

Revolution of the Word

The background of the cover is a dark, textured surface. It features a series of concentric circles and lines that radiate from a central point, creating a sense of depth and movement. The lines are drawn in a light, sketchy style, giving the impression of a hand-drawn diagram or a map of a celestial body.

Schulze, 2005 The first collection of essays about Marianne Moore to appear in fifteen years this book brings together the work of well established Moore scholars such as Patricia C Willis Elizabeth Gregory Cristanne Miller Linda Leavell and Robin G Schulze with that of new contributors to the field The essays in this volume written from a variety of international perspectives range across the most pressing concerns of contemporary literary study and reassert Moore's centrality to a critical and poetic field in which she has been surprisingly marginalized This book also includes poems written by contemporary poets many of them significant contributors to scholarship on Moore as a way of acknowledging the importance of Moore's verse to living writers The poems compliment the scholarly essays by demonstrating in verse the important ways in which Moore's artistic achievements have stimulated her successors American Literature in Transition, 1910-1920 Mark W. Van Wienen, 2017-12-28 American Literature in Transition 1910 1920 offers provocative new readings of authors whose innovations are recognized as inaugurating Modernism in US letters including Robert Frost Willa Cather T S Eliot Ezra Pound Gertrude Stein H D and Marianne Moore Gathering the voices of both new and established scholars the volume also reflects the diversity and contradictions of US literature of the 1910s Literature itself is construed variously leading to explorations of jazz the movies and political writing as well as little magazines lantern slides and sports reportage One section of thematic essays cuts across genre boundaries Another section oriented to formats drills deeply into the workings of specific media genres or forms Essays on institutions conclude the collection although a critical mass of contributors throughout explore long term literary and cultural trends where political repression race prejudice war and counterrevolution are no less prominent than experimentation progress and egalitarianism Kathy Acker Georgina Colby, 2016-08-30 An in depth analysis of the work of one of the twentieth century's most innovative writers Kathy Acker's body of work is one of the most significant collections of experimental writing in English In Kathy Acker Writing the Impossible Georgina Colby explores Acker's compositional processes and intricate experimental practices from early poetic exercises written in the 1970s to her final writings in 1997 Through original archival research Colby traces the stages in Acker's writing and draws on her knowledge of unpublished manuscripts notebooks essays illustrations and correspondence to produce new ways of reading Acker's works Rather than treating Acker as a postmodern writer this book argues that Acker continued a radical modernist engagement with the crisis of language and carried out a series of experiments in composition and writing that are comparable in scope and rigor to her modernist predecessors Stein and Joyce Each chapter focuses on a particular compositional method and insists on the importance of avant garde experiment to the process of making new non conventional modes of meaning Combining close attention to the form of Acker's experimental writings with a consideration of the literary cultures from which she emerged Colby positions Acker as a key figure in the American avant garde and a

Counterfact Andrew Weiss,2024-02-01 For as long as there has been a press fake news has played a role in the disruption of how factual information is shared among people Misinformation goes back even further spreading through the use of lies and rumors spoken or written for various political and social purposes In this book we will trace a brief history of fake news examine its antecedents and precursors before looking at the way it is currently employed using digital information technologies The current consensus on what comprises fake news is somewhat contested as such a more detailed look at the phenomenon is in order Not only does fake news include false news stories spread with the intent to deceive its purpose can be instructive and parodic providing the very tools needed to puncture misinformation bubbles This book will examine in detail a comprehensive model for fake news that might be used to help predict and neutralize its negative effects as well as examine the traits that contribute to a person s susceptibility to falling for false stories conspiracies and other misinformation In this regard the book is unique in its approach to fake news seeing it as situated within a matrix of behaviors conditions and contexts that must be accounted for before its effects can be completely neutralized The context also explores the relationship of the creator and the user of fake news speculating on the intertwined actions and motives of both It is hypothesized that specific conditions exploited by bad actors would contribute to the spread of fake news and that low levels or lack of certain identifiable characteristics in users i e ability to scaffold conduct parallel thinking be aware of one s ignorance know one s strengths and weaknesses would also make it more likely to be consumed and shared This book also examines the wider impacts of fake news on societies especially in the areas of education politics and public policy This book makes the case for developing strategies that rely not merely upon information literacy to help individuals deal with fake news but also on wider national and international policies that specifically aid users of information and address human behavioral characteristics As in information behavior research the scale and scope of examining fake news requires both a local focus and a large scale inquiry into societal and cultural norms
