ignore her deep engagement with the natural world the planetary dynamics of geology meteorology and biology For her ecological images are not simply metaphors but rather literal guides to how to be of earth on earth and how to survive to live the ethics that a Black feminist lesbian warrior poetics demands In *Survival Is a Promise* Alexis Pauline Gumbs the first researcher to explore the full depths of Lorde's manuscript archives illuminates the eternal life of Lorde Her life and work become more than a sound bite they become a cosmic force teaching us the grand contingency of life together on earth
