sides of the supposed divide to discuss the ground between      **Art and Book** Peter Stupples, Jane Venis, 2016-09-23 Art has been as significant as text in the history of book design and production This collection of papers examines the place of illustration and innovation both conceptual and technical in the relation of image to text in books of the twentieth and early twenty first centuries both in Europe and that outreach of European culture in the Pacific New Zealand Topics of the papers range from the work of Marcel Duchamp and Kazimir Malevich to the design of multimodal books and the early development of 3D printing      Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition      **The American Bibliography of Slavic and East European Studies** Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic

**The Unsung Hero of the Russian Avant-Garde: The Life and Times of Nikolay Punin** Natalia Murray,2012-06-27 This book is the first biography of Nikolay Punin 1888 1953 One of the most prominent art critics of the avant garde in 1919 Punin was the Commissar of the Hermitage and Russian Museums he was lecturing at the Academy of Arts and at the State University in Petrograd and subsequently Leningrad He was the right hand of Lunacharsky and the head of the Petrograd branch of the Visual Arts Department of Narkompross From 1913 till 1938 Punin worked at the Russian Museum and organized several major exhibitions of Russian art Yet his name is not widely known in the West primarily because his file languished in the KGB archives since he died in 1953 partly because his grave in the Gulag where he died is marked only by a number and partly because his own reputation became submerged under that of his lover poet and writer Anna Akhmatova Through the life and inheritance of Nikolay Punin this book will examine the very phenomenon of the Russian avant garde and its fate after the October Revolution as well as the artistic trends and cultural policies which dominated Soviet art in the

**Making Modernism Soviet** Pamela Kachurin,2013-10-31 Making Modernism Soviet provides a new understanding of the ideological engagement of Russian modern artists such as Kazimir Malevich Alexander Rodchenko and Vera Ermolaeva with the political and social agenda of the Bolsheviks in the chaotic years immediately following the Russian Revolution Focusing on the relationship between power brokers and cultural institutions under conditions of state patronage Pamela Kachurin lays to rest the myth of the imposition of control from above upon a victimized artistic community Drawing on extensive archival research she shows that Russian modernists used their positions within the expanding Soviet arts bureaucracy to build up networks of like minded colleagues Their commitment to one another and to the task of creating a socially transformative visual language for the new Soviet context allowed them to produce some of their most famous works of art But it also contributed to the Sovietization of the art world that eventually sealed their fate **Japan and Russia** Yulia Mikhailova,M.
