revolutionaries ended up banning religion What do we make of religion s confusing role in history And what of religion s relationship to science Some scientists claim that we have no free will Others argue that advances in neurobiology and physics disprove determinism As for whispering to the universe an absurd habit say the skeptics Yet prayer is a transformative practice for millions This book explores the most common atheist critiques of the Bible and religion incorporating Jewish Christian and Muslim voices The result is a fresh modern re evaluation of religion and of atheism Scott A Shay is a Co Founder and Chairman of Signature Bank and a longstanding Jewish community activist Shay started a Hebrew school an adult educational program and chaired several Jewish educational programs He is the author of *Getting our Groove Back How to Energize American Jewry* and has been thinking about religion reason and modernity since wondering why his parents sent him to Hebrew school

Was Achilles a Jew? Larry S. Milner,2008-01-14 Significant interest has always existed about the origin of Classic Greek culture but despite the long standing attention scholars continue to disagree on where this amazing civilization got its start The Mycenaeans were the earliest Greek speaking people on the mainland but the country entered a Dark Age following the end of the Trojan War and in the Archaic Age which followed the fundamentals of Greek political and literary thought suddenly emerged without a clear source of derivation Historians have sometimes given credit to the Egyptians Phoenicians or other Eastern civilizations for this evolution but no serious consideration has been given to the ancient Hebrews despite the fact that the Exodus from Egypt took place during the Late Bronze Age when Mycenae was at its peak of influence in the Mediterranean Basin In *Was Achilles a Jew Hebraic Origins to Greek Civilization* Dr Larry Milner argues that a group of Hebrews devoted to the traditions of the patriarchs left the Exodus following the parricidal reprisals instituted by Moses during the modification of Judaism into a monotheistic faith and migrated to Mycenae where they became immersed into Mycenaean culture taking part in the Trojan War His analysis provides the most persuasive argument to date about where the Eastern influence in Greece was generated
