Scholars of the Heart Samuel Gorley Putt,1962 Essays on pre war and present day authors     *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries     **The Green Avenue** Brian Taylor,1980-10-30 Originally published in 1980 this was the first study of author Forrest Reid 1875 1947 for over twenty five years     **Visions of War** M. Paul Holsinger,Mary Anne Schofield,1992 For Americans World War II was a good war a war that was worth fighting Even as the conflict was underway a myriad of both fictional and nonfictional books began to appear examining one or another of the raging battles These essays examine some of the best literature and popular culture of World War II Many of the studies focus on women several are about children and all concern themselves with the ways that the war changed lives While many of the contributors concern themselves with the United States there are essays about Great Britain Canada France Germany Poland Russia and Japan     *Drama Criticism [by]* Arthur Coleman and Gary R. Tyler Arthur Coleman,Gary R. Tyler,1966

**Drama Criticism** Arthur Coleman,Gary R. Tyler,1966     The Use and Abuse of Literature Marjorie Garber,2012-04-03 In this deep and engaging meditation on the usefulness and uselessness of reading in the digital age Harvard English professor Marjorie Garber aims to reclaim literature from the periphery of our personal educational and professional lives and restore it to the center as a radical way of thinking But what is literature anyway how has it been understood over time and what is its relevance for us today Who gets to decide what the word means Why has literature been on the defensive since Plato Does it have any use at all other than serving as bourgeois or aristocratic accoutrements attesting to one s worldly sophistication and refinement of spirit What are the boundaries that separate it from its commercial instance and from other more mundane kinds of writing Is it as most of us assume good to read much less study and what would that mean
