identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership Despite their popularity these novels remain largely outside the canon of women's writing and are often unacknowledged by feminist literary criticism However these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender identities in the post war period Their analysis offers new insights into the shifting demands aspirations and expectations of what a woman could and should be over the last half century Through her analysis of women's writing and reading Philips sets out to challenge the distinction between popular and literary fiction arguing that neat categories such as popular middle brow and serious fiction need more careful definition *Women's Fiction* Rebecca Vnuk, Nanette Donohue, 2013-09-17 Offering a fresh perspective on women's fiction for a broad reading audience fans as well as librarians this book defines and maps the genre and describes hundreds of relevant titles *Women's Fiction A Guide to Popular Reading Interests* celebrates the books in this broad genre titles that explore the lives of female protagonists with a focus on their relationships with family friends and lovers After a brief introductory history and a chapter that defines the characteristics of women's fiction the author showcases annotations and suggestions of approximately 300 titles by more than 100 authors She explains how women's fiction differs from romance fiction enabling readers to appreciate this rich body of literature that encompasses titles as diverse as Meg Cabot's lighthearted chick lit to the more serious novels of Elizabeth Berg and Maeve Binchy The book identifies some of the most popular and enduring women's fiction authors and titles and provides invaluable reading lists and readalike suggestions that will be appreciated by both librarians and general readers
