Say No To Drugs Vhs Tape 1986:

Media for Health and Behavior ,1986 **Videocatalog** ,1987 **Media Resource Catalog from the National Audiovisual Center** ,1990 Quarterly Update ,1987 **Prevention Pipeline** ,1987 An alcohol and drug awareness service **Boys' Life** ,1987-03 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting **DARE to Say No** Max Felker-Kantor,2024-04-02 With its signature DARE to keep kids off drugs slogan and iconic t shirts DARE Drug Abuse Resistance Education was the most popular drug education program of the 1980s and 1990s But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing Max Felker Kantor has assembled the first history of DARE which began in Los Angeles in 1983 as a joint venture between the police department and the unified school district By the mid 90s it was taught in 75 percent of school districts across the United States DARE received near universal praise from parents educators police officers and politicians and left an indelible stamp on many millennial memories But the program had more nefarious ends and Felker Kantor complicates simplistic narratives of the War on Drugs He shows how policing entered US schools and framed drug use as the result of personal responsibility moral failure and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment the abandonment of social service provisions and structures of social and economic inequality Variety's Complete Home Video Directory ,1988 **Drug Abuse** United States. Superintendent of Documents,1992 **U.S.I.S. Video Library Catalog** United States Information Agency, **ADAMHA News on Alcohol, Drug Abuse, and Mental Health** ,1988 **Creating Safe Schools: School safety work book : what works : promising violence prevention programs** ,1995 *Videocassette Catalog* Starved Rock Library System (Ill.),1987 **Lies, Damned Lies, and Drug War Statistics, Second Edition** Matthew B. Robinson,Renee G. Scherlen,2014-01-01 Revised and updated edition that analyses how the Office of National Drug Control Policy employs statistics to misleadingly claim the War on Drugs is a success First published in 2007 Lies Damned Lies and Drug War Statistics critically analyzed claims made by the Office of National Drug Control Policy ONDCP the White House agency of accountability in the nation s drug war since 1989 as found in the six editions of the annual National Drug Control Strategy between 2000 and 2005 In this revised and updated second edition of their critically acclaimed work Matthew B Robinson and Renee G Scherlen examine seven more recent editions 2006 2012 to once again determine if ONDCP accurately and honestly presents information or intentionally distorts evidence to justify continuing the drug war They uncover the many ways in which ONDCP manipulates statistics and visually presents that information to the public Their analysis demonstrates a drug war that consistently fails to reduce drug use drug fatalities or illnesses associated with drug use fails to provide treatment for drug dependent users and drives up the prices of drugs They

conclude with policy recommendations for reforming ONDCP's use of statistics as well as how the nation fights the war on drugs. Praise for the First Edition. Lies Damned Lies and Drug War Statistics is surprisingly easy to read and Robinson and Scherlen have done a huge favor not only to critics of current drug policy by compiling this damning critique of ONDCP claims but also to anyone interested in how data is compiled, presented and misused by bureaucrats attempting to guard their domains. It should be required reading for members of Congress. Drug War Chronicle Book Review. The authors have performed a valuable service to our democracy with their meticulous analysis of the White House ONDCP public statements and reports. They have pulled the sheet off what appears to be an official policy of deception using clever and sometimes clumsy attempts at statistical manipulation. This document at last gives us a map of the truth. Mike Gray, author of *Drug Crazy: How We Got into This Mess and How We Can Get Out*. Robinson and Scherlen make a valuable contribution to documenting how ONDCP fails to live up to basic standards of accountability and consistency.
