Insistent Images Elżbieta Tabakowska,Christina Ljungberg,Olga Fischer,2007-01-01 Insistent Images presents a number of new departures dealing with iconicity on the conceptual and the structural levels On the level of structure the interface between different aspects of iconicity lexical meaning and grammar is discussed in reference to both spoken and signed languages Novel approaches to aural iconicity investigate a wide range of phenomena from phonological iconicity to the role of iconic features in discourse in the nineteenth century practice of reading aloud in the almost magic incantations of fin de siècle poetry and in Tolkien's invented languages Several papers examine the function of iconicity in visual and avant garde poetry where iconic features allow a reduction of means which paradoxically generates textual diversification and complexity A discussion of iconic text strategies shows how texts are comprehended through iconic holistic transfer from complex natural and action patterns Literature which integrates text image and physical space is another novel area of study as are the investigations into the iconic properties of film and of multimedia performance Film is intrinsically iconic while at the same time being like photography indexical in multimedia performance on the other hand iconicity functions intermedially by both integrating and reflecting processes of perception and conceptualization These last two new fields of inquiry further enhance this truly interdisciplinary volume's explorations of icons as insistent images **The Sacred Band** Janet Morris,Chris Morris,2010-06-10
