"Collecting Stamps Would Have Been More Fun" Jordan Stouck, David Stouck, 2010-07-15 This unique exchange of letters between literary icon Sinclair Ross and several prominent writers publishers agents and editors asks why many Canadian artists especially those in western provinces spent a lifetime struggling for recognition and remuneration Featuring exchanges with Earle Birney Margaret Laurence and Margaret Atwood among others this collection exposes the conditions of cultural work in Canada for much of the twentieth century This vivid often moving selection of professional and personal letters plus the only formal interview Ross ever gave provides a valuable resource for those engaged with the history of publishing in Canada as well as for those with an interest in Canadian literature Canadian Literature in English W. J. Keith, 2006 W J Keith has chosen to ignore utterly both the popular at the one extreme Robert Service Lucy Maud Montgomery as well as the avant garde at the other bpnichol Anne Carson in favour of those authors whose style lends itself to the simple pleasure of reading and to that end Keith dedicates his history to all those including those of the general reading public whose endangered status is much lamented who recognize and celebrate the dance of words Pages Don Domanski, 2007 With The Cape Breton Book of the Dead Don Domanski emerged as a remarkable new voice in Canadian poetry combining formal conciseness with broad cosmic allusions constant surprise with broading atmospherics and innovative syntax with delicate phrasings In subsequent collections Domanski's poetry has deepened and expanded with longer lines and more complex structures that journey into the far reaches of metaphor Now with Earthly Pages The Poetry of Don Domanski the long awaited first selection from his books readers have a chance to experience the full range of his work in one volume Editor Brian Bartlett in his introduction The Trees are Full of Rings discusses Domanski s engagement with nature and the transformative power of his metaphors his poetic bestiary amd mythical underpinnings and his kinship to poets like Stevens Whitman and Rumi Like these poets Domanski is drawn to borderlands between the physical and the spiritual the unconscious and the conscious His poetry finds a home for demons and angels spiders and wolves and for kitchens and back alleys forests and stars In language both fluent and hypnotic Domanski maintains an awareness of both the magnitudes and the minutiae that live beyond language In Flying Over Language an essay written specifically for this volume the poet explains that for him metaphor is one way to suggest the wealth of being that poetry can only point toward
