School for Hawaiian Girls Georgia McMillen, 2005 A novel of secrets intrigue surprise and discovery Forget everything you've heard about happy go lucky Hawaiians living in an island paradise as one of the characters says It's an island and we're Hawaiian But that's about it In the green depth of memory where the dead whisper to the living Georgia Ka'apuni McMillen weaves a tale as lush and mysterious as the landscape of her story Hawaii Weaving back and forth in time from the 1920s to the 1980s the SCHOOL FOR HAWAIIAN GIRLS explores the lineage of the Kahula family besotted by tragedy and buried in secrets At the heart of the story is the murder and rape of sixteen year old Lydia Kahula Her younger brother Sam exacts revenge for his sister's death and is determined to free himself by whatever means necessary from his family's history of struggle and poverty *School for Hawaiian Girls* Georgia Ka'apuni McMillan, 2009-07 [School for Hawaiian Girls](#) Georgia Ka'apuni-McMillen, 2002-02 In 1922 a Hawaiian school girl is murdered in a sugarcane field Exposing the murderer is second to Georgia Ka'apuni McMillan's chief concern School for Hawaiian Girls explores why the victim's family begins to forget her and how a generation later they learn to remember **Bulletin**, 1920 **Bulletin** United States. Bonura, 2017-10-31 At the end of the 1800s when Oberlin graduate Ida May Pope accepted a teaching job at Kawaiaha'o Seminary a boarding school for girls she couldn't have imagined it would become a lifelong career of service to Hawaiian women or that she would become closely involved in the political turmoil soon to sweep over the Kingdom of Hawaii Light in the Queen's Garden offers for the first time a day by day accounting of the events surrounding the coup d'état as seen through the eyes of Pope's young students Author Sandra Bonura uses recently discovered primary sources to help enliven the historical account of the 1893 Hawaiian Revolution that happened literally outside the school's windows Queen Lili'uokalani's adopted daughter's long lost oral history recording many of Pope's teaching contemporaries unpublished diaries letters and scrapbooks and rare photographs tell a story that has never been told before Towering royal personages in Hawaii's history King Kalikau Queen Lili'uokalani and Princess Kaiulani appear in the book as Ida Pope sheltered Hawaii's daughters through the frightening and turbulent end of their sovereign nation Pope was present during the life celebrations of the king and then his sad death rituals She traveled with Lili'uokalani on her controversial trip to Kalaupapa to visit Mother Marianne Cope and afflicted pupils In 1894 with the endorsement of Lili'uokalani and Charles Bishop Pope helped to establish the Kamehameha School for Girls funded by the estate of Princess Pauahi Bishop and became its first principal Inspired by John Dewey and others she shaped and reshaped Kamehameha's curriculum through a process of conflict and compromise Fired up by the era's doctrine of social

and vocational relevance she adapted the curriculum to prepare her students for entry into meaningful careers Lili uokalani s daughter Lydia Aholo was placed in the school and Pope played a significant role in mothering and shaping her future especially during the years the queen was fighting to restore her kingdom As Hawai i moved into the twentieth century under a new flag Pope tenaciously confronted the effects of industrialization and the growing concentration of outside economic power working tirelessly to attain social reforms to give Hawaiian women their rightful place in society *The Story of the Program, 1923-1925* Episcopal Church. A Survey of Education in Hawaii ,1920 An American Girl in the Hawaiian Islands Sandra E. Bonura, Deborah Day, 2012-09-30 When twenty three year old Carrie Prudence Winter caught her first glimpse of Honolulu from aboard the Zealandia in October 1890 she had never seen anything so beautiful She had been traveling for two months since leaving her family home in Connecticut and was at last only a few miles from her final destination Kawaiaha o Female Seminary a flourishing boarding school for Hawaiian girls As the daughter of staunch New England Congregationalists Winter had dreamed of being a missionary teacher as a child and reasoned that teaching for a few years among the Sandwich Islands seemed particularly attractive while her fianc pursued a science degree During her three years at Kawaiaha o Winter wrote often and at length to her beloved Charlie her lively and affectionate letters provide readers with not only an intimate look at nineteenth century courtship but many invaluable details about life in Hawai i during the last years of the monarchy and a young woman s struggle to enter a career while adjusting to surroundings that were unlike anything she had ever experienced In generous excerpts from dozens of letters Winter describes teaching and living with her pupils her relationships with fellow teachers and her encounters with Hawaiian royalty in particular Kawaiaha o enjoyed the patronage of Queen Lili uokalani whose adopted daughter was enrolled as a pupil and members of influential missionary families as well as ordinary citizens She discusses the serious health concerns leprosy smallpox malaria that irrevocably affected the lives of her students and took a keen if somewhat naive interest in relaying the political turmoil that ended in the annexation of the Hawaiian Islands by the U S in 1898 The book opens with a magazine article written by Winter and published while she was still teaching at Kawaiaha o which humorously recounts her journey from Connecticut to Hawai i and her arrival at the seminary The work is augmented by more than fifty photographs four autobiographical student essays and an appendix identifying all of Winter s students and others mentioned in the letters A foreword by education historian C Kalani Beyer provides a context for understanding the Euro centric and assimilationist curriculum promoted by early schools for

When Women Ruled the Pacific Joy Schulz, 2023-08 Throughout the nineteenth century British and American imperialists advanced into the Pacific with catastrophic effects for Polynesian peoples and cultures In both Tahiti and Hawai i women rulers attempted to mitigate the effects of these encounters utilizing their power amid the destabilizing influence of the English and Americans However as the century progressed foreign diseases devastated the Tahitian and Hawaiian populations and powerful European militaries jockeyed for more formal imperial control over Polynesian waystations causing Tahiti to cede rule to France in 1847 and Hawai i to relinquish power to the United States in 1893 In *When Women Ruled the Pacific* Joy Schulz highlights four Polynesian women rulers who held enormous domestic and foreign power and expertly governed their people amid shifting loyalties outright betrayals and the ascendancy of imperial racism Like their European counterparts these Polynesian rulers fought arguments of lineage as well as battles for territorial control yet the freedom of Polynesian women in general and women rulers in particular was unlike anything Europeans and Americans had ever seen Consequently white chroniclers of contact had difficulty explaining their encounters initially praising yet ultimately condemning Polynesian gender systems resulting in the loss of women s autonomy The queens successes have been lost in the archives as imperial histories and missionary accounts chose to tell different stories In this first book to consider queenship and women s political sovereignty in the Pacific Schulz recenters the lives of the women rulers in the history of nineteenth century international relations

Pedagogies of the Image Hannah M. Tavares, 2016-06-15 This work considers the potential of photographs for orienting in a critical direction the scope questions and interests of the disciplinary conventions of the field of educational inquiry Visual objects may help illuminate broader socio historical events and logics that are deeply entwined with education yet remain marginal to or outside of what constitutes its domain of study In this work photographic images are treated as resources for re visioning the founding disciplinary objects of educational studies by reorienting its proper objects of study traditional archives persistent categories frames of reference and accepted portals of research and inquiry A theoretic framing shapes the question taken up in this work How might an engagement with photo archives open new horizons in the study of education from a postfoundationalist multi theoretic and cross disciplinary perspective The author constructs a rather unconventional vantage point to explore this question that opens on to the discursive spaces of three photographs made of three women in the years 1897 1949 and 1966 The photographs are analysed from three theoretic approaches First it is indicated how each photographic image not only marks a relationship to the past the present and the future but to the rules and conventions of photographic practices These particular images give an account of what both persists and exceeds the photographic image and permit to rewrite the bodies and lives pictured Second the subject matter of each photographic image while singular and local bears witness to the complex network of racial patriarchal and colonial logics and their profound imbrication with a technically mediated inscription For all their singularity the photographs cannot but evoke their

relation to the deeply historical character of photography Finally the photographs make possible an account of broader occurrences subterranean histories contexts and differently situated experiences that illuminate much like the principle of montage a sequence of overlapping events crosscutting with one another consequently throwing open the possibility of responding to and transforming the histories and archives we are given This book *Pedagogies of the Image* is a winner of the 2017 American Educational Studies Association Critics Choice Award
