Brown,2018-10 It has been said that children do not come to us with an instruction manual While this may be true I do believe that they come with instructions hardwired into their DNA As parents it is our responsibility to use the gift of parenting to monitor and perceive these instructions and put our children in the right environments to mature them And if we pay close attention there will be subtle advice shared along the way I ve long since retired and my son s moved away I called him up just the other day I said I d like to see you if you don t mind He said I d love to dad if I could find the time You see my new job s a hassle and the kids have the flu But it s sure nice talking to you dad It s been sure nice talking to you And as I hung up the phone it occurred to me He d grown up just like me My boy was just like me Sandy Chapin Harry F Chapin I had heard this song so many times but it was not until I had a son that it held meaning for me In raising my son not only did I have to make sure that he became his own man but I also realized that I needed to model the type of man and ultimately the type of father I wanted him to become This song served as a warning *The Get Out Date* therefore was not as much about putting my son out as it was preparing him to be successful once he left *A Dad's Guide to Raising a Son of Character (Ebook Shorts)* Rick Johnson,2013-06-01 Rick Johnson shows dads how to guide their sons into healthy authentic manhood that honors God and respects others **Mothering Our Boys** Maggie Dent,2018-11-01 Maggie is earthy and real full of love and knowledge especially on raising sons Steve Biddulph Maggie s perspective on raising boys is spot on She writes with humor and depth providing insight and strategies for many of the most important issues facing moms There is a lovely ease to her writing and a powerful honesty I hope every mother of a son and everyone else will read this book The future of the world to a great extent depends on how we raise our boys Michael Gurian New York Times Bestselling Author of *The Wonder of Boys* and *Saving Our Sons* If we can see the world through boys eyes a little better we will make different choices in the way we mother them and we will find them less confusing and love them more deeply Mothers of sons are worried about raising their boys in a world where negative images of masculinity are front and centre of our media almost every day Not only that but statistically our boys are still struggling in many ways Even though we live in a time where we recognise that nothing in gender is fixed it remains a fact that the influence of a mother on her son is massive A mother of four sons herself Maggie Dent draws on her personal experience and over four decades work as a teacher counsellor and now author and speaker to help build understanding empathy and compassion for our boys Maggie shares her five key secrets that every mum needs to know and uses the voices of men she has worked with and surveyed to reveal what really matters in a boy s relationship with his mother and other mother figures Maggie is one of Australia s most popular parenting authors and educators and her seminars about boys have sold out all across Australia and in the UK She is finally sharing her insights her reflections and as always her humour around mothering boys to help you be

the mum your son needs you to be Intentional Child Rearing Jonthan Downing,2025-05-07 Intentional Child Rearing is a book focused on the importance of raising a generation of godly children and the generations within each We cannot wait to pour into our children when we think they are old enough to understand It has to start in the womb According to Jeremiah 1 5 KJV God knew us and ordained us at this early stage of life as prophets Failure to start early and raise a godly seed in the home has caused much rebuttal and regret for our local communities states nation as well as the world We are now leaving the raising of children to grandparents detention centers schools and other entities Although it takes a village to raise a child the village starts first at home When we refuse to train children early and raise them in God s admonition the adversary takes advantage of the time lost Generational curses are at an all time high with many not realizing what they are experiencing The enemy of our soul is after the seed and the seed s seed Infiltrating them while they are young is on his mind and is an infringement upon God s copyright God always intended for children to be loved and led by fathers and raised by godly mothers in the home from generation to generation Intentional Child Rearing is about starting early in making it a priority in raising our children It has to be at the forefront of our lives It can t be an afterthought It has to come before our jobs or social life The Bible clearly states to teach them when we are home when we lay down and when we rise up Deuteronomy 6 7 KJV This means pouring into and training our children constantly It s time and effort There will never be a dull moment for a parent or guardian when we do it in the early stages of a child s life as required by God Yes it will take stamina and we will have to stick with it until Christ is formed in them no matter what age But this is what it means by intentional child rearing
