Nichols, 2010-03 Magic messed up everything It always chose the worst time to screw everything up Billy was fine He kept his magical life away from his normal life and he was happy Then everything happened at once Billy's passion was football It was simple It was enjoyable It was pure There was only one way to play and the thought that magic couldn't corrupt it Then someone cheated and his world fell apart The most amazing player in decades turned out to be cheating magically There was nothing Billy could do about it The NFL was a fantasy place It was on TV and it was real but it was so far away Yes Billy could use magic he had magical friends but he was just a fast food closing manager He couldn't do anything about anything Then

everyone in the world suddenly spontaneously transforms into centaurs They don't transform into the traditional equine lower body with a human upper torso they become centaurs with the lower bodies of a variety of animals The world is decimated overnight People find themselves too small or too big for their vehicles Cars and planes careen out of control and there is massive loss of life Everything is affected from food production to transportation to football players The whole world is in chaos Finding out that one of his magical friends was inadvertently associated with the transformation Billy learns that a magical event was going to take place in the near future It's called Brianna's Call and it is the return of magic to the Earth The only way that the world can transform back into their human bodies is for them to intercept Brianna's Call In order to do that Billy must join his favorite NFL team and take them to the championship game Brianna's Call is going to touch down on Super Bowl Sunday at the Super Bowl Along the way Billy must confront the cheating NFL player battle powerful wizards intent on collecting Brianna's Call for themselves and deal with a jealous girlfriend
