Secrecy And Fieldwork:

Secrecy and Fieldwork Richard G. Mitchell, 1993-09-15 This book is one in the popular series of slim volumes entitled Qualitative Research Methods from Sage Publications and like the others in the series it provides an excellent introduction to its field As the ethics of research come under increasing scrutiny the appearance of this book makes a timely and salutary contribution arguing cogently that there will be occasions when secrecy in research is required and that codes of practice for researchers which attempt to rule out secrecy are undesirably limiting For me Mitchell s respect for context and subjects brings him closer to qualitative research ethics than the liberals his is an ethics which is grounded in reality This interesting and useful book sets an agenda which researchers will have to address for themselves Keith Morrison in Evaluation and Research in Education The book offers communication researchers some of the best recent work on qualitative inquiry in the human disciplines Published by Sage the leading publisher of qualitative research in the social sciences today Richard G Mitchell Jr outlines a humane compassionate ethical position that accepts the givenness of secrecy in everyday life while arguing for the creation of existential trust as a primary given in all social research This work brings the communication scholar up to date on where qualitative methods are in current sociological and educational discourse Norman K Denzin in Journal of Communication This book is a stunning achievement a major statement on ethics fieldwork and the politics of inquiry Discourse is lifted to a new level It will become the point of reference for all future discussion of ethics and the social sciences Norman K Denzin University of Illinois Urbana Champaign Mitchell provides a refreshing and powerful analysis of the long standing debate over secrecy in fieldwork New Ethnographies A thought provoking and fairly complete methodological study of risky social research Mitchell s Secrecy and Fieldwork is the more challenging work Indeed it establishes a new standard for approaching sensitive research topics His approach is valuable stimulating and likely to be quite controversial Contemporary Sociology It is a most thought provoking essay very well grounded in the literature on methodology and philosophy of the social sciences yet reasoned out more thoroughly and profoundly than any other work I know in this field It is elegantly and tightly written a work of great cogency and erudition as theory but most persuasive as an empirical report because of its regularly apt illustrations from research It should be well reviewed and highly influential upsetting some sacred cows debunking some platitudes and inspiring sociologists that they can be good scientists even when not doing statistics Daniel Glaser University of Southern California Institutional review boards codes of ethics and professional standards notwithstanding openness and honesty is not always the best means of protecting the rights of either researcher or subject in fieldwork Richard Mitchell explores the ethical and practical quagmire of revelation and concealment in the field and attempts to arrive at a more useful set of norms for fieldworker behavior than the bureaucratic solutions in existence What should the researcher tell and not tell informants Is fieldwork inherently an activity requiring covert behavior by the researcher and subject alike Are honesty and openness at odds with effectiveness in the field Drawing

from his own work with mountaineers and survivalists as well as examples from the successful and unsuccessful fieldwork of others the author examines these questions and concludes that secrecy is risky but necessary business **Secrecy and Methods in Security Research** Marieke De Goede,Esmé Bosma,Polly Pallister-Wilkins,2019-08-13 This book analyses the challenges of secrecy in security research and develops a set of methods to navigate encircle and work with secrecy How can researchers navigate secrecy in their fieldwork when they encounter confidential material closed off quarters or bureaucratic rebuffs This is a particular challenge for researchers in the security field which is by nature secretive and difficult to access This book creatively assesses and analyses the ways in which secretcies operate in security research The collection sets out new understandings of secrecy and shows how secrecy itself can be made productive to research analysis It offers students PhD researchers and senior scholars a rich toolkit of methods and best practice examples for ethically appropriate ways of navigating secrecy It pays attention to the balance between confidentiality and academic freedom and integrity The chapters draw on the rich qualitative fieldwork experiences of the contributors who did research at a diversity of sites for example at a former atomic weapons research facility inside deportation units in conflict zones in everyday security landscapes in virtual spaces and at borders bureaucracies and banks The book will be of interest to students of research methods critical security studies and International Relations in general The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **Secrecy and Silence in the Research Process** Roisin Ryan-Flood,Rosalind Gill,2013-05-13 Feminist research is informed by a history of breaking silences of demanding that women s voices be heard recorded and included in wider intellectual genealogies and histories This has led to an emphasis on voice and speaking out in the research endeavour Moments of secrecy and silence are less often addressed This gives rise to a number of questions What are the silences secrets omissions and and political consequences of such moments What particular dilemmas and constraints do they represent or entail What are their implications for research praxis Are such moments always indicative of voicelessness or powerlessness Or may they also constitute a productive moment in the research encounter Contributors to this volume were invited to reflect on these questions The resulting chapters are a fascinating collection of insights into the research process making an important contribution to theoretical and empirical debates about epistemology subjectivity and identity in research Researchers often face difficult dilemmas about who to represent and how what to omit and what to include This book explores such questions in an important and timely collection of essays from international scholars **Anthropologists in the SecurityScape** Robert Albrow,George Marcus,Laura A McNamara,Monica Schoch-Spana,2016-06-16 As the military and intelligence communities re tool for the 21st century the long and contentious debate about the role of social scientists in national security environments is dividing the disciplines with renewed passion Yet research shows that most scholars have a weak understanding of what today s security institutions actually are and what working in them entails This book provides an

essential new foundation for the debate with fine grained accounts of the complex and varied work of cultural physical and linguistic anthropologists and archaeologists doing security related work in governmental and military organizations the private sector and NGOs In candid and provocative dialogues leading anthropologists interrogate the dilemmas of ethics in practice and professional identity Anthropologists in the SecurityScape is essential reading for anyone who wishes to understand or influence the relationship between anthropology and security in the twenty first century **The Secret Lives of Anthropologists** Bonnie L. Hewlett, 2019-11-26 This book addresses the difficult conditions researchers may face in the field and provides lessons in how to navigate the various social political economic health and environmental challenges involved in fieldwork It also sheds important light on aspects often considered secret or taboo From anthropologists just starting out to those with over forty years in the field these researchers offer the benefit of their experience conducting research in diverse cultures around the world The contributions combine engaging personal narrative with consideration of theory and methods The volume emphasizes how being adaptable and aware of the many risks and rewards of ethnographic research can help foster success in quantitative and qualitative data collection This is a valuable resource for students of anthropological methods and those about to embark on fieldwork for the first time *Secrecy and Cultural Reality* Gilbert Herdt, 2010-02-22 A compelling study of male ritual secrecy and its impact on the cultures of Melanesia and Papua New Guinea *Ethics in Qualitative Research* Martyn Hammersley, Anna Traianou, 2012-05-17 All social researchers need to think about ethical issues Their salience has recently been increased by the pressures of ethical regulation particularly in the case of qualitative research But what are ethical issues And how should they be approached These are not matters about which there is agreement Ethics in Qualitative Research explores conflicting philosophical assumptions the diverse social contexts in which ethical problems arise and the complexities of handling them in practice The authors argue that the starting point for any discussion of research ethics must be the values intrinsic to research above all the commitment to knowledge production However the pursuit of inquiry is rightly constrained by external values and the book focuses on three of these minimising harm respecting autonomy and protecting privacy These external values are shown to be far from unequivocal in character often in conflict with one another or with the commitments of research and always subject to situational interpretation and practical judgment Nevertheless it is contended that in the present challenging times it is essential that qualitative researchers uphold research values Martyn Hammersley is Professor of Educational and Social Research at The Open University Anna Traianou is Senior Lecturer in the Department of Educational Studies Goldsmiths University of London **Ethnography At The Edge** Jeff Ferrell, Mark S. Hamm, 1998-04-09 Pioneering criminologists and sociologists vividly recount the personal and professional tribulations of conducting field research with deviant and criminal subcultures **Cultures of Secrecy** Andrew Lattas, 1998 After driving the Japanese out of Papua New Guinea during World War II the U S military forces left their gear and the makings of a cargo cult to the native Kaliai CULTURES OF SECRECY

offers a close look at how for fifty years the bush Kaliai in Melanesia have worked these tailings of the western world into their indigenous culture Lattas shows how cargo cults in general bring together past present and future in their curious blending of traditional myths imported folklore borrowed state practices and ideologies and reworked Christian stories The result is a richly interdisciplinary work that uses ethnography to explore questions of racial experience gender relations space time death and the politics of human relations Never passive imitators the Kaliai as Andrew Lattas portrays them actively incorporate and transform western beliefs and practices into their own narratives of life sexuality and death The consequences are new myths and histories new relationships with the ancestral dead an alternative world of power and knowledge through which the Kaliai accommodate the dominant white culture and its institutions Lattas examines the racial conflict that has riddled the recent history of the cargo cults He also describes the cults demonization by the New Tribes missionaries from the United States who disapprove of the villagers unorthodox miming of European symbols and practices His book allows us to see behind the villagers ambivalence toward waitskin white skins as they continue to reinvent their social world

Outsourcing Border Control Federica Infantino, 2017-03-18 This book explores the everyday practices of border control and implementation of mobility policy in the European Schengen area by analyzing consular visas services on the edges of the territory Using an original case study private contractors that implement EU visa policy on governments behalf the author focuses on visa application centers located in Morocco and run by the two major contractors of European Member States the transnational corporations VFSGlobal and TLSContact The analysis builds on ethnographic research that encompasses the making of EU visa policy at the European national and local levels It aims at uncovering the reasons that have led to the adoption of outsourcing as a normal and legitimized mode to implement EU visa policy and the effects of that choice

State Secrecy and Security William Walters, 2021-05-03 In *State Secrecy and Security* Refiguring the Covert Imaginary William Walters calls for secrecy to be given a more central place in critical security studies and elevated to become a core concept when theorising power in liberal democracies Through investigations into such themes as the mobility of cryptographic secrets the power of public inquiries the connection between secrecy and place making and the aesthetics of secrecy within immigration enforcement Walters challenges commonplace understandings of the covert and develops new concepts methods and themes for secrecy and security research Walters identifies the covert imaginary as both a limit on our ability to think politics differently and a ground to develop a richer understanding of power *State Secrecy and Security* offers readers a set of thinking tools to better understand the strange powers that hiding revealing lying confessing professing ignorance and many other operations of secrecy put in motion It will be a valuable resource for scholars and students of security secrecy and politics more broadly

Secrecy and Insurgency Silvia Posocco, 2014-01-31 *Secrecy and Insurgency* deals with the experiences of guerrilla combatants of the Fuerzas Armadas Rebeldes Rebel Armed Forces in the aftermath of the peace accords signed in December 1996 between the Guatemalan government and guerrilla insurgents Drawing on a

broad field of contemporary theory Silvia Posocco's *Secrecy and Insurgency* presents a vivid ethnographic account of secrecy as both sociality and a set of knowledge practices Informed by multi-sited anthropological fieldwork among displaced communities with experiences of militancy in the guerrilla organization Fuerzas Armadas Rebeldes the book traces the contours of dispersed and intermittent guerrilla social relations unraveling the gendered dimensions of guerrilla socialities and subjectivities in a local context marked by violence and rapid social change The chapters chart shifting regimes of governance in the northern departamento of Peten the inception of violence and insurgency guerrilla practices of naming and secret relations moral orders based on sameness and sharing and forms of relatedness embodiment and subjectivity among the combatants The volume develops new critical idioms for grappling with partiality perspective and incompleteness in ethnography and contributes to new thinking on the anthropology of Guatemala *Secrecy and Insurgency* will be of interest to social and cultural anthropologists human geographers and scholars in Latin American studies human rights women's studies and gender studies

Safeguarding Our Nation's Secrets United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs. Subcommittee on the Efficiency and Effectiveness of Federal Programs and the Federal Workforce, United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs. Subcommittee on Financial and Contracting Oversight, 2014

Routledge International Handbook of Police Ethnography Jenny Fleming, Sarah Charman, 2023-01-31 Ethnography has a long history in the humanities and social sciences and has provided the base line in the field of police studies for over 60 years We have recently witnessed a resurgence in ethnographic practice among police scholars and this Handbook is a response to that revival Students and academics are returning to the ethnography arena and the study of police in situ to explain the evocative worlds of the police The list of ethnographic sites is vast and all have fed the rejuvenation of ethnographic endeavour Together they suggest innovation theoretical depth broad geographical boundaries multi-site experiments and multi-disciplinarity all of which are central to the exploration of police and policing in the twenty-first century This Handbook encapsulates the revival of police ethnography by exploring its multidisciplinary field and cataloguing the ongoing ethnographic work It offers an original and international contribution to the field of police studies and research methods providing a comprehensive and overarching guide to police ethnography We see the previous classics in every page and still note the influence of the early ethnographers At the same time we see the innovative breadth and diversity of these narratives The aim of this Handbook is to highlight the mosaic that is police ethnography at a point in time and note with pleasure its contribution to the field once more Ethnography may be messy difficult and at times uncooperative but its results offer a unique insight into the perspectives of people and organisations that can hide in plain sight An accessible and compelling read this Handbook will provide a sound and essential reference source for academics researchers students and practitioners engaged in police and criminal justice studies

Situating Globality Wim van Binsbergen, Rijk van Dijk, 2004-03-01 *Situating Globality* challenges the dominant view that globalization is

a primary threat to African societies and economies It explores how these societies are appropriating elements of the emerging global culture arguing the significance of this appropriation in local struggles the expression of critical thinking ideologies and ritual styles of behaviour Combining an interest for micro level processes of situating the multifaceted process of globality with the exploration of reflexivity creativity and the production of knowledge Situating Globality straddles the divide between anthropological and philosophical representations of Africa in the new world order The first section examines philosophical issues relating to the production of knowledge in and about Africa from a globalizing perspective while the other sections include case studies showing how these processes are accommodated in everyday life

The Ethics of Anthropology Pat Caplan,2004-03 Combining theoretical papers and case studies from leading scholars this book demonstrates how the topic of ethics goes to the heart of anthropology and raises the debatable question of why and for whom the anthropological discipline functions

Secret Chambers Martin Brasier,2012-05-31 In the follow up to Darwin's Lost World Martin Brasier introduces the quest for the missing history of life and the cell Through a series of journeys it emerges that the modern plant cell is one of the most deeply puzzling and unlikely steps in the whole history of life Decoding this puzzle is a great adventure that has mainly taken place over the last half century Brasier puts the big questions into context through lively descriptions of his explorations around the world from the Caribbean Sea and the Egyptian pyramids to the shores of the great lakes in Canada and to the reefs and deserts of Australia Covering the period from 1 to 2 billion years ago a period he once dubbed the boring billion he demonstrates how it in fact involved great evolutionary potential with the formation of the complex eukaryotic cell Without this cell there would be nothing on Earth today except bacteria and the formation of this cell was a fundamental turning point in the history of life on Earth Weaving together several threads Brasier emphasizes the importance of single celled forms to marine ecosystems symbiosis and coral reefs and the architecture and beauty of single celled Foraminifera and what they tell us about evolution From a master storyteller comes a vivid description of the earliest biological forms and a set of fascinating tales of travels and research

Inside a Secret Software Laboratory Christine Grimm,2012-01-26 How does one of the world's biggest Enterprise Resource Planning ERP suppliers develop software How do Oracle SAP Microsoft and Co really work Christine Grimm presents a first hand account of a social researcher who entered the software laboratory of one of the biggest ERP providers Presenting an in depth ethnography on how people act within such labs she reveals the highly unexpected social character of programming and shows how the vendor reorganizes himself to find new ways to respond to the expectations of the market Furthermore the author highlights the informal practices when an ERP system as a defective or incomplete product re enters the supplier's labs The book provides a window into what happens if bugs are dug up and emotions on both the supplier and customer sides are running high

Corruption and the Secret of Law Gerhard Anders,2017-10-24 This volume presents an anthropological perspective on the hidden continuities between corruption and law The authors argue that the two opposites corruption and

law are inextricably linked with the possibility of the former already inscribed into the latter Taking a critical stance towards the normative good governance agenda spearheaded by institutions such as Transparency International and the World Bank this volume argues that by uncritically depicting corruption as an absolute evil these anti corruption programs disregard the close relationship that exists between corruption and state power Addressing various aspects of a complex and ambivalent phenomenon Corruption and the Secret of Law draws on studies from different parts of the world including Burundi China Indonesia Italy Japan Mexico and the USA and provides a valuable resource for students researchers and policy makers working in this area

Fundamentals of Research in Criminology and Criminal Justice Ronet D. Bachman, Russell K. Schutt, Peggy S. Plass, 2015-12-19 Fundamentals of Research in Criminology and Criminal Justice With Selected Readings by well known researchers Ronet D Bachman Russell K Schutt and Peggy S Plass is a unique resource for understanding the multifaceted subject of research methods in the field of criminology and criminal justice amply illustrated by carefully selected and edited research articles from the leading journals in the field Each of these articles features an introduction written to draw the student s attention to the specific concept s from the chapter that are illustrated in the article and a series of questions about the article designed to help the student think critically about and reflect on these concepts In this way students not only learn how to conduct research but also learn why it is important to do so Building off the widely adopted Fundamentals of Research in Criminology and Criminal Justice the additional readings increase students understanding of complex issues being investigated in the field today and how those issues are being researched Additional instructor resources and study tools can be found online at study.sagepub.com/bachmanfrccjsr

Secrecy And Fieldwork Introduction

In the digital age, access to information has become easier than ever before. The ability to download Secrecy And Fieldwork has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Secrecy And Fieldwork has opened up a world of possibilities. Downloading Secrecy And Fieldwork provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Secrecy And Fieldwork has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Secrecy And Fieldwork. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Secrecy And Fieldwork. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Secrecy And Fieldwork, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Secrecy And Fieldwork has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Secrecy And Fieldwork Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Secrecy And Fieldwork is one of the best book in our library for free trial. We provide copy of Secrecy And Fieldwork in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Secrecy And Fieldwork. Where to download Secrecy And Fieldwork online for free? Are you looking for Secrecy And Fieldwork PDF? This is definitely going to save you time and cash in something you should think about.
