In early modern England epitomes texts promising to pare down abridge or sum up the essence of their authoritative sources provided readers with key historical knowledge without the bulk expense or time commitment demanded by greater volumes Epic poets in turn

addressed the habits of reading and thinking that for better and for worse were popularized by the publication of predigested works Analyzing popular texts such as chronicle summaries abridgements of sacred epic and abstracts of civil war debate Chloe Wheatley charts the efflorescence of a lively early modern epitome culture and demonstrates its impact upon Edmund Spenser s *The Faerie Queene* Abraham Cowley s *Davideis* and John Milton s *Paradise Lost* Clearly and elegantly written this new study presents fresh insight into how poets adapted an important epic convention the representation of the hero s confrontation with summaries of past and future to reflect contemporary trends in early modern history writing
