This early work by S S Van Dine was originally published in 1930 and we are now republishing it with a brand new introduction

The Scarab Murder Case is one of Van Dine s novels of crime and mystery S S Van Dine was born Willard Huntington Wright in Charlottesville Virginia in 1888 He attended St Vincent College Pomona College and Harvard University but failed to graduate leaving to cultivate contacts he had made in the literary world

At the age of twenty one Wright began his professional writing career as literary editor of the Los Angeles Times In 1926 Wright published his first S S Van Dine novel The Benson Murder Case Wright went on to write eleven more mysteries The first few books about his upper class amateur sleuth Philo Vance were so popular that Wright became wealthy for the first time in his life His later books declined in popularity as the reading public s tastes in mystery fiction changed but during the late twenties and early thirties his work was very successful [The Scarab Murder Case](#) S. S. van Dine, 2018-03-29

Philo Vance was drawn into the Scarab murder case by sheer coincidence although there is little doubt that John F X Markham New York s District Attorney would sooner or later have enlisted his services But it is problematic if even Vance with his fine analytic mind and his remarkable flair for the subtleties of human psychology could have solved that bizarre and astounding murder if he had not been the first observer on the scene for in the end he was able to put his finger on the guilty person only because of the topsy turvy clues that had met his eye during his initial inspection

We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience *The Scarab Murder Case* S S Van Dine, 2020-08-26

Those clues highly misleading from the materialistic point of view eventually gave him the key to the murderer's mentality and thus enabled him to elucidate one of the most complicated and incredible criminal problems in modern police history. The brutal and fantastic murder of that old philanthropist and art patron Benjamin H. Kyle became known as the Scarab murder case almost immediately as a result of the fact that it had taken place in a famous Egyptologist's private museum and had centred about a rare blue scarabaeus that had been found beside the mutilated body of the victim. This ancient and valuable seal inscribed with the names of one of the early Pharaohs whose mummy had by the way not been found at the time constituted the basis on which Vance reared his astonishing structure of evidence. The scarab from the police point of view was merely an incidental piece of evidence that pointed somewhat obviously toward its owner but this easy and specious explanation did not appeal to Vance.

American art critic Willard Huntington Wright under the pseudonym of Dine when he wrote detective novels was an important figure in avant-garde cultural circles in pre-WWI New York and under the pseudonym which he originally used to conceal his identity he created the once immensely popular fictional detective Philo Vance a sleuth and aesthete who first appeared in books in the 1920s then in movies and on the radio.
