Florensky Shestov Tertz and Gendelev Patterson moves beyond the political and geographical fact of exile to explore its spiritual metaphysical and linguistic aspects Thus he pursues the connections between exile and identity identity and meaning meaning and language Patterson shows that the problem of meaning in human life is a problem of homelessness that the effort to return from exile is an effort to return meaning to the word and that the exile of the word is an exile of the human being By making heard voices from the Russian wilderness Patterson makes visible the wilderness of the world
