Hilson**

Scandinavian Phrase Norway Denmark And Sweden:

Scandinavia and Bismarck Rasmus Glenthøj, Morten Nordhagen Ottosen, 2024-05-13 This book accounts for Scandinavian unification efforts in a time of great upheaval The ideological repercussions of the European revolutions of 1848 1849 and the Crimean War 1853 1856 transformed both the international political system and nationalism into more realist types The First Schleswig War 1848 1851 having nearly turned into one of Scandinavian unification the influence of Scandinavianism extended into the Danish Swedish and Norwegian courts cabinets and parliaments attracting interest from the great powers The Crimean War offered another window of opportunity for Scandinavian unification before the Danish German conflict over the duchies of Schleswig and Holstein nearly united Scandinavia upon the outbreak of the Second Schleswig War in 1864 The ultimate failure of Scandinavianism in its unification efforts was not predetermined although historiography has made it appear as such Napoleon III Cavour and Bismarck all actively contributed to plans for Scandinavian unification the latter even declaring himself as very strongly Scandinavian

Scandinavia and the Great Powers in the First World War Michael Jonas, 2019-02-21 This study is among the first works in English to comprehensively address the Scandinavian First World War experience in the larger international context of the war It surveys the complex relationship between the belligerent great powers and Northern Europe's neutral small states in times of crisis and war The book's overreaching rationale draws upon three underlying conceptual fields neutrality and international law hegemony and great power politics as well as diplomacy and policy making of small states in the international arena From a variety of angles it examines the question of how neutrality was understood and perceived negotiated and dealt with both among the Scandinavian states and the belligerent major powers especially Britain Germany and Russia For a long time the experience of neutral countries during the First World War was seen as marginal and was overshadowed by the experiences of occupation and collaboration brought about by the Second World War In this book Jonas demonstrates how this perception has changed with neutrality becoming an integral part of the multiple narratives of the First World War It is an important contribution to the international history of the First World War cultural historically influenced approaches to diplomatic history and the growing area of neutrality studies

Rhetorics of Nordic Democracy Jussi Kurunmäki, Johan Strang, 2010-12-07 Democracy is today a concept that is overwhelmingly positively evaluated almost everywhere A lot has been written about socio economic and cultural backgrounds of democratic regimes as well as their institutional settings By contrast not much is known about the political manoeuvres and speech acts by which democracy has been tied to particular regions and cultures in concrete historical situations This book discusses a series of efforts to rhetorically produce a particular Nordic version of democracy It shows that the rhetorical figure Nordic democracy was a product of the age of totalitarianism and the Cold War It explores the ways in which Nordic democracy was used mainly by the social democrats to provide the welfare politics with cultural and historical legitimacy and foundations Thus it also

acknowledges the ideological and geopolitical context in which the Nordic welfare state was conceptualised and canonised. The contributors of the book are specialists on Nordic politics and history who share a particular interest in political rhetoric and conceptual history. *English in the Nordic Countries* Elizabeth Peterson, Kristy Beers Fägersten, 2023-11-15. People in the Nordic states Norway Sweden Finland Denmark and Iceland rank as among the most proficient speakers of English in the world. In this unique volume international experts explore how this came to be what English usage and integration looks like in different spheres of society and the economy in these countries and the implications of this linguistic phenomenon for language attitudes and identity for the region at large and for English in Europe and around the world. Led by Elizabeth Peterson and Kristy Beers Fägersten contributors provide a historical overview to the subject synthesize the latest research illustrate the roles of English with original case studies from diverse communities and everyday settings and offer transnational insights critically and in conversation with the situation in other Nordic states. This comprehensive text is the first book of its kind and will be of interest to advanced students and researchers of World Global Englishes and English as a lingua franca language contact and dialect studies language varieties language policy multilingualism sociolinguistics and Nordic Scandinavian and European studies. The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license.

The American-Scandinavian Review Henry Goddard Leach, 1921 Vol 14 no 5 May 1926 is special issue devoted to John Ericsson. **Uncle Sam's Fact Book of the World War**, 1918. **Copyright, Its History and Its Law** Richard Rogers Bowker, 2020-08-01. Reproduction of the original Copyright Its History and Its Law by Richard Rogers Bowker. **Extreme Right Parties in Scandinavia** Anders Widfeldt, 2014-08-27. This book fills a gap in the extreme right literature currently available as there is no book length study of Scandinavia. With the election of many right wing parties across Europe this book is very timely. **New Scandinavian Design** Raul Cabra, 2004-11-04. In New Scandinavian design design journalist Katherine E Nelson pairs with designer Raul Cabra to produce a comprehensive survey of cutting edge Scandinavian design delving deep and taking a critical look at the exciting contemporary work from the northern countries. Central to the endeavour was the question posed to hundreds of designers curators policy makers and entrepreneurs is there still such a thing as Scandinavian design. Featuring examples of contemporary furniture housewares textiles consumer electronics and lighting. **Denmark Travel Adventures** Elizabeth Olesen, 2009-07-15. Denmark is primarily made up of one peninsula Jutland Jylland in Danish and two islands Sealand Sjælland and Funen Fyn. Sealand is the bigger of the two islands and also where Copenhagen the capital and biggest city is located. Denmark is the smallest of the three Scandinavian countries with only 43 000 square km. There are over 400 islands in total but only 100 of them are inhabited. The country has 4 500 miles of coast line and you are never more than 30 miles from the sea no matter where you are in the country. The biggest island in the world Greenland also belongs to Denmark as do the Faroe Islands. If Greenland were to be included in the total area of

the country Denmark would be the biggest country in Europe by far and one of the biggest in the world Denmark is perhaps the most popular of the three countries for campers There are more than 500 campsites all over the country The Danish word for inn is kro and if you see that word on a sign along the road you have found the perfect combination of a place to stay and a place to eat A long time ago when people traveled by horse it was decided that a kro should be placed every 20 km along all common roads in Denmark and still today you will find inns all over the country They are as popular as ever for spending the night grabbing a bite to eat or both Denmark is the number one biking country of the three Being a small and flat country it is often the best way of getting around and biking is extremely popular for recreation Denmark has over 6 200 miles of designated biking trails These are just a few details covered in this comprehensive guide to all the activities in the country plus where to stay and where to dine This is an excerpt from our much larger guide to Scandinavia

Language Play in Contemporary Swedish Comic Strips Kristy Beers Fägersten, 2020-06-08 This book focuses on the unexplored context of contemporary Swedish comic strips as sites of innovative linguistic practices where humor is derived from language play and creativity often drawing from English and other European languages as well as social and regional dialects of Swedish The overall purpose of the book is to highlight linguistic playfulness in Swedish comic strips as an example of practices as yet unobserved and unaccounted for in theories of linguistic humor as applied to comics scholarship The book familiarizes the reader with the Swedish language and linguistic culture as well as contemporary Swedish comic strips with chapters focusing on specific strategies of language play and linguistic humor such as mocking Swedish dialects and Swedish accented foreign language usage invoking English language popular culture swearing in multiple languages and turn final code switching to English to signal the punchline The book will appeal to readers interested in humor comics or how linguistic innovation language play and language contact each can further the modern development of language exemplified by the case of Swedish

Financing Long-Term Care in Europe J. Costa-Font, C. Courbage, 2011-11-08 Forecasts predict that those in need of long term care in Europe will double in the next 50 years This book offers a full understanding of the institutional responses and mechanisms in place to finance old age and provides analysis of demand and supply factors underpinning the development of financial instruments to cover long term care in Europe

Contesting Nordicism Jani Marjanen, Johan Strang, Mary Hilson, 2021-12-20 The terms Nordic and Scandinavian are widely used to refer to the politics society and culture of Denmark Finland Iceland Norway and Sweden But why have people felt the need to frame things as Nordic and why has the adjective Nordic become so prominent This book adopts a rhetorical approach analysing the speech acts which have shaped the meanings of the term What do the different terms Nordic and Scandinavian have in common and how have the uses of these terms changed in different historical periods What accounts for the apparent upsurge in uses of the rhetoric of Nordicism in the 2010s Drawing on eight case studies of the uses of Nordic and Scandinavian from the nineteenth century to the present day the book explores the appeal and the flexibility of the rhetoric of Nordicism in relation

to race openness gender equality food crime fiction Nordic co operation and the Nordic model Arguing that Nordic and Scandinavian are flexible and contested concepts that have been used in different often contradictory and inherently political ways the book suggests that the usage of the term has evolved from a means of creating a cultural community to forging political co operation and further to marketing models in politics and popular culture The rhetorical approach also shows how many of the hallmarks of Nordic political culture such as the Nordic model Nordic gender equality or Nordic openness are more recent conceptualisations than usually assumed As such the book argues for the need to turn attention away from analysing the different components of Nordicness into studying how when and for what purpose different features were made Nordic

Nordic Modernism William C Miller, 2016-08-31 Modernism was instrumental in the development of twentieth and twenty first century Scandinavian architecture for it captured a progressive urbane character that was inextricably associated with and embraced the social programmes of the Nordic welfare states Recognized internationally for its sensitivity and responsiveness to place and locale and its thoughtful use of materials and refined detailing Nordic architecture continues to evolve and explore its modernist roots This new book covers the romantic and classical architectural foundations of Nordic modernism the development of Nordic Functionalism the maturing and expansion of Nordic modern architecture in the post war period international influences on Scandinavian modernism at the end of the twentieth century and finally the global and local currents found in contemporary Nordic architecture Superbly illustrated with 100 colour images

Bulletin of the International Labour Office International Labour Office, 1920 Vol 7 1912 contains as a supplement the Resolutions of the VIIth delegates meeting of the International Association for labour legislation

Macroeconomic Medium-Term Models in the Nordic Countries O. Bjerkholt, J. Rosted, 2017-07-19 This is the first major joint presentation of macroeconomic models of Denmark Finland Norway and Sweden Its origin is a selection of the presentations at a seminar on macroeconomic modelling in the Nordic countries held in Lyngby Denmark 8 9 October 1984 sponsored by the Nordic Ministries of Finance The book is concentrated around a thorough presentation of the main macroeconomic medium term models used in government planning and policy making in each of the four countries These models are in Denmark ADAM developed by the Central Statistical Office in Finland KESSU developed within the Ministry of Finance in Norway MODAG developed by the Central Bureau of Statistics and in Sweden EMMA developed within the Ministry of Finance An introduction to Nordic macroeconomic models is provided as well as significant features of the institutional use of models within governments in these countries On the basis of the data presented in the book the effects of devaluation wage increases and fiscal policy in the Nordic economies can be compared with each other as well as with other small open economies

One Year in Scandinavia: results of the Gospel in Denmark and Sweden ... By E. Snow, one of the twelve Apostles of the Church of Jesus Christ of latter-day Saints Erastus SNOW, 1851

Reform Capacity and Macroeconomic Performance in the Nordic Countries

Torben M. Andersen, Michael Bergman, Svend E. Hougaard Jensen, 2015-02-05 The outbreak of the financial crisis in 2008 has had significant effects on economic activity unemployment and public finances for all European countries However European economies do not form a homogenous region and any serious analysis of macroeconomic imbalances in Europe must account for the fact that different economic and political models and circumstances operate across the continent This book focuses on the Nordic countries Denmark Finland Iceland Norway and Sweden which have a relatively good record of undertaking fiscal and structural reforms after their own financial and debt crises in the 1980s and 1990s The Nordic countries are small and open economies well known for their high income levels high employment rates organized labour markets a relatively equal distribution of incomes and large public sectors From this perspective the book asks whether there are lessons that might be learned from the Nordic economies Is there a distinctive Nordic model that could be usefully followed by other small open economies in terms of fiscal and monetary policy design labour market policies and reforms and financial and housing market regulation It is inappropriate to define the Nordic model in terms of a common set of policies Since the key characteristics including the overarching objectives and supporting institutions have strong historical foundations copying and pasting them to other countries is not easily done Even though the Nordic experiences are not directly transferable they may add new knowledge about the importance of institutional design fiscal consolidation and structural reforms not only for

macroeconomic performance but also for how to preserve key objectives such as social balance and equity **Words: A User's Guide** Graham Pointon, Stewart Clark, 2014-06-03 Words A User's Guide is an accessible and invaluable reference that is ideal for students business people and advanced learners of English The book is structured in groups of words that may be confused because they sound alike look alike or seem to have similar meanings and this approach makes it much more intuitive and easy to use than a dictionary Contrasting over 5000 words such as habitable and inhabitable precipitation and rainfall reigns and reins Words a User's Guide provides examples of usage adapted from large national databases of contemporary English and illustrates each headword in typical contexts and phrases This book gives you straightforward answers and helps with pronunciation spelling style and levels of formality For those working internationally it presents international standards and compares usage in Britain and the USA Words A User's Guide is an excellent resource for anyone who wants to communicate well in written and spoken English At last A book about the use of words that clarifies and demystifies in an eminently usable way I would recommend it to anyone who wants to write well It is a book to keep Sandy Gilkes Head of the Centre for Academic Practice University of Northampton Rigorous fresh intriguing and downright useful it deserves a place on every properly stocked reference shelf Brian Cathcart Professor of Journalism Kingston University From the pedantic to the permissive everyone who's interested in the English language and the way we speak and write it will want a copy of this practical entertaining book Wynford Hicks author of Quite Literally and The Basics of English Usage
