Selected Letters of Fletcher (c) , *Ezra Pound and the Appropriation of Chinese Poetry* Ming Xie, 2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century The author explores the be concerned as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century *The Modern Portrait Poem* Frances Dickey, 2012-06-29 In *The Modern Portrait Poem* Frances Dickey recovers the portrait as a poetic genre from the 1860s through the 1920s Combining literary and art history she examines the ways Dante Gabriel Rossetti Algernon Swinburne and J M Whistler transformed the genre of portraiture in both painting and poetry She then shows how their new ways of looking at and thinking about the portrait subject migrated across the Atlantic to influence Ezra Pound T S Eliot William Carlos Williams Amy Lowell E E Cummings and other poets These poets creatively exposed the Victorian portrait to new influences ranging from Manet's realism to modern dance Futurism and American avant garde art They also condensed expanded and combined the genre with other literary modes including epitaph pastoral and Bildungsroman Dickey challenges the tendency to view Modernism as a break with the past and as a transition from aural to visual orientation She argues that the Victorian poets and painters inspired the new generation of Modernists to test their vision of Aestheticism against their perception of modernity and the relationship between image and text In bridging historical periods national boundaries and disciplinary distinctions Dickey makes a case for the continuity of this genre over the Victorian Modernist divide and from Britain to the United States in a time of rapid change in the arts *The Penguin Book of the Prose Poem* Jeremy Noel-Tod, 2018-11-29 A wonderful book an invigorating revelation An essential collection of prose poems from across the globe by old masters and new reveals the form's astonishing range Kate Kellaway Observer A superb anthology it is hard to know how it could possibly be bettered Daily Telegraph This is the prose poem a genre with an oxymoron for a name one of literature's great open secrets and the home for over 150 years of extraordinary work by many of the world's most beloved writers This uniquely wide ranging anthology gathers essential pieces of writing from every stage of the form's evolution beginning with the great flowering of recent years before moving in reverse order through the international experiments of the 20th century and concluding with the prose poem's beginnings in 19th century France

Edited with an introduction by Jeremy Noel Tod *Prospice*, 1987 **Small Press Record of Books in Print** Len
 Fulton, 1994 Agenda William Cookson, 1994 **The Literature of Connection** David Trotter, 2020-06-10 This book is
 about some of the ways in which the world got ready to be connected long before the advent of the technologies and the
 concentrations of capital necessary to implement a global network society It investigates the prehistory not of the
 communications revolution brought about by advances in electronic digital computing from 1950 onwards but of the
 principle of connectivity which was to provide that revolution with its justification and rallying cry Connectivity's core
 principle is that what matters most in any act of telecommunication and sometimes all that matters is the fact of its having
 happened During the nineteenth century the principle gained steadily increasing traction by means not only of formal
 systems such as the telegraph but of an array of improvised methods and signalling devices These methods and devices
 fulfilled not just an ever more urgent need but a fundamental recurring desire for near instantaneous real time
 communication at a distance Connectivity became an end in itself a complex vivid unpredictable romance woven through the
 enduring human desire and need for remote intimacy Its magical enhancements are the stuff of tragedy comedy satire elegy
 lyric melodrama and plain description of literature in short The book develops the concepts of signal medium and interface to
 offer in its first part an alternative view of writing in Britain from George Eliot and Thomas Hardy to D H Lawrence Hope
 Mirrlees and Katherine Mansfield and in its second case studies of European and African American fiction and of interwar
 British cinema designed to open the topic up for further enquiry **Invisible Fences** Steven Monte, 2000-01-01 For all its
 recent popularity among poets and critics prose poetry continues to raise more questions than it answers How have prose
 poems been identified as such and why have similar works been excluded from the genre What happens when we read a
 work as a prose poem How have prose genres such as the novel affected prose poetry and modern poetry in general In
 Invisible Fences Steven Monte places prose poetry in historical and theoretical perspective by comparing its development in
 the French and American literary traditions In spite of its apparent formal freedom prose poetry is constrained by specific
 historical circumstances and is constantly engaged in border disputes with neighboring prose and poetic genres Monte
 illuminates these constraints through an examination of works that have influenced the development of the prose poem as
 well as through a discussion of genre theory and detailed readings of poems ranging from Charles Baudelaire's *La Solitude* to
 John Ashbery's *The System* Monte explores the ways in which literary historical narratives affect interpretation why for
 example prose poetry tends to be seen as a revolutionary genre and how this perspective influences readings of individual
 works The American poets he discusses include Ralph Waldo Emerson William Carlos Williams T S Eliot Gertrude Stein and
 Ashbery the French poets range from Baudelaire Arthur Rimbaud and Stephane Mallarmé to Max Jacob In exploring prose
 poetry as a genre Invisible Fences offers new perspectives not only on modern poetry but also on genre itself challenging
 current theories of genre with a test case that asks for yet eludes definition *Modernism, Christianity and Apocalypse*
