Scarlet Fever A Lifetime With Horses:

Scarlet Fever John Cusack,Ivor Herbert,1972

With the British Cavalry in 1914 Matthew Richardson,2024-04-30

Explores the experience of the British cavalry during the First World War from Mons to Ypres The opening months of the First World War were the golden sunset for the horsed regiments of the British army Whether they were Lancers Hussars or Dragoons their names were redolent of glory and grandeur Trained for shock tactics as well as scouting and reconnaissance several times in 1914 they clashed dramatically with their German counterparts on the battlefields of France Yet at the same time the role of the cavalry was shifting inexorably away from these romantic charges with trumpets gleaming lances and swirling sabres In the new warfare of the Twentieth Century the true value of these regiments was as an intensively trained highly mobile reserve Despite their misgivings about the role the Regular cavalry latterly with Yeomanry alongside them were also a highly effective force when fighting on foot Able to arrive quickly at trouble spots they were equally skilled with the rifle and on more than one occasion in 1914 they were able to retrieve a critical situation

Royal Marines in the First World War Matthew Richardson,2024-12-31 The Royal Marines had the distinction of serving in every major land campaign of the First World War as well as participating in most minor ones They also served afloat as an element of the Royal Navy For the greater part the morale and esprit de corps of the formation was second to none wherever its men found themselves and whatever challenges they faced This new history examines the participation of the corps in actions such as the defense of Antwerp the Gallipoli landings the Battle of the Somme the Zeebrugge Raid and the Allied intervention in North Russia It covers the Marines in action aboard ship at the Dardanelles and Jutland and throws a spotlight on the little known Royal Marines presence in the West Indies Flying Marines operated with the Royal Naval Air Service and Royal Flying Corps often with noted bravery Wherever possible the words used are those of the men who were there and these eye witness accounts some never before published offer an immediacy and freshness to this story

Ernest Ibbetson, Military Artist and Adventure Story Illustrator Frank A. Barrett,2008

1914 Matthew Richardson,2013-10-02 The opening battles of WWI s Western Front and the world changing advances in warfare are reexamined through eyewitness accounts from the trenches The 1914 campaign of World War I sparked by the German Army s invasion of Luxembourg Belgium and France marked a watershed in military history Advances in weaponry forced both sides to take to the earth in what became a grueling standoff of trench warfare In a bizarre mix of ancient and modern some of the last cavalry charges took place in the same theatre in which armoured cars motorcycles and aeroplanes were beginning to make their presence felt These dramatic developments were recorded in graphic detail by soldiers who were there in the trenches themselves Now with the benefit of these firsthand accounts historian Matthew Richardson offers a thoroughgoing reassessment of the 1914 campaign His vivid narrative emphasises the perspective of the private soldiers and junior officers of the British Army and includes full colour plates containing over one hundred illustrations 1914 Voices from the Battlefields was a Britain At War Magazine

Book of the Month in February 2014 *Retreat and Rearguard, Somme 1918* Jerry Murland, 2014-07-09 The German Spring offensive or Kaiserschlacht was a period of great danger for the Allies Both sides were exhausted after years of bitter fighting and huge losses While eventually catastrophically unsuccessful and the prelude to their final defeat the Germans forced the Allies back over hard won ground until the tide turned Historian Jerry Murland has researched and visited the scenes of desperate actions during late March 1918 He describes in graphic detail the battles fought by British Irish and South African regiments in the area from St Leger in the North to La Fere in the South He unearths the extraordinary stories of unit and individual courage He also examines the work of the Royal Engineers who blew bridges and disrupted lines of communication This original approach covers battles that in many cases have only been described briefly in official histories The book is a useful companion for any battlefield visitor **Horsemen in No Man's Land** David Kenyon, 2020-01-24 An in depth look at the contributions of the British cavalry during World War I Of what use was the British cavalry during the years of trench warfare on the Western Front On a static battlefield dominated by the weapons of the industrial age by the machine gun and massed artillery the cavalry was seen as an anachronism It was vulnerable to modern armaments of little value in combat and a waste of scarce resources At least that is the common viewpoint Indeed the cavalry have been consistently underestimated since the first histories of the Great War were written But in light of modern research is this the right verdict David Kenyon seeks to answer this question in his thought provoking new study His conclusions challenge conventional wisdom on the subject they should prompt a radical reevaluation of the role of the horseman on the battlefields of France and Flanders a century ago Using evidence gained from research into wartime records and the eyewitness accounts of the men who were there who saw the cavalry in action Kenyon reassesses the cavalry's contribution and performance He offers insight into cavalry tactics and the spirit of the cavalymen of the time He also examines how the cavalry combined with the other arms of the British army in particular the tanks His well balanced and original study is essential reading for students of the Western Front and for anyone who is interested in the long history of cavalry combat **A Text-book of the Practice of Equine Medicine** William Robertson, 1883 **Horse Guards** Barney White-Spunner, 2006 Along with period paintings objects and maps from the Household Cavalry's archives and museum this book takes the reader on a 350 year historical narrative from Cromwell and the English Civil Wars James II and the Battle of Sedgemoor through Wellington and Waterloo and Victoria and the Boer Wars right through to Churchill and the WWII **Horsemanship** Ellen B. Wells, 1985 *The Cross and the Trenches* Richard Schweitzer, 2003-05-30 Drawing on the testimony of over 500 British and American soldiers the author provides an in depth account of topics such as soldiers prayers and biblical readings as well as religious doubts
