Wiegand,2021-10-12 The first comprehensive history of American public school librarianship Can I get a library pass Over the past 120 years millions of American K 12 public school students have asked that question Still we know little about the history of public school libraries which over the decades were pulled together and managed by hundreds of thousands of school librarians In American Public School Librarianship Wayne A Wiegand recounts the unseen history of both school libraries and their librarians Why Wiegand asks did school librarianship turn out the way it did And what can its history tell us about limitations and opportunities in the coming decades of the twenty first century Addressing issues of race social class gender and sexual orientation among others as they affected American public school librarianship throughout its history Wiegand explores how libraries were transformed by the Great Depression the civil rights era Lyndon Johnson s Great Society programs and more recent legislation like No Child Left Behind Common Core and the Every Student

Kahlenberg,2004-05-13 This provocative book asks a simple question since we know that middle class schools tend to work best why not give every child in America the opportunity to attend a public school in which the majority of students come from middle class households Economically integrated schools the author argues will do far more to promote achievement and equal opportunity than vouchers standards class size reduction or any of the other leading education proposals on the left and right that seek to make separate but equal schools work Building on two recent education trends the decline in racial desegregation as a legal tool and the movement toward greater public school choice All Together Now provides a blueprint for creating schools that educate children from various backgrounds under one roof Concurring with the concerns of voucher proponents about the unfairness of trapping poor kids in failing schools the book provides a practical viable and legally sound plan for promoting economic and racial integration among public schools *Desegregated Schools* Ray C. Rist,1979
