Carlson and David J. Murrah, 2020 The distinctive high mesa straddling West Texas and Eastern New Mexico creates a vista that is equal parts sprawling lore and big blue sky From Lubbock the area s informal capital to the farthest reaches of the staked plains known as the Llano Estacado the land and its inhabitants trace a tradition of

tenacity through numberless cycles of dust storms and drought In 1887 a bison hunter observed antelope sand crane and coyote alike crowding together to drink from the same wet weather lake A similarly odd assortment of characters shared and shaped the region s heritage although neighborliness has occasionally been strained by incidents like the 1903 Fence Cutting War David Murrah and Paul Carlson have collected some three dozen vignettes that stretch across the uncharted terrain of the tableland s past

Kit Carson & His Three Wives Marc Simmons,2003 In this family centered biography independent scholar Simmons describes the lives of the three women who were married to frontiersman Kit Carson They include Arapaho woman Waa Nibe who died three years after their marriage Cheyenne woman Making Out Road who divorced Carson after 14 months and Josefa Jaramillo the fourteen year old daughter of a prominent Taos family and mother of Carson s seven children

The Buffalo Soldier Tragedy of 1877 Paul Howard Carlson,2003 In the middle of the arid summer of 1877 a drought year in West Texas a troop of some forty buffalo soldiers African American cavalry led by white officers struck out into the Llano Estacado from Double Lakes south of modern Lubbock pursuing a band of Kwahada Comanches who had been raiding homesteads and hunting parties A group of twenty two buffalo hunters accompanied the soldiers as guides and allies Several days later three black soldiers rode into Fort Concho at modern San Angelo and reported that the men and officers of Troop A were missing and presumed dead from thirst The Staked Plains Horror as the Galveston Daily News called it quickly captured national attention Although most of the soldiers eventually straggled back into camp four had died and others eventually faced court martial for desertion The buffalo hunters had ridden off on their own to find water and the surviving soldiers had lived by drinking the blood of their dead horses and their own urine A routine army scout had turned into disaster of the worst kind Although the failed expedition was widely reported at the time its sparse treatments since then have relied exclusively on the white officers accounts Paul Carlson has mined the courts martial records for testimony of the enlisted men memories of a white boy who rode with the Indians and other buried sources to provide the first multifaceted narrative ever published His gripping account provides not only a fuller version of what happened over those grim eighty six hours but also a nuanced view of the interaction of soldiers hunters settlers and Indians on the Staked Plains at this poignant moment before the final settling of the Comanches on their reservation in Indian Territory

The Rath Trail. Non-fiction Biography of Charles Rath, Indian Trader, Merchant, Buffalo Hunter, Etc. [With Plates, Including a Portrait.]. Ida Ellen Rath, Charles RATH (Indian Trader.), 1961 *Rath's Deception* Piers Platt, 2015-11-01 On the cut throat streets of Tarkis orphaned teens like Rath end up jailed or dead So when the shadowy Janus Group offers Rath a chance to earn riches beyond his wildest dreams he seizes it But the Janus Group is as ruthless as the elite assassins it controls Rath will have to survive their grueling off world training and fulfill all fifty kills in his contract before a single cent comes his way And ending so many lives comes with a price Rath can't anticipate It'll certainly cost him what's left of his innocence It may well cost him his life

Some Southwestern Trails Carl Hertzog, Horace Bailey Carroll, 1948 **Alkali Trails, Or, Social and Economic Movements of the Texas Frontier, 1846-1900** William Curry Holden, 1998 For much of the first half century after statehood West Texas remained a frontier wilderness and unlike the expanding cities in East and Central Texas sparsely populated with Anglo American settlements The scarce rainfalls freezing blue northerly dusty winds and scorching heat waves dissuaded many Texans from homesteading west of the U S Army's frontier fort system For decades only the hardest attempted to forge their brand of civilization on the West Texas plains Those who endured faced considerable difficulties in providing for themselves and their families Many abandoned their homesteads in favor of larger eastern towns where livelihoods were not so tenuous and the environment not so daunting Yet as the nineteenth century advanced so did the westward line of settlement Cattle ranching ensured the rise of schools churches and towns as the great ranches of West Texas fed the nation's ever growing demand for beef Indispensable to students of Texas history and invaluable to those interested in the general social aspects of the vast subhumid region of the United States Walter Prescott Webb

The West Texas Historical Association Year Book West Texas Historical Association, 1925 **Adobe Walls** T. Lindsay Baker, Billy R. Harrison, 1986-04-04 In the spring of 1874 a handful of men and one woman set out for the Texas Panhandle to seek their fortunes in the great buffalo hunt Moving south to follow the herds they intended to establish a trading post to serve the hunter or hide men At a place called Adobe Walls they dug blocks from the sod and built their center of operations After operating for only a few months the post was attacked one sultry June morning by angry members of several Plains Indian tribes whose physical and cultural survival depending on the great bison herd that were rapidly shrinking before the white men's guns Initially defeated that attacking Indians retreated But the defenders also retreated leaving the deserted post to be burned by Indians intent on erasing all traces of the white man's presence Nonetheless tracing did remain and in the ashes and dirt were buried minute details of the hide men's lives and the battle that so suddenly changed them A little more than a century later white men again dug into the sod at Adobe Walls The nineteenth century men dug for profits but the

modern hunters were looking for the natural time capsule inadvertently left by those earlier adventurers. The authors of this book, a historian and an archeologist, have dug into the sod and into far-flung archives to sift reality from the long romanticized story of Adobe Walls, its residents and the Indians who so fiercely resented their presence. The full story of Adobe Walls now tells us much about the life and work of the hide men, about the dying of the Plains Indian culture and about the march of white commerce across the frontier.

The Border and the Buffalo: An Untold Story of the Southwest Plains

John R. Cook, 2020-09-28

I was born in Mount Gilead, Ohio, on the 19th of December 1844. Father moved his family to Lawrence, Kansas, in the spring of 1857. That summer we occupied the historical log cabin that J. H. Lane and Gaius Jenkins had trouble over, resulting in the tragic death of the latter. Shortly prior to the killing of Jenkins we moved to Peru, Indiana, where we remained until the latter part of March 1861, when the family returned to Kansas. Myself and oldest brother traveled overland by team and wagon. We had three head of horses. We left the State line of Indiana at Danville and crossed the Mississippi to Hannibal, Missouri, the day that General Beauregard fired on Fort Sumter. And the War of the Rebellion was on. As we were driving up a street in the evening of that great day, an old gentleman standing at the gate in front of a cottage hailed us and asked where we were going. To Kansas was brother's reply. The old gentleman walked out to where we had stopped and said, "Boys, you are going into a peck of trouble. General Beauregard cannonaded Fort Sumter to day and is at it yet. Boys, I'd turn round and go back to where ye come from." Brother said, "No, Uncle, we could never think of such a thing. Our father and mother are now at Lawrence, Kansas, and we must go to them." He replied, "That place you are going to will be a dangerous place. There has already been a power of trouble out there where you are going and there's bound to be a heap more and all over the nigger too. I own nineteen of em, but if it would stop the spillin' of blood I would free every one of em to night." This old gentleman had a kind, pleasant-looking face, wore the typical planter's hat, and seemed to take a fatherly interest in us. He directed us to a certain farm house on our road where we could get accommodations for the night. And we passed on, having for the first time in our lives seen and talked with the owner of human chattels. Some neighbors came to the house where we stayed that night and in earnest fireside talk conveyed the idea that there would be no war, for said they, when the North finds out that we are in earnest they will not fight us. My brother, being four years older than I, took part in the evening's talk and told them that it was but fair to leave the negro out of the question and to consider the Union as our forefathers left it to us, and that he did not think that twenty odd millions of people would consent to have the Union of our forefathers dismembered. The next day as we were passing through a densely timbered region, an old negro came out from behind a large tree near the wagon track. His wool was white as snow, his head was bared, and holding in one hand an apology for a hat, he gave us a courteous bow and said, "Please Mars, is we gwine to be free. Their underground telegraph was already bringing word from South Carolina to Missouri. My brother, being more diplomatic than I could or would have been at the time, said to him, "Why you surprise me, Grandpop. You look fat and sleek, and I know you have more freedom this minute than I have."

Massacre at

Sand Creek Gary L. Roberts, 2016-05-03 Sand Creek At dawn on the morning of November 29 1864 Colonel John Milton Chivington gave the command that led to slaughter of 230 peaceful Cheyennes and Arapahos primarily women children and elderly camped under the protection of the U S government along Sand Creek in Colorado Territory and flying both an American flag and a white flag The Sand Creek massacre seized national attention in the winter of 1864 1865 and generated a controversy that still excites heated debate more than 150 years later At Sand Creek demoniac forces seemed unloosed so completely that humanity itself was the casualty That was the charge that drew public attention to the Colorado frontier in 1865 That was the claim that spawned heated debate in Congress two congressional hearings and a military commission Westerners vociferously and passionately denied the accusations Reformers seized the charges as evidence of the failure of American Indian policy Sand Creek launched a war that was not truly over for fifteen years In the first year alone it cost the United States government 50 000 000 Methodists have a special stake in this story The governor whose policies led the Cheyennes and Arapahos to Sand Creek was a prominent Methodist layman Colonel Chivington was a Methodist minister Perhaps those were merely coincidences but the question also remains of how the Methodist Episcopal Church itself responded to the massacre Was it also somehow culpable in what happened It is time for this story to be told Coming to grips with what happened at Sand Creek involves hard questions and unsatisfactory answers not only about what happened but also about what led to it and why It stirs ancient questions about the best and worst in every person questions older than history questions as relevant as today s headlines questions we all must answer from within *Lost Trails of the Cimarron* Harry E.
