ABSTRACT

This document strives to answer questions about school choice, such as what does school choice mean, what does school choice look like?, and what are the likely consequences of giving parents greater voice in their children's education? Reports are grouped into three thematic chapters. In Chapter 1, "Public-Public Choice," reports include: "Family Choice Arrangements in Public Schools: A Review of the Literature" (Mary Anne Raywid); "Parent Involvement and Teacher Decision Making in Urban High Schools of Choice" (Patricia A. Hurd and Ellen M. Goldring); "Parent Involvement and School Choice: Exit and voice in Public Schools" (Rodney C. Ogawa and Jo Sargent Dutton); and "SES and Demographic Predictors of Magnet School Enrollment" (Doug Archbald). Chapter 2, "Semi-Private Choice," contains the following reports: "Charter Schools: A Primer on the Issues" (Sandra Vergara); "Tracking the Charter School Movement" (Arn M. Schneider); "The State of Charter Schools 2000: Ninth-Year Report" (Beryl Nelson and others); "The Thinking Behind Arizona's Charter Movement" (Gregg Gann); "Charter School Reform in California: Does It Meet Expectations?" (Amy Stuart Wells and others); "First Lessons: Charter Schools as Learning Communities" (Principella Wehstecker and Kelli C. Griffin); "Charter Schools: Serving Disadvantaged Youth" (Bruno V. Manu, Gregg Vancurek, and Chester E. Finn, Jr.); "Charter Schools and the Law: Emerging Issues" (Charles J. Russo and Joseph S. Ransucci); "For-Profit Charter Schools: What the Public Needs to Know" (Christy Lancaster Dykeman and Shirley Kaye Lewis); and "For-Profit Charter Schools and Students with Disabilities: The Sordid Side of the Business of Schooling" (Kandy J. Rollers and Arun K. Ramachandran). Chapter 3, "Public-Private Choice," includes "Some Things You May Want to Know about Tuition Tax Credits" (Russell I. Thackrey); "Tuition Tax Credits and Education Vouchers: Private Interests and the Public Good" (Doris M. Doyle); "The Consequences of School Choice: Who Leaves and Who Stays in the Inner City" (Valerie C. Martinez and others); "Educational Vouchers: Effectiveness, Choice, and Costs" (Barry H. Levin); "The Milwaukee Voucher Experiment" (John F. Witte); and "Free Market Policies and Public Education: What is the Cost of Choice?" (Kim K. Metcalf and Polly A. Tait). Each chapter begins with an

School Choice In America The Great Debate Hot Topics Series:

School Choice in America Kim K. Metcalf, Patricia A. Muller, Natalie A. Legan, 2001 **Charter Schools** Thomas Zacharaiah Murphy, 2002 Education is a perennially vexing issue in American life What exactly is the best system for teaching Proponents of charter schools believe that competition is the key public schools will improve if they have to compete for students Charters themselves are public schools but ones run by any group accepting the challenge of improving student performance in return for fewer regulations and tight budget restrictions In short charter schools have defined focus and clear accountability Those opposing the charter movement though claim that charter schools are divisive and distract attention from public school needs Some politicians have shown approval of charter schools as evidenced by President George W Bush s bill for funding charter programs This book aims to clear up some of the questions around charter schools and can help answer the questions surrounding the future of the American education system **Current Issues in Educational Policy and the Law** Kevin G. Welner, Wendy C. Chi, 2008-02-01 Educational policy controversies in the United States invariably implicate legal issues Policy debates about testing and school choice for example cannot be disentangled from legal rights and mandates The same is true for issues such as funding campus safety speech and religion rights as well as the teaching of immigrant students Written for a general audience this new twelve chapter book explores these compelling educational policy issues through that legal lens building an understanding of both law and policy The book s editors are Kevin Welner associate professor of educational policy at the University of Colorado at Boulder and Wendy Chi a doctoral candidate at Boulder Both Welner and Chi are lawyers as well as educational scholars **Regional Strategy Meetings on Choice in Education** , 1989 *IJER Vol 1-N3* International Journal of Educational Reform, 1992-07-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world *School Choice*

Legislative Proposals United States. Congress. House. Committee on Education and the Workforce. Subcommittee on Early Childhood, Youth, and Families, 1998 **American Reference Books Annual, 2000** Bohdan S. Wynar, Shannon M. Graff, 2000-03 Thorough and in depth coverage of reference materials is at your fingertips with American Reference Books Annual With nearly 1600 descriptive and evaluative entries it continues its tradition as a comprehensive review source for reference works published or distributed in the United States It encompasses the entire subject spectrum covering such areas as general reference history education literature urban studies economics and business and science and technology Some CD ROMs and Canadian reference publications are covered **The Oxford Companion to United States History** Paul S. Boyer, Melvyn Dubofsky, 2001 In this volume that is as big and as varied as the nation it portrays are over 1 400 entries written by some 900 historians and other scholars illuminating not only America s political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion

Congressional Record United States. Congress, 2001 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Resources in Education , 2001-10 **African American History** Joanne Turner-Sadler, 2009 Every year more colleges and high schools are offering classes and often making them required classes in black history Joanne Turner Sadler provides a concise and probing treatment of 400 years of black history in America that can be used with age groups ranging from lower high school to college In African American History An Introduction the author touches on key figures and events that have shaped African American culture beginning with a look at Africa and its various civilizations and the migration of the African people to America Some essential topics covered are the struggle with slavery the role African Americans played in America s wars including the current war in Iraq race riots and unions the NAACP civil rights and black power movements the Harlem Renaissance issues in education the journey into the West legal cases such as Plessy vs Ferguson and Brown vs Board of Education African Americans as athletes entertainers and statesmen This book is an indispensable addition to all library collections as well as a teaching tool for instructors It is heavily illustrated photos maps timelines with useful end of the chapter questions and activities for further study and includes a handy bibliography of suggested readings and an index New in this edition is a section on the historic election of Barack Obama the first African American president of the United States Interesting connections Obama has to past presidents are explored as well This edition also contains enhanced discussions of Colin Powell and Condoleezza Rice and the historic positions both held School Library Journal , 2004

Western Journal of Education , 1896 **Gifted Students and Inclusion** Sarah Schaffer, 1996 Contains journal articles and excerpts from books published between 1993 and 1996 *The American Dream and the Public Schools* Jennifer L.

Hochschild, Nathan Scovronick, 2004-10-21 *The American Dream and the Public Schools* examines issues that have excited and divided Americans for years including desegregation school funding testing vouchers bilingual education and ability grouping While these are all separate problems much of the contention over them comes down to the same thing an apparent conflict between policies designed to promote each student's ability to succeed and those designed to insure the good of all students or the nation as a whole The authors show how policies to promote individual success too often benefit only those already privileged by race or class and often conflict with policies that are intended to benefit everyone They propose a framework that builds on our nation's rapidly changing population in order to help Americans get past acrimonious debates about schooling Their goal is to make public education work better so that all children can succeed

The Virginia School Journal, 1898 Includes Official department conducted by Superintendent of Public Instruction

Presidential Debates : The Challenge of Creating an Informed Electorate The Annenberg School for Communication University of Pennsylvania Kathleen Hall Jamieson Dean, Department of Speech Baruch College David S. Birdsell Assistant Professor, City University of New York, 1988-10-13 Presidential debates have had mixed reviews Advocates praise debates as a way of making issues more central to the campaign Others criticize them as little more than joint press conferences How important are these debates Do they really test knowledge and vision Do they sort good ideas from bad or reveal important character traits and habits of mind In short do they provide voters with what they need to know to choose a president To address these questions the authors place contemporary debates in their cultural and historical context tracing their origins and development in the American political tradition from the eighteenth century to the present Although the Kennedy Nixon TV confrontations were an historical first debate was an element of American electoral politics by 1788 and a staple of policy deliberation throughout the colonial period Indeed much of the confusion over the value of debates stems in part from the long tradition of political debating in America Thus to make the most productive use of debate in modern presidential politics the authors argue we must respond to the history of this tradition The book concludes with recommendations to preserve the best elements of traditional debate while adapting to the requirements of the broadcast age The reforms they advocate include substantive debates between major party representatives between elections alternative formats use of visual aids in debates follow up press conferences a focus on fewer issues and increased experimentation in the primaries Presidential debates provide voters with a rare opportunity to evaluate political reasoning on complex issues In suggesting ways to make presidential debates even more effective this thought provoking volume makes an important contribution to America's political future

The Cataloger in His Own Defence Charles Martel, 1915 Research in Education, 1972 **Michigan School Moderator**, 1919
