Proceedings and Reports of the Belfast Natural History and Philosophical Society ... Belfast Natural History and Philosophical Society (1821-), 1923 **Report and Proceedings of the Belfast Natural History & Philosophical Society** Belfast Natural History and Philosophical Society, 1924 Journal of the British Archaeological Association British Archaeological Association, 1912 **The Nile and Its Masters: Past, Present, Future** Jean Kerisel, 2021-12-24 The Pharaohs were masters of the Nile they had a detailed understanding of the ways of the river Modern Egyptians see themselves as heirs to this tradition and as owners of the Nile waters In the 1960 s Egypt decided to protect its increasingly populated Nile valley from the ravages of annual flooding by building a dam A relatively small dam in the valley of Nubia in the region of Tushka would have enabled the excess floodwaters to safely be diverted towards the fossil valley of the pre Nile However it was decided to select a site near Aswan making it necessary to inundate more than 250km of river valley Over the years this strategy has been revealed to have been faulty and numerous irrigation schemes in upriver countries have progressively reduced the amount of water descending into Egypt The dire warning of the 14th century oracle appears to be prophetic the water of the river in my country will be stopped from reaching yours which I shall cause to die of thirst *The Antiquaries Journal* , 1927 **Khazaria in the Ninth and Tenth Centuries** Boris Zhivkov, 2015-04-29 In Khazaria in the Ninth and the Tenth Centuries Boris Zhivkov offers a new view on Khazaria by scrutinizing the different visions offered by recent scholarship The paucity of written sources has made it necessary to turn to additional information about the steppe states in this period and to analyze exceptional cases not directly related to the Khazars In re examining the Khazars he thus uses not only the known documentary sources and archaeological finds but also what we know from history of religions comparative mythology history of art structural anthropology and folklore studies In this way the book draws together a synthesis of conclusions information and theory **Proceedings of the Society of Antiquaries of Scotland** Society of Antiquaries of Scotland, 1915 Includes List of members **New Global Perspectives on Archaeological Prospection** James Bonsall, 2019-09-02 This volume presents over 90 papers from the 13th International Conference on Archaeological Prospection 2019 Sligo Papers address archaeological prospection techniques methodologies and case studies from 33 countries across Africa Asia Australasia Europe and North America reflecting current and global trends in archaeological prospection The Archaeology of Medieval Europe 1 James Graham-Campbell, Magdalena Valor, 2007-12-31 The two volumes of The Archaeology of Medieval Europe will together comprise the first complete account of medieval archaeology across Europe Archaeologists from academic institutions in fifteen countries are collaborating to produce these two books of

sixteen thematic chapters each In addition every chapter will feature a number of box texts by specialist contributors highlighting sites or themes of particular importance The books will be comprehensively illustrated throughout in both colour and b w including line drawings and specially commissioned maps This ground breaking set which is divided chronologically into two Vol 1 extending from the Eighth to Twelfth Centuries AD and Vol 2 from the Twelfth to Sixteenth Centuries to appear 2008 will enable readers to track the development of different cultures and of regional characteristics throughout the full extent of medieval Catholic Europe In addition to revealing shared contexts and technological developments the complete work will also provide the opportunity for demonstrating the differences that were inevitably present across the Continent from Iceland to Italy and from Portugal to Finland and to study why such differences existed **Hillforts of the Cheshire**

Ridge Dan Garner,2017-01-09 The Habitats and Hillforts of Cheshire s Sandstone Ridge Landscape Partnership Project was focussed on six of Cheshire hillforts and their surrounding habitats and landscapes It aimed to develop understanding of the chronology and role of the hillforts and encourage local interest and involvement in their maintenance Monumentality in Later Prehistory Harold Mytum,2013-08-17 This volume provides the results of a 30 year excavation reconstruction and public interpretation campaign at the late prehistoric inland promontory settlement of Castell Henllys here focusing on the defensive sequence and the role of monumentality in later prehistory The site has international significance because of the extensive excavations of the Iron Age palisaded settlement and later earthen ramparts complex gateway and chevaux de frise of upright stones It is now widely recognised that the Iron Age consisted of many regional cultural traditions and the excavations at Castell Henllys provide a vital contrast to the well known large hillfort communities in other parts of England and Wales as well as across Europe As such it is a unique window into a widespread but largely ignored site category and form of social and economic organisation The publication will provide a case study for the construction and use of the earthworks of a major European late prehistoric settlement type the Iron Age hillfort the monumental construction is compared with other communal investments such as the Mississippian mounds It will also offer an innovative form of site reporting including alternative interpretations of the earthworks as either military defences or the community binding symbols Along with Excavation Experiment and Heritage Interpretation Castell Henllys Hillfort Then and Now these books will be required reading by those studying the late prehistoric archaeology of Britain and Europe at advanced undergraduate and postgraduate level and by those in North America studying complex societies monumentality and ways of writing archaeology **Medieval Russian Fortresses AD 862-1480** Konstantin S Nossov,2012-06-20 According to Russian legend

in the year AD 862 the Slav tribes of what is now European Russia invited a number of Scandinavian princes to rule over them However on the death of these princes Prince Oleg seized Kiev and united the Northern and Southern Russian territories building extensive fortifications to protect its borders The rise of feudalism in the 11th century lead to the development of individual fortified sites and the extended border defenses fell into disrepair Consequently Mongol hordes

poured over the border introducing the siege warfare techniques of the East heavily influencing the fortification styles thereafter Using a wealth of archeological evidence and first hand sources Konstantin Nossov charts the history of the medieval Russian fortress from its early beginnings until the 14th century paying special attention to the development of one of the most iconic fortifications in the world the Kremlin *Serindia* Sir Aurel Stein,1921 **The Pa Maori** Elsdon Best,1927 Jefferson Davis, Unconquerable Heart Felicity Allen,1999 Preeminent Civil War historian Frank Vandiver always longed to see an interpretive biography of Jefferson Davis Finally more than twenty years after Vandiver expressed that wish publication of Jefferson Davis Unconquerable Heart makes such an interpretive biography available Felicity Allen begins this monumental work with Davis s political imprisonment at the end of the Civil War and masterfully flashes back to his earlier life interweaving Davis s private life as a schoolboy a Mississippi planter a husband a father and a political leader She follows him from West Point through army service on the frontier his election to the U S House of Representatives his regimental command in the Mexican War his service as U S secretary of war and senator and his term as president of the Confederate States of America Although Davis s family is the nexus of this biography friends and enemies also play major roles Among his friends intimately met in this book are such stellar figures as Andrew Jackson John C Calhoun Zachary Taylor Franklin Pierce Albert Sidney Johnston and Robert E Lee With the use of contemporary accounts and Davis s own correspondence Jefferson Davis Unconquerable Heart casts new light upon this remarkable man thawing the icy image of Davis in many previous accounts Felicity Allen shows a strong yet gentle man a stern soldier who loved horses guns poetry and children a master of the English language with a dry wit a man of powerful feelings who held them in such tight control that he was considered cold and a home loving Mississippian who was drawn into a vortex of national events and eventual catastrophe At all times duty honor country ruled his mind Davis s Christian view of life runs like a thread throughout the book binding together his devotion to God his family and the land Jefferson Davis Unconquerable Heart brings Davis to life in a way that has never been done before The variety of his experience the breadth of his learning and the consistency of his beliefs make this historical figure eminently worth knowing Political Change James Morrison,Richard Blue,1975
