Revelations Alabamas Visionary Folk Artists:

Revelations Kathy Kemp, 1994 Visionary folk art is typified by an artist's ability to create without training or traditional materials. These vivid, fresh, primitive and spiritually inspired works have collectors flocking to drink from the wellspring of visionary folk works. Revelations covers Alabama's key visionary folk artists such as Howard Finster, Thornton Dial, Bill Taylor and Lonnie Holley. American Folk Art Kristin G. Congdon, Kara Kelley Hallmark, 2012-03-19 Folk art is as varied as it is indicative of person and place, informed by innovation and grounded in cultural context. The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays. American Folk Art: A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists. Some of the men and women profiled in these two volumes are well known, while others are important practitioners who have yet to receive the notice they merit. Because many of the artists in both categories have a clear identity with their land and culture, the work is organized by geographical region and includes an essay on each region to help make connections visible. There is also an introductory essay on U.S. folk art as a whole. Those writing about folk art to date tend to view each artist as either traditional or innovative. One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits: they are grounded in their cultural context and creative in the way they make work their own. Such insights expand the study of folk art even as they readjust readers' understanding of who folk artists are. *The New Encyclopedia of Southern Culture* Carol Crown, Cheryl Rivers, Charles Reagan Wilson, 2013-06-03 Folk art is one of the American South's most significant areas of creative achievement, and this comprehensive yet accessible reference details that achievement from the sixteenth century through the present. This volume of *The New Encyclopedia of Southern Culture* explores the many forms of aesthetic expression that have characterized southern folk art, including the work of self-taught artists as well as the South's complex relationship to national patterns of folk art collecting. Fifty-two thematic essays examine subjects ranging from colonial portraiture, Moravian material culture and southern folk pottery to the South's rich quilt-making traditions, memory painting and African American vernacular art, and 211 topical essays include profiles of major folk and self-taught artists in the region.

Folk Art, 2000 **Encyclopedia of American Folk Art** Gerard C. Wertkin, 2004-08-02 For a full list of entries, contributors and more, visit the *Encyclopedia of American Folk Art* web site. This is the first comprehensive scholarly study of a most fascinating aspect of American history and culture. Generously illustrated with both black and white and full color photos, this A-Z encyclopedia covers every aspect of American folk art, encompassing not only painting but also sculpture, basketry, ceramics, quilts, furniture, toys, beadwork and more, including both famous and lesser-known genres. Containing more than 600 articles, this unique reference considers individual artists, schools, artistic, ethnic and religious traditions and heroes who have inspired folk art. An incomparable resource for general readers, students and specialists, it will become essential for anyone researching American art, culture and social history. **Alabama in the Twentieth Century** Wayne

Morgan,Yvonne Thomas Wells,2024-09-05 A comprehensive and richly illustrated survey of one of the most significant and intriguing quilters of the 21st century featuring 109 color plates of Wells s narrative quilts with intimate commentaries by Wells herself *Self-Taught, Outsider and Folk Art* Betty-Carol Sellen,2016-02-09 Much has changed in the world of self taught art since the millennium Many of the recognized masters have died and new artists have emerged Many galleries have closed but few new ones have opened as artists and dealers increasingly sell through websites and social media The growth and popularity of auction houses have altered the relationship between artists and collectors In its third edition this book provides updated information on artists galleries museums auctions organizations and publications for both experienced and aspiring collectors of self taught outsider and folk art Gallery and museum entries are organized geographically and alphabetically by state and city *Deep Blues* Bill Traylor,Musée des beaux-arts (Berne, Suisse).,Museum Ludwig (Cologne, Allemagne).,Robert Hull Fleming Museum (Burlington, Vt., États-Unis).,1999-01-01 Bill Traylor born into slavery in 1854 began to draw at the age of 82 in 1939 when he moved from the plantation where he was born to Montgomery Alabama He has become an almost mythical figure in the history of American folk art **Souls Grown Deep** William Arnett,2000 The first comprehensive overview of an important genre of American art Souls Grown Deep explores the visual arts genius of the black South This first work in a multivolume study introduces 40 African American self taught artists who without significant formal training often employ the most unpretentious and unlikely materials Like blues and jazz artists they create powerful statements amplifying the call for freedom and vision
