Marcuse, 2023-11-15 Philosophy and Kafka Brendan Moran, Carlo Salzani, 2013-04-19 The relationship of philosophy with Kafka's oeuvre is complex It has been argued that Kafka's novels and stories defy philosophic extrapolation conversely it has also been suggested that precisely the tendency of Kafka's writings to elude discursive solution is itself a philosophical tendency one that is somehow contributing to a wiser relationship of human beings with language These matters are the focus of the proposed volume on Philosophy and Kafka The proposed collection brings together essays that interrogate the relationship of philosophy and Kafka and offer new and original interpretations The volume obviously cannot claim completeness but it partially does justice to the multiplicity of philosophical issues and philosophical interpretations at stake This variety informs the composition of the volume itself A number of essays focus on specific philosophical commentaries on Kafka's work from Adorno's to Agamben's from Arendt's to Benjamin's from Deleuze and Guattari's to Derrida's A number of essays consider the possible relevance of certain philosophical outlooks for examining Kafka's writings here Kafka's name goes alongside those of Socrates Kant Kierkegaard Nietzsche Wittgenstein Buber Heidegger Blanchot and Levinas Finally a number of essays consider Kafka's writings in terms of a specific philosophical theme such as communication and subjectivity language and meaning knowledge and truth the human animal divide justice and freedom In all contributions to the volume such themes motifs and interpretations arise To varying degrees all essays are concerned with the relationship of literature

and philosophy and thus with the philosophical significance of Kafka's writings **G.K.'s Weekly**, 1928 **News of Norway**, 1978 Italian Literature Before 1900 in English Translation Robin Healey, 2011-01-01 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008. In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors: Dante Alighieri, Niccolò Machiavelli, and Giovanni Boccaccio, and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's Twentieth Century Italian Literature in English Translation, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.
