Writing the Survivor Robin E. Field, 2020-07-15 Writing the Survivor The Rape Novel in Late Twentieth Century American Fiction identifies a new genre of American fiction the rape novel that recenters narratives of sexual violence on the survivors of violence and abuse rather than the perpetrators The rape novel arose during the women s liberation movement as women writers collectively challenged the traditional erasure of female subjectivity and agency found in earlier representations of sexual violence in American fiction The rape novel not only foregrounds survivors and their stories in a textual centering that affirms their dignity and self worth but also develops new narratological strategies for portraying violent disturbing subject matter In bringing together many key women s texts of the last decades of the 20th century the rape novel demonstrates the centrality of sexual assault to women s fiction of this era The rape novels of the 21st century continue the political activism inherent in the genre educating readers offering community to survivors and encouraging social activism as the stories of male survivors are increasingly told A radical reconsideration of late twentieth century American novels Writing the Survivor underscores the importance of women s activism upon the novel s form and content and reveals the portrayal of rape as rape to be an interethnic imperative

Shocking Cinema of the 70s Julian Petley, Xavier Mendik, 2021-11-18 This collection focuses on 1970s films from a variety of countries and from the marginal to the mainstream which by tackling various difficult subjects have proved to be controversial in one way or another It is not an uncritical celebration of the shocking and the subversive but an attempt to understand why this decade produced films which many found shocking and what it was that made them shocking to certain audiences To this end it includes not only films that shocked the conventionally minded such as hard core pornography but also those that outraged liberal opinion for example Death Wish and Dirty Harry The book does not simply cast a critical light on a series of controversial films which have been variously maligned misinterpreted or just plain ignored but also assesses how their production values narrative features and critical receptions can be linked to the wider historical and social forces that were dominant during this decade Furthermore it explores how these films resonate in our own historical moment replete as it is with shocks of all kinds

Rape in Chicago Dawn Rae Flood, 2012-06-15 Spanning a period of four tumultuous decades from the mid 1930s through the mid 1970s this study reassesses the ways in which Chicagoans negotiated the extraordinary challenges of rape as either victims or accused perpetrators Drawing on extensive trial testimony government reports and media coverage Dawn Rae Flood examines how individual men and women particularly African Americans understood and challenged rape myths and claimed their right to be protected as American citizens protected by the State against violence and protected from the State s prejudicial investigations and interrogations Flood shows how defense strategies evolving in concert with changes in the broader cultural and legal environment challenged assumptions about black criminality while continuing to deploy racist and

sexist stereotypes against the plaintiffs Uniquely combining legal studies medical history and personal accounts Flood pays special attention to how medical evidence was considered in rape cases and how victim patients were treated by hospital personnel She also analyzes medical testimony in modern rape trials tracing the evolution of contemporary rape kit procedures as shaped by legal requirements trial strategies feminist reform efforts and women s experiences

The Injustices of Rape Catherine O. Jacquet,2019-09-17 From 1950 to 1980 activists in the black freedom and women s liberation movements mounted significant campaigns in response to the injustices of rape These activists challenged the dominant legal and social discourses of the day and redefined the political agenda on sexual violence for over three decades How activists framed sexual violence as either racial injustice gender injustice or both was based in their respective frameworks of oppression The dominant discourse of the black freedom movement constructed rape primarily as the product of racism and white supremacy whereas the dominant discourse of women s liberation constructed rape as the result of sexism and male supremacy In *The Injustices of Rape* Catherine O Jacquet is the first to examine these two movement

responses together explaining when and why they were in conflict when and why they converged and how activists both upheld and challenged them Throughout she uses the history of antirape activism to reveal the difficulty of challenging deeply ingrained racist and sexist ideologies the unevenness of reform and the necessity of an intersectional analysis to combat social injustice **Feminism, Literature and Rape Narratives** Sorcha Gunne,Zoe Brigley Thompson,2012-08-06

The essays in this volume discuss narrative strategies employed by international writers when dealing with rape and sexual violence whether in fiction poetry memoir or drama In developing these new feminist readings of rape narratives the contributors aim to incorporate arguments about trauma and resistance in order to establish new dimensions of healing This book makes a vital contribution to the fields of literary studies and feminism since while other volumes have focused on retroactive portrayals of rape in literature to date none has focused entirely on the subversive work that is being done to retheorize sexual violence Split into four sections the volume considers sexual violence from a number of different angles Subverting the Story considers how the characters of the victim and rapist might be subverted in narratives of sexual violence In Metaphors for Resistance the essays explore how writers approach the subject of rape obliquely using metaphors to represent their suffering and pain The controversy of not speaking about sexual violence is the focus of The Protest of Silence while The Question of the Visual considers the problems of making sexual violence visible in the poetic image in film and on stage These four sections cover an impressive range of world writing which includes curriculum staples like Toni Morrison Sarah Kane Sandra Cisneros Yvonne Vera and Sharon Olds **The Civil Contract of Photography** Ariella

Azoulay,2021-09-14 In this groundbreaking work Ariella Azoulay thoroughly revises our understanding of the ethical status of photography It must she insists be understood in its inseparability from the many catastrophes of recent history She argues that photography is a particular set of relations between individuals and the powers that govern them and at the same time a form of relations among equals that constrains that power Anyone even a stateless person who addresses others through photographs or occupies the position of a photograph s addressee is or can become a member of the citizenry of photography The crucial arguments of the book concern two groups that have been rendered invisible by their state of exception the Palestinian noncitizens of Israel and women in Western societies Azoulay s leading question is Under what legal political or cultural conditions does it become possible to see and show disaster that befalls those with flawed citizenship in a state of exception The Civil Contract of Photography is an essential work for anyone seeking to understand the disasters of recent history and the consequences of how they and their victims are represented Wallowing in Sex Elana Levine,2007-01-09

American Social Movements Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for

prohibition consumer safety unemployment insurance and global justice **#MeToo and Modernism** Robin E. Field,Jerrica

Jordan,2023-01-16 *MeToo and Modernism* offers a blend of cultural historical literary and pedagogical responses applied to the themes behind today's ongoing MeToo Movement. This volume is organized into four sections: a three-part chronological response in which scholars analyze literary understandings of how ripples of the MeToo Movement began to emerge in Modernist literature; followed by a pedagogical section on how to incorporate such teachings in university classrooms. Editors Robin E. Field and Jerrica Jordan foreword the collection with an introduction answering the question of why such a volume is necessary in today's educational landscape. The introduction summarizes the current scholarship regarding MeToo and Modernism while also uncovering the omissions, particularly in approaching nonbinary or queer writers as well as writers of color that still exist as a response. Many of these essays attempt to approach these gaps. Furthermore, the introduction shows how more traditional Modernist writers including Woolf, Forster, Wells, and Joyce served as forerunners of early glimmers of the MeToo Movement in Modernist Literature. Deb Waterhouse-Watson,2013-02-11 Since footballer sexual assault became top news in 2004, six years after the first case was reported, much has been written in the news media about individual cases: footballers and women who have sex with them. Deb Waterhouse-Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to trials by media trials that result in acquittal. The stories told about footballers and women in the news media evoke stereotypes such as the gold digger, woman scorned, and the predatory woman, which cast doubt on the alleged victims' claims and suggest that they are lying. Waterhouse-Watson calls this a narrative immunity for footballers against allegations of sexual assault. This book details how popular conceptions of masculinity and femininity inform the way footballers' bodies, team bonding, women, sex, and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally. Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields, Waterhouse-Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity. Despite the prevalence of stories that discredit the alleged victims, Waterhouse-Watson also examines attempts to counter these pervasive rape myths, articulating successful strategies and elucidating the limitations built into journalistic practices and language itself.
