Questioning EU Enlargement Helene Sjursen, 2007-01-24 This new book takes a unique approach to the study of European enlargement, tackling key questions: What kind of understanding of the EU do the enlargement processes speak to? Do decisions to enlarge mainly suggest that the EU is a free market focusing on potential economic gains? Do they indicate that there is a sense of common European identity? Or is the focus primarily on securing respect for democratic principles and human rights? Offering up-to-date studies of the EU enlargement processes and country-specific in-depth analyses, **Questioning EU Enlargement** will be a valuable resource for students and scholars of European studies, international relations and politics.
