Legislature. Senate,1999 Includes extra and special sessions **Resources in Education** ,2001-04 Sports Crazy Steven J. Overman,2019-02-11 Sports Crazy How Sports Are Sabotaging American Schools exposes the excesses of middle and high school sports and the detrimental effects our sports obsession has on American education Institutions are increasingly emulating college and professional sports models and losing sight of a host of educational and health goals Steven J Overman describes how this agenda is driven largely by partisan fans and parents of athletes who exert an inordinate influence on school priorities and he explains how and why school administrators shockingly and consistently capitulate to these demands The author underscores the incongruity of public schools involved in an entertainment business and the effects this diversion has on academic integrity learning life experience and overall educational outcomes Overman examines out of control school sports within the context of a school s educational mission and curriculum with telling reference to impacts on physical education He explores as well the outsized place of interscholastic sports beyond the classroom and scrutinizes the distorted relationship between intramural or recreational sports and elitist varsity athletics Overman s chapter on tackle football explains many reasons why this sport should be eliminated from the school extracurriculum and replaced by flag or touch football Overman presents a brief history of interscholastic sports and he compares and contrasts the American experience of school sponsored sport to the European model of community based clubs Which approach better serves students Overman recommends reforms in the context of a radical proposal to phase out interscholastic sports in favor of an intramural or club model This approach would alleviate such problems as elitism and gender bias and reign in hypercompetitiveness while freeing schools to educate students rather than provide public entertainment *Contemporary Sport Management*, 5E Pedersen, Paul M.,Thibault, Lucie,2014-06-18 Contemporary Sport Management Fifth provides students with an overview of sport management by presenting extensive discussions of the foundational aspects of the profession and current topics from the field The fifth edition continues to engage students with a full color format and an integrated web study guide The text also discusses the role of social media in revolutionizing the industry and the significance of sport as an international
