Reverse Angle A Decade Of American F:

The Seductive Image K. Lloyd Billingsley, 1999-07-30 Discusses the impact and influence of television and film on society

Sam Peckinpah's Feature Films Bernard F. Dukore, 1999 One of the greatest film directors America has produced Sam Peckinpah revolutionized the way movies were made In this detailed and insightful study Bernard F Dukore examines Peckinpah's fourteen feature films as a coherent body of work He investigates the director's virtuosic editing techniques thematic preoccupations that persist from his earliest to his last films and the structure of his dramatic depiction of violence He also addresses Peckinpah's cognizance of existentialism and the substantial traces this interest has left in the films At the heart of Dukore's study is an extensive and detailed examination of Peckinpah's distinctive editing techniques Focusing on representative sequences including the breakout from the bank and the final battle in *The Wild Bunch* the half hour siege that concludes *Straw Dogs* the killing of the title characters of Pat Garrett and Billy the Kid and combat sequences in *Cross of Iron* Dukore provides a shot by shot analysis that illuminates Peckinpah's mastery of pacing and mood Sam Peckinpah's *Feature Films* demonstrates that Peckinpah's genius as a director and editor marks not only *The Wild Bunch* *Straw Dogs* and other classics but also his lesser known feature films even those that suffered substantial cuts at the hands of studio producers Dukore's organic approach to the feature films reveals a highly unified body of work that remains a pointed commentary on power violence affection and moral values

The Pedagogy of Adaptation Dennis Cutchins, Laurence Raw, James M. Welsh, 2010-02-23 From *All Quiet on the Western Front* and *Gone with the Wind* to *No Country for Old Men* and *Slumdog Millionaire* many of the most memorable films have been adapted from other sources And while courses on film studies are taught throughout the world *The Pedagogy of Adaptation* makes a strong case for treating adaptation studies as a separate discipline What makes this book unique is its claim that adaptation is above all a creative process and not simply a slavish imitation or reproduction of an original This collection of essays focuses on numerous contexts to emphasize why adaptations matter to students of literature It is the first such volume devoted exclusively to teaching adaptations from a practical teacher centered angle Many of the essays show how adaptation as a discipline can be used to prompt reflection on cultural historical and political differences Written by specialists in a variety of fields ranging from film radio theater and even language studies the book adopts a pluralistic view of adaptation showing how its processes vary across different contexts and in different disciplines Defining new horizons for the teaching of adaptation studies these essays draw on such disparate sources as *Frankenstein* *Moby Dick* and *South Park* This volume not only provides a resource book of lesson plans but offers valuable pointers as to why teaching literature and film can help develop students skills and improve their literacy

Criticism Jerry Roberts, 2010-02-19 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form **The Bennetts** Brian Kellow, 2004-11-26

An engrossing new page turner about one of old Hollywood's royal families theater people don't get more interesting and it's a true tale well told Hollywood Reporter In the early 1930s Constance Bennett was the highest paid star in Hollywood famous for dramatic roles before reinventing herself in the classic comedy Topper starring opposite Cary Grant Her sister Joan played the femme fatale in films like Scarlet Street and also starred in lighter films like Father of the Bride Though their names are not well known today the Bennett family is one of the most storied families in Hollywood history The saga begins with Richard Bennett who left small town Indiana to become one of the bright lights of the New York stage during the early twentieth century In time however Richard's fame was eclipsed by that of his two acting daughters But the Bennett family also includes another sister Barbara whose promising beginnings as a dancer gave way to a turbulent marriage to singer Morton Downey and a steady decline into alcoholism Constance and Joan were among Hollywood's biggest stars but their personal lives were anything but serene In 1943 Constance became entangled in a highly publicized court battle with the family of her millionaire ex husband and in 1951 Joan's husband producer Walter Wanger shot her lover in broad daylight sparking one of the biggest Hollywood scandals of the 1950s **The Great Depression on Film** David

Luhrssen, 2022-08-23 This book presents the Great Depression through the lens of 13 films beginning with movies made during the Depression and ending with films from the 21st century and encourages readers to examine the various depictions of this period throughout history The Great Depression on Film is a unique guide to how the Great Depression was represented and is remembered making it an excellent resource for students or anyone interested in film history or U S history Each film is set in a different sector of American life focusing on such topics as white supremacy political protest segregation environmental degradation crime religion the class system and popular culture in the U S during the 1930s This book is indispensable for clearing away misconceptions fostered by the movies while acknowledging the power of film in shaping public memory The book separates fact from fiction detailing where the movies are accurate and where they depart from reality and places them in the larger context of historical and social events Eyewitness or journalistic accounts are

referenced and quoted in the text to help readers differentiate between ideas attitudes and events presented in the films as well as the historical facts which inspired those films *Rule of Thumb* Todd Rendleman,2012-04-12 The book analyzes the style and influence of Roger Ebert s film criticism and aesthetics The New York Times Index ,1993
