Second Language Practice:

Principles and Practice in Second Language Acquisition Stephen D. Krashen, 1982 The present volume examines the relationship between second language practice and what is known about the process of second language acquisition summarising the current state of second language acquisition theory drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have The author concludes that a solution to language teaching lies not so much in expensive equipment exotic new methods or sophisticated language analysis but rather in the full utilisation of the most important resources native speakers of the language in real communication

Second Language Practice Georges Duquette, 1995 Language teachers present theories for sharpening students communication skills in a second language and describe examples of their application in actual classrooms They explain strategies for beginning listening comprehension interaction skills with idiomatic expressions integrating social skills and group work at intermediate levels and refining literacy skills for advanced students Provides a springboard of ideas and approaches for teachers and administrators to tailor to their specific needs Annotation copyright by Book News Inc Portland OR

Revisiting the Assessment of Second Language Abilities: From Theory to Practice Sahbi Hidri, 2018-01-12 This book presents an overview of revisiting the assessment of language abilities It also showcases how the measurement of such constructs can result in negative or positive washback and how outcomes might be conducive to repercussions that decide on the future of many stakeholders The 23 chapters were selected among tens of chapters received from different contexts that addressed the issue of revisiting the assessment of language abilities such as Tunisia Ukraine Algeria Russia KSA Sudan Egypt Canada Kurdistan UK USA Iran Turkey etc These contexts have highlighted the necessity to revisit the different constructs which should be assessed with a clear and straightforward foundation on students learning objectives and their actual language ability To do so most of the chapters present hands on use of relevant statistical tests that might serve in revisiting the construct definition both theoretically and operationally Perhaps the sole and intricate question that the authors of these contributions ask is what it means to revisit the assessment of the construct of individualized language ability and how In addition the book accentuates the momentousness and significance of reflecting on test fairness and validation as the mainspring and backbone for democratization of assessment This book appeals to a broad readership such as English Language Teaching ELT practitioners language teachers students testing organizations policy makers test designers writers of test specifications testing experts researchers program evaluators especially in the Middle East and North Africa MENA as well as other international contexts
