Revealing Prophets:

Revealing Prophets David Anderson, Douglas Hamilton Johnson, 1995 This book examines the richly textured histories of prophets and prophecies within East Africa It gives an analytical account of the significantly different forms prophecy has taken over the past century across the country Each of the chapters takes a new look at the active dialogue between prophets and the communities whom they addressed This dialogue continues today as the politicians and activists throughout the region still look to prophetic traditions garnering interpretations of the past in order to provide the validation of prophetic wisdom and heroes for the present

Revealing My Story Dr. Christine Landry Elliott, 2022-04-08 Christine started life as a church girl who abandoned her religious upbringing She ended up a high school dropout drug addict criminal and victim of sexual assault Her crooked path continued when she landed in prison Through it all her mother prayed The power of her mother's faith interceded on Christine's behalf when she had lost all hope *Revealing My Story* is told with total transparency Part memoir and part testimony about the saving grace of God this book will inspire others who have sinned Do not lose hope because you too can be born again Christine's painful story is also intended to inspire and encourage mothers whose children have strayed away from their Christian values Christine's mother held onto the horns of the altar fasting wailing and travailing on her behalf Her mother's prayers and unconditional love transformed Christine's life by the grace of God Don't give up No matter how difficult don't stop praying The Lord is listening and ready to save you from yourself

God Revealing His Truth Walter Albion Squires, 1921 *The Prophetic Realm* Riaan Engelbrecht, 2023-01-19 In the Old Testament the prophet would guide the king therefore the people by speaking the will of God and many times the will of God will include correction judgment and warnings Prophets were often ignored in the Old Testament while even back in those days among the true prophets you found many speaking deceptions and lies Today nothing has changed because God does not change Hebrews 13:8 Prophets are still called to lead the corporate church by speaking and declaring the will the purpose and the mandate of God What the prophet utters may contain correction or judgment or it may speak of encouragement direction or wisdom Prophets still speak to nations or even to a multitude of nations declaring the will of God not just unto the Church but unto secular leaders as to warn to guide to direct and to declare the heart and mind of God Thus from the old to the new nothing has changed in regard to the prophet Yet the office is often misunderstood and also shrouded in mystery erroneous perceptions and terrible abuse This series divides the truth

framework for understanding and interpreting the widespread but little known New Apostolic Reformation movement As the
authors state in the preface We write this book with two major goals in mind First to give people an idea of the sheer size and
reach of the NAR movement And second to systematize its key teachings and practices and evaluate them on the basis of
Scripture and careful reasoning In our judgment the NAR perspective crosses these boundaries that is certain broad

essays on songs and politics in the region of Eastern Africa and beyond The theme that cuts across the contributions is that

times reflecting the shift in the global center of Christianity from the North to the South This book tells the story of one
sector of this movement from its root in the Nigerian civil war to the turn of the new millenium It describes a revival that
occurred among the Igbo people of Eastern Nigeria and the new Pentecostal churches it generated and documents the
changes that have occurred as the movement has responded to global flows and local demands As such it explores the nature
of revivalist and Pentecostal experience but does so against the backdrop of local socio political and economic developments

such as decolonization and civil war as well broader processes such as modernization and globalization
