Ransom For A Killing:

Ransom for a Killing Fred Hunter,1999 After being exonerated in the rape of a high school classmate Ben Harvey becomes the suspect in the girl s murder eight years later Jerry Ransom is drawn to the case only to discover that the fine line of justice can be razor sharp and deadly Ransom s sharpest most urgent case yet Kirkus Reviews Martin s Press A Restatement of Rabbinic Civil Law Emanuel B. Quint,1990 An English restatement of Hoshen HaMishpat one of the four sections of the Shulchan Aruch a standard code of Jewish law and practice **High Tides** Rebekah Walton,2012-01-23 Luis a Texan unknowingly starts to work for the Mexican drug Cartel in hopes of providing for his mother in a wheelchair But then he is kidnapped and taken down to Mexico Now he is caught in a shoot out between two Mexican Drug Cartels How will he escape **California. Getting Away with Bloody Murder Mike Vance,2022-01-24 James Brockman rose from shady character to preeminent defense attorney in Houston Texas representing clients including gang leaders jilted spouses wealthy storekeepers and drunken on duty policemen These high profile true crime and murder accounts take place between 1895 and 1910 They cross racial lines revealing instances of separate and unequal justice in segregated Texas that had a lasting effect on the city and the state His career gained national recognition including his involvement in the most famous American murder case of the young twentieth century when he himself was murdered leaving a dubious legacy *Official Gazette* Philippines,1981

Death Barry D. Smith,2016-12-01 Barry D Smith studies the salvation historical meaning of Jesus death commonly known as the atonement in the New Testament Smith works his way through the four theories of the doctrine of the atonement that have emerged in the history of Christian theology moral influence governmental satisfaction and Christus victor theories Smith works from the premise that for a theory of the atonement to be successful no biblical data may be omitted or distorted and the generalized concepts used to comprehend the biblical data must be easily seen as implicit in the data From this vantage point Smith advances a formulation of the atonement that is best supported by the biblical text itself The conclusion Smith reaches is that the biblical data supports both the penal substitutionary version of the satisfaction theory and the Christus victor theory of the atonement each of which should be viewed as two parts of a more inclusive theory of atonement present in the New Testament *The Survey* ,1920 **Kansas Reports** Kansas. Supreme Court,Elliot V. Banks,William Craw Webb,Asa Maxson Fitz Randolph,Gasper Christopher Clemens,Thomas Emmet Dewey,Llewellyn James Graham,Oscar Leopold Moore,Earl Hilton Hatcher,Howard Franklin McCue,1921 When Women Kill Belinda Morrissey,2003 Why are we

so reluctant to believe that women can mean to kill Based on case studies from the US UK and Australia this book looks at the ways in which female killers are constructed in the media in law and in feminist discourse almost invariably as victims rather than actors in the crimes they commit Morrissey argues that by denying the possibility of female agency in crimes of torture rape and murder feminist theorists are with the best of intentions actually denying women the full freedom to be human Case studies cover among others the battered wife Pamela Sainsbury who garrotted her husband as he slept the serial killer Aileen Wournos who killed seven middle aged men in Florida between 1989 and 1990 Tracey Wiggington the so called lesbian vampire killer and Karla Homolka who helped her husband kill two teenage girls in St Catherines Ontario in 1993

The Halakhah Jacob Neusner,2000 The Halakhah embodies the complete Jewish Law and contains commandments and guidelines for day to day living The original commandments given by God to the Jewish people were enhanced by rabbis to offer a detailed framework to guide the lives of all Jews In this complete all encompassing encyclopaedia of the Halakhah the various laws are classified in such a way that a systematic and coherent structure is obtained Each entry of the Halakhah is presented in a logical fashion Where applicable the original biblical wording is given extended with literal abstracts from the Torah Next problems and questions that may arise from that law are stated and any additional information given Finally each entry gives comprehensive explanations and recommendations as to how these laws are to be observed in daily life where to be and where not to be what to do and what not to do what to say and what not to say The Halakhah or standard Jewish Law combines the Mishnah about 200 CE the Tosefta about 300 CE and the two Talmuds about 400 600 CE for the Land of Israel and Babylon respectively Volumes I and II contain entries pertaining to the Jewish people in relationship to God Volume III explains how the Jewish people can restore and maintain their society in accordance with the Torah as it is explained by the rabbis In Volumes IV and V of this study we take up the life of the Jewish household in their encounter with God The Encyclopaedic account therefore moves from regulating relationships between Israel and God to establishing stable and equitable relationships among Israelites and finally to actually living the Halakhah

Renaissance Mass Murder Stephen D. Bowd,2018 Renaissance Mass Murder explores the devastating impact of war on the men and women of the Renaissance In contrast to the picture of balance and harmony usually associated with the Renaissance it uncovers in forensic detail a world in which sacks of Italian cities and massacres of civilians at the hands of French German Spanish Swiss and Italian troops were regular occurrences The arguments presented are based on a wealth of evidence histories and chronicles poetry and paintings sculpture and other objects which together provide a new and startling history of sixteenth century Italy and a social history of the Italian Wars It outlines how massacres happened how princes soldiers lawyers and writers justified and explained such events and how they were represented in contemporary culture On this basis Renaissance Mass Murder reconstructs the terrifying individual experiences of civilians in the face of war and in doing so offers a story of human tragedy which redresses the balance of the history of the Italian Wars and of Renaissance warfare in

favour of the civilian and away from the din of battle This volume also places mass murder in a broader historical context and challenges claims that such violence was unusual or in decline in early modern Europe Finally it shows that women often suffered disproportionately from this violence and that immunity for them as for their children was often partially developed or poorly respected

The Book of Numbers: A Critique of Genesis Calum Carmichael, 2012-06-26 In this work Calum Carmichael a legal scholar who applies a literary approach to the study of the Bible shows how each law and each narrative in Numbers the least researched book in the Pentateuch responds to problems arising in narrative incidents in Genesis The book continues Carmichael s process of demonstrating how every law in the Pentateuch is a response to a problem arising in a biblical narrative not to an inferred societal situation
