Return To Nature:

The Return of Nature John Sallis, 2016-09-30 A reflection on the urgent need for a new philosophical understanding of and relationship with nature John Sallis dismantles the traditional conception of nature in this book of imagination and the cosmos In the thought of Emerson Hegel and Schelling Sallis discerns the seeds of an understanding of nature that goes against the modern technological assault on natural things and opens a space for a revitalized approach to the world He identifies two fundamental reorientations that philosophical thought is called on to address today the turn to the elemental in nature and the turn from nature to the cosmos at large He traces the elusive course of the imagination as if coming from nowhere and describes the way in which it bears on the relation of humans to nature Sallis's account demonstrates that a renewal of our understanding of nature is one of the prime imperatives we demand from philosophy today Inspiring for anyone looking to open up their mind to the reflection on other ways to live more closely in tune with their own nature and to the nature that is around them *Phenomenological Reviews* **The Open Road**, 1911 **Inscriptions** Hugh J. Silverman, 1997 Positioning itself within the Continental tradition *Inscriptions* is an interwoven set of investigations into the differences between phenomenology and structuralism and a cohesive and thoroughgoing inquiry into the contemporary status of Continental philosophy In *Inscriptions* Hugh J Silverman investigates two divergent yet related philosophical movements phenomenology from the later Husserl through Sartre and Heidegger to Merleau Ponty and structuralism from de Saussure through Levi Strauss and Lacan to Barthes This reading of the tradition culminates in an assessment of Derrida and Foucault From this foundation Silverman moves beyond structuralism and phenomenology and develops his own philosophical position in the context of semiotics hermeneutics and deconstruction A new preface by the author updates this classic text
