Scandinavian Party Systems

Peter Mair

Scandinavian Party Systems:

The Evolution of Electoral and Party Systems in the Nordic Countries Bernard Grofman, Arend Lijphart, 2002 This is a book that all scholars of electoral systems or electoral history will need to read and most will want to own Much of the historical material reported is not available anywhere else in English and much of it appears to be first time reports of primary materials Quite readable and very well organized Cambridge Univ Press referee *The Scandinavian party system(s)* Sten Berglund, 1977 *Understanding Party System Change in Western Europe* Peter Mair, Gordon Smith, 2013-01-11 Published in the year 1990 Understanding Party System Change in Western Europe is a valuable contribution to the field of Politics **Parties and Party Systems in Liberal Democracies** Steven B Wolinetz, 2023-07-14 First published in 1988 Parties and Party Systems in Liberal Democracies considers the extent and ways in which Western European and North American parties and party systems changed in the 1970s and 1980s after decades of relative stability It examines changes in the nature and organisation of parties and relates this to changes in electoral behaviour and to wider social and economic change It concentrates on political parties as actors and the ways in which they maintain themselves and respond to the moves and gambits of both established and newer parties and to the increasingly numerous and vociferous single interest pressure groups One important argument put forward is that many social and economic changes have had a minimal impact because established parties have been able to adapt by redefining issues in their favour and have also been able to rely on residual support and access to patronage This engaging volume will have strong appeal for courses in political science government political behaviour and history Voluntary Associations and Nordic Party Systems Victor Alexis Pestoff, 1977 **Scandinavian politics today** David Arter, 2013-01-18 This fully revised and updated second edition of Scandinavian politics today describes analyses and compares the contemporary politics and international relations of the five nation states of Denmark Finland Iceland Norway and Sweden and the three Home Rule territories of Greenland Faeroes and land that together make up the Nordic region Thirteen chapters cover Scandinavia past and present parties in developmental perspective the Scandinavian party system model the Nordic model of government the Nordic welfare model legislative executive relations in the region the changing security environment and the transition from Cold War security threats to the security challenges of today and a concluding chapter looks at regional co operation Nordic involvement in the European project and the Nordic states as moral superpowers The book will be of interest not only to students of Scandinavia but to those wishing to view Scandinavian politics and policy making in a wider comparative perspective Changing Party Systems in Western Europe David Broughton, Mark Donovan, 1999-01-04 This is an analysis of the changing pressures and demands placed on party systems in 11 countries in Western Europe since 1945 This book includes studies of the party system in Britain France Italy and Germany as well as studies of Spain Portugal Ireland Sweden Austria Belgium and the Netherlands Five major themes are examined in each chapter First the broad development of the party system is

accompanied by a discussion of how different party system typologies have been applied to each country Secondly a detailed discussion of the historical background to party system developments is provided dealing with the main divisions derived from the typology of Lipset and Rokkan Thirdly the most important contextual variables are considered in terms of the electoral environment within which the party system operates Next consideration is given to the degree of unfreezing of the party system since 1945 and the changing balance between stability and change Finally major questions of change and adaptation are examined updating the text *Party System Change, the European Crisis and the State of Democracy* Marco Lisi, 2018-08-06 Party systems are crucial elements for the functioning of political systems and representative democracies With several European countries experiencing significant changes recently it is necessary to update our knowledge This volume analyses party system changes in Europe in the 21st century by considering several dimensions such as interparty competition the cleavage structure electoral volatility and the emergence of new actors The book describes the principal continuities and changes in party systems in Europe analyzes the main explanations for these trends and assesses the impact of the crisis on the patterns observed By considering a wide range of Western and Eastern European countries and focusing on the parameters of party system change this book seeks to fill an important gap in the literature through a comparative analysis of the evolution of party systems in Europe over the last decades This book will be of key interest to scholars and students of political parties party systems and politics electoral behavior as well as more broadly to European politics comparative politics political representation and the quality of democracies **Democracy in Scandinavia** David Arter, 2006-09-19 This book is about the distinctive features of Scandinavian democracy the state of Scandinavian democracy and the classification of the Scandinavian democracies It breaks new ground in challenging the established status of the Scandinavian countries as consensus model democracies The book poses three main questions First what are the distinctive features of the five Scandinavian political systems when compared with the Westminster model of democracy Next how well does the evidence from recent commissions suggest that Scandinavian democracy is working in practice Finally is Scandinavian democracy consensual majoritarian or mixed The nature of legislative executive relations is explored with a particular focus on the role of the parliamentary opposition and its involvement in policy making *Party System Closure* Fernando Casal Bértoa, Zsolt Enyedi, 2021-05-09 Party System Closure maps trends in interparty relations in Europe from 1848 until 2019 It investigates how the length of democratic experience the institutionalization of individual parties the fragmentation of parliaments and the support for anti establishment parties shape the degree of institutionalization of party systems The analyses presented answer the questions of whether predictability in partisan interactions is necessary for the survival of democratic regimes and whether it improves or undermines the quality of democracy The developments of party politics at the elite level are contrasted with the dynamics of voting behaviour The comparisons of distinct historical periods and of macro regions provide a comprehensive picture of the European history of party competition and cooperation The

empirical overview presented in the book is based on a novel conceptual framework and features party composition data of more than a thousand European governments. Party systems are analysed in terms of poles and blocs and the degree of closure and of polarization is related to a new party system typology. The book demonstrates that information collected from partisan interactions at the time of government formation can reveal changes that characterise the party system as a whole. The empirical results confirm that the Cold War period 1945-1989 was exceptionally stable while the post-Berlin Wall era shows signs of disintegration although more at the level of voters than at the level of elites. After three decades of democratic politics in Europe, 1990-2019, the West and the South are looking increasingly like the East especially in terms of the level of party de-institutionalization. The West and the South are becoming more polarised than the East but in terms of parliamentary fragmentation the party systems of the South and the East are converging while the West is diverging from the rest with its increasingly high number of parties. As far as our central concept party system closure is concerned thanks to the gradual process of stabilization in the East and the recent de-institutionalization in the West and South the regional differences are declining.

Comparative Politics is a series for researchers, teachers and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit www.ecpr.net. The series is edited by Susan Scarrow, Chair of the Department of Political Science, University of Houston, and Jonathan Slapin, Professor of Political Institutions and European Politics, Department of Political Science, University of Zurich.

The Routledge Handbook of Scandinavian Politics Peter Nedergaard, Anders Wivel, 2017-08-09. The Routledge Handbook of Scandinavian Politics is a comprehensive overview of Scandinavian politics provided by leading experts in the field and covering the polity, the politics and the policy of Scandinavia. Coherently structured with a multi-level thematic approach, it explains and details Scandinavian politics today through a series of cutting-edge chapters. It will be a key reference point both for advanced-level students developing knowledge about the subject as well as researchers producing new material in the area and beyond. It brings geographical scope and depth with comparative chapters contributed by experts across the region. Methodologically and theoretically pluralistic, the handbook is in itself a reflection of the field of political science in Scandinavia and the diversity of the issues covered in the volume. The Routledge Handbook of Scandinavian Politics will be an essential reference for scholars, students, researchers and practitioners interested and working in the fields of Scandinavian politics, European politics, comparative politics and international relations.

On Parties, Party Systems and Democracy Peter Mair, 2014-09-01. This collection brings together some of the most significant and influential work by leading comparativist Peter Mair, 1951-2011. The selection ranges from considerations on the relevance of concept formation to the study of party systems and party organisations and from reflections on the democratic legitimacy of the European Union to the future of party democracy.

Including frequently cited papers alongside lesser known work the writings collected in this volume attest to the broad scope and depth of Mair's insights into comparative party politics and the changing realities of party government. As such they form an important and enduring contribution to the study of politics and a fitting tribute to an inspirational and much missed figure in the global political science community. Edited and introduced by Ingrid van Biezen with an intellectual portrait of Peter Mair by Stefano Bartolini and Hans Daalder Nordic Party Members Marie Demker, Knut Heidar, Karina Kosiara-Pedersen, 2019-12-12 Political parties provide continuity at the elite level and among the mass electorate in times when populist forces threaten the stability of many western democracies. The parties however have experienced turbulent times with declining memberships among the established parties, volatile electorates and the emergence of new parties. This edited collection aims to make an analytical contribution to what party democracy means, how to study it and add to our knowledge of who the party members are, what they do and how influential they are in policy making processes. Clearly elections provide linkage at regular intervals. Does party membership even after membership decline provide a supplementary representative linkage that supports democracy and stability in post cleavage societies? Nordic party systems have kept central elements of their old five party systems with mostly large social democratic parties and a variable geometry of the conservative, liberal agrarian and left socialist forces. They have experienced the electoral rise of new parties and in particular the increasing strength of vote catching anti establishment parties in most countries nurtured by anti immigration sentiments. In contrast to much recent scholarship this book investigates the stable element in Nordic mass politics, namely the parties as membership organisations. How many members? Why do they join parties? How much do they participate? Do they experience political influence? The overall question is to what extent the party organizations which have been heavily statified by public subsidies keep up linkage to civil society through their membership *Comparing Party System Change* Jan-Erik Lane, Paul Pennings, 2003-12-16 This volume examines the recent changes which have occurred in party systems across Europe. It concludes that parties in many countries are no longer bare reflections of traditional social groups. Rather the structure in which parties compete is increasingly open and flexible and subject to on going change. The combination of comparative and individual case studies provides strong evidence that political parties remain a potent if changing force in politics throughout Europe **The West European Party System** Peter Mair, 1990 The analysis of party systems in Western Europe has long constituted a major focus of concern in comparative political science. Now for the first time many of the classic writings in this field have been collected into a single volume. The collection contains seminal writings by Weber, Neumann, Duverger, Kirchheimer, Daalder, Rokkan and Sartori as well as a selection from the more recent debates on changes in European party systems including the contributions of Pedersen, Wolinetz and Inglehart. The writings cover the development, stabilization and transformation of party systems and include some of the key analyses which have sought to distinguish between different types of party systems The Deinstitutionalization of Western European Party Systems

Alessandro Chiaramonte, Vincenzo Emanuele, 2022-04-18 This book offers a systematic and far reaching account of party system institutionalization in Western Europe Drawing upon a wide array of data and through a comparison of 20 countries from the end of WWII to 2019 across three arenas of party competition electoral parliamentary and governmental ones the empirical analysis shows that over the past decade the level of institutionalization in the Western European party systems has dramatically declined compared with previous decades Electoral parliamentary and in some cases governmental instability and unpredictability have reached record high levels Although the impact of the 2008 Great Recession has certainly worked as a catalyst this process of de institutionalization has been mainly driven by long term factors such as cleavage decline and length of democratic experience Moreover its consequences are relevant not only for the relationship between parties and voters but also for the very quality of democracy as party system deinstitutionalization causes a decline in the citizens satisfaction of the way democracy works and even an erosion of the objective democratic standards In a nutshell Western Europe once seen as the land of stability and the cradle of democracy may have become the land of party system deinstitutionalization and incipient democratic backsliding

Party Systems and Voter Alignments Revisited

Lauri Karvonen, Stein Kuhnle, 2003-09-02 A timely study of Lipset and Rokkan s classic work this book examines the significance of the original volume for the history of political sociology and assesses its theoretical and empirical relevance to the present day

The Nordic Voter Åsa Bengtsson, Kasper M Hansen, Ólafur Þ Harðarson, Hanne Marthe Narud, Henrik Oscarsson, 2024-10-31 The Nordic Voter is the first book length comparative analysis of voting behaviour in the five Nordic countries Denmark Finland Norway Sweden and Iceland Leading scholars from national election studies teams present a detailed account of voter turnout party identification satisfaction with democracy preferential voting government support and party choice The five nation study is based on a comparative data set prepared uniquely for this book that allows for comprehensive analysis of the diversity in voting behaviour in the Nordic countries as well as discrepancies between Nordic and non Nordic countries The book counters the widespread tendency for comparative analyses to lump Nordic countries together Its general claim substantiated by a unique and extensive empirical analysis of voter behaviour is that the differences between the Nordic countries are in fact so large in terms of institutional settings and micro level voting behaviour that there is no justification for making general claims about a typical Nordic voter The authors challenge presumptions about remarkable similarities between Nordic voters revealing numerous examples of remarkable dissimilarities between voters in the Nordic countries

Party System Change Peter Mair, 1997 Mair examines how we

interpret the evidence of change and stability in modern parties and party systems Focusing on processes of political adaptation and control he also looks at how parties generate or freeze their own momentum

Party Strategies in Western Europe Gemma Loomes, 2013-06-17 This book examines political party system change from a party centric perspective and assesses how and to what extent established political parties in western Europe can maintain their dominant positions

Parties are increasingly competing in a changeable environment and this book assesses the ways in which political parties have tried to adapt to these changes by undertaking a study of the strategies employed by established parties since 1950. It features analysis of seventeen western European countries with eight case studies explored in greater depth including France, Germany, Portugal, Greece, Denmark, Ireland, Switzerland, and Luxembourg. The book assesses two groups of strategies: institutional strategies by which parties aim for success through control of rules, regulations, and laws; and strategies oriented towards the electorate through which parties seek success by proving themselves responsive to voters. Offering a detailed empirical assessment of the frequency with which these strategies have been employed, this book assesses the impact on established political parties and argues that parties can shape their own fate by strategic choices. *Party Strategies in Western Europe* will be of interest to students and scholars of European politics, Government, and party politics.

Embracing the Melody of Phrase: An Mental Symphony within **Scandinavian Party Systems**

In some sort of consumed by displays and the ceaseless chatter of fast interaction, the melodic splendor and psychological symphony developed by the prepared word frequently diminish into the backdrop, eclipsed by the relentless sound and disruptions that permeate our lives. But, nestled within the pages of **Scandinavian Party Systems** a stunning literary prize full of organic feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this fascinating masterpiece conducts viewers on an emotional trip, well unraveling the hidden melodies and profound influence resonating within each carefully constructed phrase. Within the depths of this touching evaluation, we shall explore the book is key harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Scandinavian Party Systems Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Scandinavian Party Systems PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they

need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Scandinavian Party Systems PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Scandinavian Party Systems free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Scandinavian Party Systems Books

What is a Scandinavian Party Systems PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Scandinavian Party Systems PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Scandinavian Party Systems PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Scandinavian Party Systems PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Scandinavian Party Systems PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File"

-> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
