Revelation Reason And Faith Essays In Honor Of Truman G Madsen:

Revelation, Reason, and Faith Donald W. Parry, Daniel C. Peterson, Stephen David Ricks, 2002 **Knowing Brother Joseph Again** Davis Bitton, 2011-07-01 We live in an age of relativism What is beautiful for one is not for another what is good and moral for one is not for another and what is true for one is not for another Such an attitude widespread in the world condemns those who testify of truth I shudder at the thought that my presentation here will lead to such soft relativism I do not think that everything is up for grabs with each person's opinion being equally valid Just as Jesus was either Savior and Redeemer of the world or he was not so Joseph Smith was either a true authorized prophet of God or he was not In recounting his visions either he spoke the truth or he did not Yet the fact remains that different people saw him in different ways Even his followers emphasized different facets at different times All human beings are complex and resist the reductionism that would dismiss them with a single adjective or noun People like Joseph Smith are rich and complex Different people saw him differently or focused on a different facet of his personality at different time Inescapably what they observed or found out about him was refracted through the lens of their own experience Some of the different flickering not always compatible views are the subject of this book Davis Bitton Davis Bitton's life was cut short before he could finish revisions on this collection of insightful essays about Joseph Smith a prophet whom he also considers a hero in both classical terms and the context of nineteenth century America Knowing Brother Joseph Again explores images of Joseph Smith from both the devotion of believers and the hostility and skepticism of opponents Interpreter: A Journal of Mormon Scripture, Volume 4 (2013) The Interpreter Foundation, 2013-05-29 This is volume 4 2013 of Interpreter A Journal of Mormon Scripture by The Interpreter Foundation It contains articles on a variety of topics including affinities between ancient sources and modern revelations on Enoch a book review of Exploring the First Vision a book review of Against Calvinism questions we should consider about Mormon Studies some thoughts on faith and doubt the Sod of God and the LDS temple notes on Book of Mormon names and an introduction to the subject of Josiah's Reform and Margaret Barker's temple theology with perspectives by William J Hamblin and Kevin Christensen Latter-day Saint Theology among Christian Theologies Grant Underwood, 2025-03-13 How do the beliefs of Latter day Saints compare with traditional Christian theology Grant Underwood provides answers to this question that are clear detailed and thoughtful Writing for a broad and interested Christian audience he systematically brings Mormon thought into conversation with main currents of Christian theology He focuses on major topics that have engaged Christian thinkers over the years who God is who Jesus Christ is who we are how we are saved what the church is and what the future holds for human history as well as for individual human lives Most chapters follow a format in which relevant themes are introduced with an overview of significant Christian reflection on the topic followed by an exploration of Latter day Saint thought on the subject Throughout the book Underwood's goal is to analyze not catechize While the author is a practicing Latter day Saint that reality only enhances his appreciation for the

theology produced by centuries of fellow Christians of faith who in Anselm's words have diligently and devoutly sought understanding Underwood seeks to facilitate mutual understanding among Christians who may worship differently who conceive of God and God's relations with humanity differently and who articulate their religious beliefs in terms and concepts that are unfamiliar to each other Readers of this book are invited to approach its sympathetic presentation of such Christian theologies including that of the Latter day Saints with an openness and curiosity that can lead to a more accurate nuanced understanding of the doctrines discussed

A ^ADocumentary History of the Book of Mormon ,2019-01-09 A Documentary History of the Book of Mormon transcribes and annotates a wide variety of primary source documents related to the origins of the long ridiculed narrative that launched a new world religion **The Oxford Handbook of Mormonism** Terryl Givens, Philip L. Barlow, 2015 For this handbook Terryl Givens and Philip Barlow two leading scholars of Mormonism have brought together other top people in the field to construct a collection of essays that offers a comprehensive overview of scholarship on Mormons Rediscovering Enoch? The Antediluvian Past from the Fifteenth to Nineteenth Centuries ,2023-02-13 The books of Enoch are famed for having been lost in the Middle Ages but rediscovered by modern scholars But was this really the case This volume is the first to explore the reception of Enochic texts and traditions between the fifteenth and nineteenth centuries Bringing specialists in antiquity into conversation with specialists in early modernity it reveals a much richer story with a more global scope Contributors show how Enoch and the era before the Flood were newly reimagined not just by scholars but also by European artists and adventurers Kabbalists Sufis Mormons and Ethiopian and Slavonic Christians The Mormon Image in the American Mind J.B. Haws, 2013-12 What do Americans think about Mormons and why do they think what they do This is a story where the Osmonds the Olympics the Tabernacle Choir Evangelical Christians the Equal Rights Amendment Sports Illustrated and even Miss America all figure into the equation The book is punctuated by the presidential campaigns of George and Mitt Romney four decades apart A survey of the past half century reveals a growing tension inherent in the public's views of Mormons and the public's views of the religion that inspires that body **Exploring Mormon Thought** Blake T. Ostler, 2020-11-05 The problem of evil is perhaps the greatest challenge to belief in a loving and personal God The challenge naturally leads us to ask Why God has this happened to me to my loved ones to my enemies Or to ask with the Psalmist Where art thou God Or to perhaps echo Jesus My God my God why hast thou abandoned me In this fourth volume of the Exploring Mormon Thought series God's Plan to Heal Evil Blake T Ostler examines how others in the Christian and Mormon traditions have attempted to provide solutions to this challenge and the shortcomings they contain Ostler then looks to Mormon theology to offer what he calls the Plan of Agape or what is perhaps the most robust explanation of how belief in a loving personal God can be had in light of all of the suffering that exists in the world
