Scenes From The Marriage Of Louis Xiv:

Scenes from the Marriage of Louis XIV Abby E. Zanger, 1997 This book radically revises our understanding of the construction of symbolic power in the age of absolutism by examining the fictions that emerge from visual narrative and ceremonial representations of and reactions to the 1660 marriage of Louis XIV to the Spanish infanta Drawing on semiotics the history of theater and spectacle gender studies and anthropology the author reconsiders the nature of representation in absolutist political culture The book is not intended as a history of the marriage Rather the author analyzes in detail exemplary moments or scenes from the royal wedding in particular uncovering the dialectic at the heart of nuptial fictions Like the kinship exchange out of which they emerge fictions of marriage manipulate antagonistic forces in the service of promoting the political culture of absolutism The nuptial fiction portrays a king who though central is not yet absolute and who depends on images and representational forms to become visible His perceived power relies on appendages such as the queen and forms like print fireworks and drama A calculus of addition this dependence is invisible from within the models previously used to explore the representation of sovereignty models based on rituals of substitution like the funeral rite Though the fictions generated during Louis XIV s marriage are not the principal ones of his rule they do affect the portrait of the king and provide insight into the making of an image scholars too frequently take for granted Studying nuptial fictions invites us to reexamine clich's about the representation of absolutist power generalizations that do not fully characterize the less monumental but equally crucial periods of Louis XIV s kingship **Significant Others** Zita Eva Rohr, Jonathan W. Spangler, 2021-08-30 Significant Others explores the transformative possibilities of alterity or otherness and offers concrete case studies that provide a greater understanding and nuance with regard to aspects of deviance and difference in premodern court cultures Both public and nominally private spaces were subject to the important influence of significant others such as women ethno religious minorities and marginalized and or difficult to categorize men From their positions within and ties to court cultures these diverse outsiders others played crucial roles in maintaining a fluidity essential for the successful sustaining of territorial monarchies and polities challenging our understanding of the more narrowly defined elite behaviours that shaped premodern dynasties rulers societies and cultures of the past By exploring a variety of case studies from history and literature such as Moroccan Jews as dhimmis protected persons to bastards mistresses and sodomites in ancien r gime France to the transformative role of magic in Sir Gawain and the Green Knight this volume makes use of empirical and contextually informed research to respond to theoretical questions posed by recent historiography With a cross disciplinary approach this collection of essays will be a valuable resource for all students and scholars interested in the diverse aspects and contexts of premodern others From Louis XIV to Napoleon Professor Jeremy Black, Jeremy Black, 2013-04-03 Much of the period 1661 1815 appeared to be the age of France France was the greatest power in Western Europe in the late seventeenth and eighteenth centuries and Louis XIV and Napoleon seemed to dominate their periods yet

when Louis XIV died in 1715 and again after Napoleon's attempt to resume power was defeated at Waterloo a century later France appeared as a waning power This failure in Europe was matched on the world scale France was overtaken by Britain in the struggle for maritime predominance and ended the period with her empire in ruins From Louis XIV to Napoleon is a scholarly yet accessible account which considers why France was not more successful and throws light on French history international relations warfare and the rise and fall of French power Early Modern Dynastic Marriages and Cultural Transfer Joan-Lluis Palos, Magdalena S. Sanchez, 2017-05-15 Toward the end of the fifteenth century the Habsburg family began to rely on dynastic marriage to unite an array of territories eventually creating an empire as had not been seen in Europe since the Romans Other European rulers followed the Habsburgs lead in forging ties through dynastic marriages Because of these marriages many more aristocrats especially women left their homelands to reside elsewhere Until now historians have viewed these unions from a primarily political viewpoint and have paid scant attention to the personal dimensions of these relocations Separated from their family and thrust into a strange new land in which language attire religion food and cultural practices were often different these young aristocrats were forced to conform to new customs or adapt their own customs to a new cultural setting Early Modern Dynastic Marriages and Cultural Transfer examines these marriages as important agents of cultural transfer emphasizing how marriages could lead to the creation of a cosmopolitan culture common to the elites of Europe These essays focus on the personal and domestic dimensions of early modern European court life examining such areas as women s devotional practices fashion patronage and culinary traditions The Lure and Legacy of Music at Versailles John Hajdu Heyer, 2014-11-06 Taking its departure from King Louis XIV s 1660 visit to Provence this book reveals the remarkable musical developments that followed Controversy in French Drama J. Prest, 2014-01-01 In 1664 Moli re s Tartuffe was banned from public performance This book provides a detailed in depth account of five year struggle 1664 69 to have the ban lifted and so doing sheds important new light on 1660s France and the The Body of the Queen Regina Schulte, 2006 How many bodies does a queen have What is the ancien r gime more broadly significance of multiple bodies How has the gendered body been constructed and perceived within the context of the European courts during the course of the past five centuries These are some of the questions addressed in this anthology a contribution to the ongoing debate provoked by Ernst H Kantorowicz in his seminal work from 1957 The King s Two Bodies On the basis of both textual self presentations and visual representations a gradual transformation of the queen appears A sacred providential figure in medieval and early modern period an ideal bourgeois wife during the late 18th and 19th Centuries and a star like re presentation of royalty during the past century Twentieth century mass media has produced the celebrity and film star queens personified by the contested and enigmatic Nefertiti of ancient Egypt the mysterious Elizabeth Sisi of Austria Grace Kelly as Queen of both Hollywood and Monaco and Romy Schneider as the invented Empress Picturing Marie Leszczinska (1703-1768) Jennifer Germann, 2017-07-05 Portraits of Queen Marie Leszczinska 1703

1768 were highly visible in eighteenth century France Appearing in royal ch aux and after 1737 in the Parisian Salons the queen s image was central to the visual construction of the monarchy Her earliest portraits negotiated aspects of her ethnic difference French gender norms and royal rank to craft an image of an appropriate consort to the king Later portraits by Maurice Quentin de La Tour Carle Van Loo and Jean Marc Nattier contributed to changing notions of queenship over the course of her 43 year tenure Whether as royal wife devout consort or devoted mother Marie Leszczinska s image mattered While she has often been seen as a weak consort this study argues that queenly images were powerful and even necessary for Louis XV s projection of authority This is the first study dedicated to analyzing the queen s portraits It engages feminist theory while setting the queen s image in the context of portraiture in France courtly factional conflict and the history of the French monarchy While this investigation is historically specific it raises the larger problem of the power of women s images versus the empowerment of women a challenge that continues to plague the representation of political women today

Scene Design at the Court of Louis XIV Frederick Paul Tollini, 2003 This study adds another insight into the period of Louis XIV that the confluence of the theatrical arts from older traditions developed to shape a distinctly French style which all pertained to the glorification of the Sun King While previous studies have stressed the literary and musical side of the performances of the period this study examines the settings and scene designs which completed the picture of the royal mythologies Besides giving an account of the festivities of Versailles and other venues and setting them in their social environment this work relates the spectacles to the political and social milieu incorporating both contemporary literary **Performative Polemic** Kathrina Ann LaPorta, 2021-06-21 Performative Polemic is the first theory and cultural history literary historical study to analyze the war of words unleashed in the pamphlets denouncing Louis XIV s absolute monarchy between 1667 and 1715 As conflict erupted between the French ruler and his political enemies pamphlet writers across Europe penned scathing assaults on the Sun King s bellicose impulses and expansionist policies This book investigates how pamphlet writers challenged the monarchy's monopoly over the performance of sovereignty by contesting the very mechanisms through which the crown legitimized its authority at home and abroad Author Kathrina LaPorta offers a new conceptual framework for reading pamphlets as political interventions asserting that an analysis of the pamphlet s form is crucial to understanding how pamphleteers seduced readers by capitalizing on existing markets in literature legal writing and journalism Pamphlet writers appeal to the theater going public that would have been attending plays by Moli re and Racine as well as to readers of historical novels and periodicals Pamphleteers entertained readers as they attacked the performative circuitry behind the curtain of monarchy **Desperate Measures** Claire Fontijn, 2006-10-19 Publisher **Architectures of Festival in Early Modern Europe** J.R. Mulryne, Krista De Jonge, Pieter Martens, R.L.M. description Morris, 2017-10-25 This fourth volume in the European Festival Studies 1450 1700 series breaks with precedent in stemming from a joint conference Venice 2013 between the Society for European Festivals Research and the PALATIUM project

supported by the European Science Foundation The volume draws on up to date research by a Europe wide group of academic scholars and museum and gallery curators to provide a unique intellectually stimulating and beautifully illustrated account of temporary architecture created for festivals of the sixteenth and seventeenth centuries together with permanent architecture pressed into service for festival occasions across major European locations including Italian French Austrian Scottish and German Appealing and vigorous in style the essays look towards classical sources while evoking political and practical circumstances and intellectual concerns from re shaping and re conceptualizing early sixteenth century Rome through providing for the well being and political allegiance of Medici era Florentines and exploring the teasing aesthetics of performance at Versailles to accommodating players and spectators in seventeenth century Paris and at royal and ducal events for the Habsburg French and English crowns The volume is unique in its field in the diversity of its topics and the range of its scholarship and fascinating in its account of the intellectual and political life of Early Modern Europe Sun King at Sea Meredith Martin, Gillian Weiss, 2022-01-04 Winner of the 2023 Leo Gershov Award 2023 Winner of The David H Pinkney Prize Honorable Mention for The Mediterranean Seminar Best Book Prize 2023 Winner of the 2022 Kenshur Prize Shortlisted for Apollo Magazine's 2022 Book of the Year This richly illustrated volume the first devoted to maritime art and galley slavery in early modern France shows how royal propagandists used the image and labor of enslaved Muslims to glorify Louis XIV Mediterranean maritime art and the forced labor on which it depended were fundamental to the politics and propaganda of France's King Louis XIV r 1643 1715 Yet most studies of French art in this period focus on Paris and Versailles overlooking the presence or portrayal of galley slaves on the kingdom's coasts By examining a wide range of artistic productions ship design artillery sculpture medals paintings and prints Meredith Martin and Gillian Weiss uncover a vital aspect of royal representation and unsettle a standard picture of art and power in early modern France With an abundant selection of startling images many never before published The Sun King at Sea emphasizes the role of esclaves turcs enslaved Turks rowers who were captured or purchased from Islamic lands in building and decorating ships and other art objects that circulated on land and by sea to glorify the Crown Challenging the notion that human bondage vanished from continental France this cross disciplinary volume invites a reassessment of servitude as a visible condition mode of representation and symbol of sovereignty during Louis XIV s reign **London and Its Environs** Karl Baedeker (Firm),1915

Memoirs of Louis XIV and His Court and of the Regency — Complete Louis de Rouvroy duc de Saint-Simon,2019-11-19 In Memoirs of Louis XIV and His Court and of the Regency Louis de Rouvroy duc de Saint Simon gives readers an incisive and vivid portrayal of the French court during the reign of the Sun King Louis XIV and the subsequent regency Written in a distinctive style that marries meticulous detail with a keen observant wit Saint Simon s memoirs provide a rich tapestry of court life politics and social intrigue His narrative is characterized by an emotionally charged occasionally cynical tone that reflects the complexities and decadence of the French aristocracy while

contextualizing the broader history of France in the late 17th and early 18th centuries As a primary source of the period this work sheds light on the dynamics of power and privilege that defined the era Louis de Saint Simon was himself a nobleman of the French court which afforded him a unique vantage point from which to observe the activities and machinations of influential figures His firsthand experiences and prodigious memory empower his accounts creating an authentic resonance that makes his observations compelling The motivations behind his writings were equally personal as he sought to document not only history but also to illuminate the moral failings and triumphs of his contemporaries particularly his fellow noblemen This complete edition of Saint Simon's memoirs is highly recommended for those interested in French history literature and political dynamics As a vivid and personal narrative it is a treasure for historians and literary scholars alike offering an unparalleled glimpse into the lives of those at the center of one of history's most opulent and turbulent courts Memoirs of Louis XIV and the Regency Louis de Rouvroy duc de Saint-Simon, 1901 Memoirs on the Reign of Louis XIV, and the Regency Louis de Rouvroy (Duke de Saint-Simon Vermandois.),1876 Louis XIV G.R.R. Treasure, 2018-10-24 Louis IV represents the apogee of French royal power and the Ancien Regime Having restored the nation's finances and rebuilt the army he embarked on a series of wars of conquest which made France universally feared and respected as the central power of continental Europe In the age of Moliere Corneille Racine et al French culture blossomed at the court of Versailles The counterpoint to these achievements was the emasculation of the political and legal institutions that might have limited the exercise of the royal will In this new history Geoffrey Treasure explores a unique combination of a personal philosophy moulded by absolutist thinking and propaganda and by Marzarin's deliberate training He examines the influences and traits which permitted the growth of this particular exercise of power and its descent into an absolutism that ultimately set France on the road to 1789 **Portraits of Men** Charles Augustin Sainte-Beuve, 1891 Louis XIV, and the Court of France in the Seventeenth Century Julia Pardoe, 1847
