

# 11 Things Kids Want From Parents

1. **Showing is better than telling** - I learn by watching you.
2. **Love me** - Give me hugs and kisses. You can't spoil me with those.
3. **Kind and firm discipline** - My brain is still developing and so I'm slow in learning. But I do want to learn, if you patiently and kindly teach me.
4. **Be my safe haven** - Always be here for me no matter what.
5. **Talk with me** - Don't just talk to me.
6. **Hear me** - Sometimes I just want to be heard without judgement or lecture.
7. **Accept who I am** - Don't constantly compare me to other kids.
8. **Let me play outside a lot**
9. **Give me food that is nutritious *and* yummy**
10. **Trust me** - Let me make my own decisions on non-safety or health related things. I couldn't learn to walk without falling. I can't learn to make good decisions without making bad ones.
11. **Encourage me** - Your praise means so much to me.

## **Raising Good Child :**

**Raising Good Children** Thomas Lickona, 2012-05-02 Raising decent caring and responsible children is the most complex and challenging job in every parent's life and an increasingly difficult one in today's society. Here is the most authoritative book available on this crucial subject: a valuable and sensitive guide for parents who want their children to grow up with lifelong positive values. Based on fascinating research, this groundbreaking work by psychologist and educator Dr. Thomas Lickona describes the predictable stages of moral development from birth to adulthood. And it offers you down-to-earth advice and guidance for each stage: Seven caring ways to discipline terrible twos. Why your preschooler lies and how to handle it. What to do about a four-year-old's back talk. How to handle your seven-year-old's endless negotiations about what's fair. Why teens have trouble with peer pressure and how to help them. How to talk to your child about drugs, drinking, and sex. How to help children of any age reason more clearly about what's right and wrong. PLUS: A list of more than one hundred children's books that teach moral values and much more. An excellent book on a vastly neglected aspect of raising children. Dr. Fitzhugh Dodson, author of *How to Parent* and *How to Father*. We have been waiting for a book like this for a long time: a readable work that translates a moral development theory into parents' language and experience. Dolores Curran, author of *Traits of a Healthy Family*. Truly integrates a moral development theory into a consistent approach to childrearing. Word of mouth recommendations from parent to parent may lift it to the level of popularity once held by Dr. Spock's book on child care. Moral Education Forum.

**Raising Good Children** Anne Jesper, 2004-03 A guide to parenting that shows how children can be given direction through love and security to help them embrace their responsibilities.

**Raising Good Humans** Hunter Clarke-Fields, 2019-12-01 A wise and fresh approach to mindful parenting. Tara Brach, author of *Radical Acceptance*. A kinder, more compassionate world starts with kind and compassionate kids. In *Raising Good Humans*, you'll find powerful and practical strategies to break free from reactive parenting habits and raise kind, cooperative, and confident kids. Whether you're running late for school, trying to get your child to eat their vegetables, or dealing with an epic meltdown in the checkout line at a grocery store, being a parent is hard work. And as parents, many of us react in times of stress without thinking, often by yelling. But what if, instead of always reacting on autopilot, you could respond thoughtfully in those moments, keep your cool, and get from A to B on time and in one piece? With this book, you'll find powerful mindfulness skills for calming your own stress response when difficult emotions arise. You'll also discover strategies for cultivating respectful communication, effective conflict resolution, and reflective listening. In the process, you'll learn to examine your own unhelpful patterns and ingrained reactions that reflect the generational habits shaped by your parents, so you can break the cycle and respond to your children in more skillful ways. When children experience a parent reacting with kindness and patience, they learn to act with kindness as well, thereby altering generational patterns for a kinder, more compassionate future. With this essential guide, you'll see how changing your own autopilot reactions can create a lasting positive impact, not just for your kids, but for

**Raising Children Who Think for Themselves** Elisa Medhus M.D.,2011-02-22 *Raising Children Who Think for Themselves* offers a new approach to parenting that has the power to reverse the trend of external direction in our children and help parents bring up empathetic self confident moral independent thinkers Children who are externally directed make decisions based on the peer groups violent movies sexually explicit television shows and rap lyrics that permeate their lives When children are self directed on the other hand they use their power of reason like a sword to cut through the jungle of external influences Fortunately the author shows us it is never too late to foster in our children the ability to weigh options consider sources and think for themselves Filled with real life examples humorous anecdotes and countless interviews with parents children and teachers *Raising Children Who Think for Themselves* Identifies the five essential qualities of self directed children Outlines the seven strategies necessary for parents to develop these qualities in their children Addresses nearly one hundred child raising challenges from body piercing to whining wars and offers solutions to help encourage self direction

**Raising a Left-Brain Child in a Right-Brain World** Katharine Beals,2009-09-29 Empowering advice for parents of bright quirky socially awkward kids an educator's clarion call to better understand appreciate and nurture our left brainers Does your child Have impressive intellectual abilities but seem puzzled by ordinary interactions with other children Have deep all absorbing interests or seemingly encyclopedic knowledge of certain subjects Bring home mediocre report cards or seem disengaged at school despite his or her obvious intelligence If you answered yes to these questions this book is for you Author Katharine Beals uses the term left brain to describe a type of child whose talents and inclinations lean heavily toward the logical linear analytical and introverted side of the human psyche as opposed to the right brain a term often associated with our emotional holistic intuitive and extroverted side Drawing on her research and interviews with parents and children Beals helps parents to discover if they are raising a left brain child and she offers practical strategies for nurturing and supporting this type of child at school and at home Beals also advises parents in how best to advocate for their children in today's schools which can be baffled by and unsupportive of left brain learning styles

**How to Raise Kind Kids** Thomas Lickona,2018-04-10 Can you teach a child to be kind This vital question is taking on a new urgency as our culture grows ever more abrasive and divided We all want our kids to be kind But that is not the same as

knowing what to do when you catch your son being unkind A world renowned developmental psychologist Dr Thomas Lickona has led the character education movement in schools for forty years Now he shares with parents the vital tools they need to bring peace and foster cooperation at home Kindness doesn't stand on its own It needs a supporting cast of other essential virtues like courage self control respect and gratitude With concrete examples drawn from the many families Dr Lickona has worked with over the years and clear tips you can act on tonight *How to Raise Kind Kids* will help you give and get respect hold family meetings to tackle persistent problems discipline in a way that builds character and improve the dynamic of your relationship with your children while putting them on the path to a happier and more fulfilling life *Raising Good Children* Thomas Lickona, 1985-01-01 A celebrated guide to teaching children values respect and responsibility this worthwhile book has more than 150 000 copies in print in previous editions An excellent book on a vastly neglected aspect of raising children Dr Fitzhugh Dodson *How to Parent How to Father* *White Kids* Margaret A. Hagerman, 2020-02-01 Winner 2019 William J Goode Book Award given by the Family Section of the American Sociological Association Finalist 2019 C Wright Mills Award given by the Society for the Study of Social Problems Riveting stories of how affluent white children learn about race American kids are living in a world of ongoing public debates about race daily displays of racial injustice and for some an increased awareness surrounding diversity and inclusion In this heated context sociologist Margaret A Hagerman zeroes in on affluent white kids to observe how they make sense of privilege unequal educational opportunities and police violence In fascinating detail Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America *White Kids* based on two years of research involving in depth interviews with white kids and their families is a clear eyed and sometimes shocking account of how white kids learn about race In doing so this book explores questions such as How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact and What about children growing up in families with parents who consider themselves to be anti racist Featuring the actual voices of young affluent white kids and what they think about race racism inequality and privilege *White Kids* illuminates how white racial socialization is much more dynamic complex and varied than previously recognized It is a process that stretches beyond white parents explicit conversations with their white children and includes not only the choices parents make about neighborhoods schools peer groups extracurricular activities and media but also the choices made by the kids themselves By interviewing kids who are growing up in different racial contexts from racially segregated to meaningfully integrated and from politically progressive to conservative this important book documents key differences in the outcomes of white racial socialization across families And by observing families in their everyday lives this book explores the extent to which white families even those with anti racist intentions reproduce and reinforce the forms of inequality they say they reject *How to Raise Good Children* Laurel Hughes, 1988
