New Critical Nostalgia Christopher Rovee, 2024-01-02 *New Critical Nostalgia* weighs the future of literary study by reassessing its past It tracks today's impassioned debates about method back to the discipline's early professional era when an unprecedented makeover of American higher education with far-reaching social consequences resulted in what we might call our first crisis of academic life Rovee probes literary study's nostalgic attachments to this past by recasting an essential episode in the historiography of English the vigorous rejection of romanticism by American New Critics in the new light of

the American university's tectonic growth. In the process he demonstrates literary study's profound investment in romanticism and reveals the romantic lyric's special affect nostalgia as having been part of English's professional identity all along. New Critical Nostalgia meticulously shows what is lost in reducing mid-century American criticism and the intense quirky and unpredictable writings of central figures such as Cleanth Brooks, Josephine Miles, and W. K. Wimsatt to a glib monolith of New Critical anti-romanticism. In Rovee's historically rich account grounded in analysis of critical texts and enlivened by archival study, readers discover John Crowe Ransom's and William Wordsworth's shared existential nostalgia witness the demolition of the immature Percy Shelley in the revolutionary textbook *Understanding Poetry*, explore the classroom give and take prompted by the close reading of John Keats, consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike, and encounter the strikingly contemporary quantitative studies by one of the mid-century's preeminent poetry scholars, Josephine Miles. These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley wrangled over what it means to read with nothing less than the future of the discipline at stake.

The Helmet and the Sword James W. Meyer, 2010-06 Jim is a successful emergency medicine doctor living in the suburbs with his wife Kathryn and teen daughter Hannah when he senses Jesus Spirit prompting I have something better for you. And He urges him to step out to the edge of his faith and minister to Christians putting their lives on the line for their beliefs. Jim arranges an exploratory African mission and arrives in his colleague's village immediately after soldiers kill Christians and destroy their property. He's immersed in a first-hand understanding of the Lord's prompt while he and his colleague treat casualties. Jim leaves the village with his colleague's request to return and reestablish the Christian community. While returning to the states, Jim deliberates whether he's up to putting himself in harm's way on an extended mission. He concludes his life's crowning moment is right in front of him and everything leading to the present prepared him for this decision. Kathryn and Hannah come to believe they're Jim's supporting cast and they return to Africa. Jim, Kathryn, and Hannah look to the Lord while reaching deeply into their faith and minister to persecuted Christians. Kathryn and Hannah are challenged to creatively share God's saving grace with opposing forces. Their experience climaxes in unexpected and unusual circumstances. Jim and his wife are parents of twins and grandparents of two preteen boys. Jim is a self-employed computer consultant who traveled nationally and internationally, gaining a wealth of acquaintances, friends, and experiences. He's active in children's and middle school ministries and is a serious Bible student. Jim maintains a continuous watch on world news, writing stories with characters living the biblical parallels to world events.
