

A SHORT HISTORY OF THE FRENCH REVOLUTION

Sixth Edition

JEREMY D. POPKIN

Revolution Liberation A Short History

I. Hutchinson Humphrys

Revolution Liberation A Short History:

A Short History of the American Revolutionary War Stephen Conway, 2013-04-12 The American war against British imperial rule 1775-1783 was the world's first great popular revolution. Ideologically defined by the colonists' formal Declaration of Independence in 1776, the struggle has taken on something of a mythic character. From the Boston Tea Party to Paul Revere's ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781, the entire contest is now emblematic of American national identity. Stephen Conway shows that beyond mythology this was more than just a local conflict; rather, a titanic struggle between France and Britain. The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow. This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of European warfare.

A Short History of Revolutionary Cuba Antoni Kapcia, 2020-12-24 Few island nations have stirred the soul like Cuba. From Hemingway's intoxicating Havana to Ry Cooder's Buena Vista Social Club, outsiders have persistently been fascinated by Cuba for its music, jazz to rumba, its rich literature, its art and dance, danzón to mambo, and perhaps above all for its bold experiment of a socialist revolution in action. Antoni Kapcia shows how the thaw in relations between Cuba and the USA now makes a fresh appraisal of the country and its modern history essential. He authoritatively explores the essence of the Cuban revolution, revealing it to be a maverick phenomenon tied not so much to socialism or Communism for their own sakes but instead to an idealistic vision of postcolonial nationalism. Reassessing the Cuban Missile Crisis of 1962, the author examines the central personalities, not just the famous trio of Che Guevara, Fidel, and Raúl Castro in shaping the ideas of the revolution but still further back the visionary ideology of José Martí. Kapcia's book reflects on the future of the revolution as a land whose government began to cede power to a new generation.

A Short History of the French Revolution I. Hutchinson Humphrys, 1924

A Short History of Western Ideology Rolf Petri, 2018-02-22 We are arguably living in a postideological era. However, when we tune into the TV news, we can hear political leaders talk about advanced societies, geopolitical experts suggest humanitarian interventions, and sober events presenters qualify a murder as barbaric. What does this mean? In this comprehensive book, Rolf Petri reveals how our everyday political language is full of ideological representations of the world and places them in an accessible historical narration. From the secularization of Europe and the Enlightenment project of civilization to the contemporary preoccupation with ecological catastrophes or the end of history, *A Short History of Western Ideology* carves out the central elements of western ideology. It focuses on a wide variety of issues, including religion, colonialism, race, and gender, which are essential for how we conceive of the modern world. By creating an awareness of the ideological character of the western worldview, its limits, and its flaws, this book warns us of the dangers that derive from a self-righteous mindset. It is stimulating and important reading for history and politics students seeking to understand the ideology of the western world.

A Short History of Modern

Greece Richard Clogg, 1986-11-28 This history surveys the history of the Greek people from the declining years of the Byzantine Empire to the late twentieth century The second edition includes a topical chapter to bring the account up to the late 1980s

A Short History of Napoleon the First Sir John Robert Seeley, 1892

The UAW and the Heyday of American Liberalism, 1945-1968 Kevin Boyle, 1995 The UAW engaged in these struggles in an attempt to build a cross class multiracial reform coalition that would push American politics beyond liberalism and toward social democracy The effort was in vain forced to work within political structures particularly the postwar Democratic party that militated against change the union was unable to fashion the alliance it sought The UAW's political activism nevertheless suggests a new understanding of labor's place in postwar American politics and of the complex forces that defined liberalism in that period The book also supplies the first detailed discussion of the impact of the Vietnam War on a major American union and shatters the popular image of organized labor as being hawkish on the war

A Short History of Communism Robert Harvey, 2014-12-23 Today global communism seems just a terrible memory an expressionist nightmare as horrific as Nazism and the Holocaust or the slaughter in the First World War Was it only just over a decade ago that stone faced old men were still presiding over workers paradises in the name of the people while hundreds of millions endured grinding poverty under a system of mind controlling servitude which did not hesitate to murder and imprison whole populations in the cause of progress Or that the world seemed under threat from revolutionary hordes engulfing one country after another backed by a vast military machine and the threat of nuclear annihilation In the 1970s with the fall of South Vietnam Cambodia and Laos the march of Marxism Leninism across the world seemed irresistible Less than two decades later the experiment had collapsed leaving perhaps 100 million dead as well as economic devastation spanning continents Even China now increasingly embraces free market economics Only in a few backwaters does communism endure as obsolete as rust belt industry This book is the first global narrative history of that defining human experience It weighs up the balance sheet why did communism occur largely in countries wrenched from feudalism or colonialism to twentieth century modernism rather than as Marx had predicted in developed countries groaning under the weight of a parasitic middle class Were coercion and state planning in fact the only way forward for backward countries What was the explanation for its appeal not least among many highly intelligent observers in the West Why did it grow so fast and collapse with such startling suddenness A Short History of Communism sets out the whole epic story for the first time a panorama of human idealism cruelty suffering and courage and provides an intriguing new analysis

A Short History of the USSR S. O. Shmidt, Константин Николаевич Тарновский, Илья Борисович Берхин, 1984

A Short History of Modern Peoples (part II of World Progress) Willis Mason West, 1922

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **Revolution Liberation A Short History**
