Entering the 4th Dimension and Returning to Earth From the World Beyond](#) Maximillien De Lafayette, 2015-08-19 The 4th Dimension Entering the 4th Dimension and Returning to Earth From the World Beyond Published by Times Square Press New York From the contents I Is it possible to visit the world beyond II The Ulema can enter the after life dimension and other parallel dimensions and return to earth through a multitude of ways and means III What would happen to us when we return to earth after exiting the 4th dimension IV What is the nature of this phenomenon V Yes We can split time in two VI What is the 4th dimension Where is the 4th dimension VII The Ulema's 4th dimension VIII Excerpts from the Ulema's Kira at *Return to Earth* Buzz Aldrin, Wayne Warga, 2015-12-15 Apollo 11 astronaut Buzz Aldrin's courageous candid memoir of his return to Earth after the historic moon landing and his personal struggle with fame and depression We landed with all the grace of a freight elevator

Buzz Aldrin relates in the opening passages of *Return to Earth* remembering Command Module Columbia's abrupt descent into the gravity of the blue planet. With that splash Aldrin takes readers on a journey through the human side of the space program as one of the first two men to land on the moon learns to cope with the pressures of his new public persona. In honest and compelling prose Aldrin reveals a side of instant fame for which West Point and NASA could never have prepared him. One day a fighter pilot and engineer the next a cultural hero burdened with the adoration of thousands Aldrin gives a poignant account of the affair that threatened his marriage as well as his descent into alcoholism and depression that resulted from trying to be too many things to too many people. He didn't realize that when he landed on his home planet his odyssey had just begun. As Aldrin puts it I traveled to the moon but the most significant voyage of my life began when I returned from where no man had been before. *Return to Earth* is a powerful and moving memoir that exposes the stresses suffered by those in the Apollo program and the price Buzz Aldrin paid when he became an American icon.

**Return to Earth** Dennis Calloway, 2015-02-19 The lucky ones who managed to escape to the moon could only watch helplessly as the rogue planet Lycos slammed into Earth. As fate would have it they were the future of humankind with visions of rebuilding the human race on Europa a distant moon of Jupiter. But in an attempt to mold this new world in his own image the psychotic moon base leader Soren commandeers the ship for his select few and abandons those who might resist his unique vision of their future condemning them to certain death. Left behind on the moon with a handful of desperate survivors and dwindling resources Tess Robinson a rising star in NASA with a troubled past is thrust into a position where she must make peace with her ghosts if they are to survive. Now in a frantic race against time and unimaginable odds they must return to the broken earth if they hope to make the journey to Europa but they must survive not only the final destructive forces unleashed on the planet but the barbaric survivors they left behind.

**Return to Earth** Stephanie, After centuries of searching the stars for a new home humanity's final hope

lies in a journey back to the one place they once called home Earth The space cruiser once filled with anticipation for a new beginning returns from the cold expanse of space to find a planet altered beyond recognition Once a thriving blue world Earth has transformed into a harsh and unwelcoming wasteland scarred by war environmental collapse and the passing of time As the survivors step foot on this changed world they are faced with the haunting reality that the Earth they knew is gone The remnants of civilization lie in ruins and the beauty of nature has been replaced by a desolate almost alien landscape Yet in the midst of the despair they realize that they are not alone The Earth still holds secrets and perhaps even a chance to rebuild But can they reclaim a world that has long forgotten them Or is Earth no longer the home they once sought to preserve
