Secret City:

Being Human in Digital Cities Myria Georgiou, 2023-11-28 How is life in digital cities changing what it means to be human In this perceptive book Myria Georgiou sets out to investigate the new configuration of social order that is taking shape in today's cities Although routed through extractive datafication compulsive connectivity and regulatory AI technologies this digital order nonetheless displaces technocentrism and instead promotes new visions of humanism all in the name of freedom diversity and sustainability But the digital order emerges in the midst of neoliberal instability and crises resulting in a plurality of contrasting responses to securing digitally mediated human progress While corporate media and state actors mobilize such positive sociotechnical imaginaries to promise digitally mediated human progress urban citizens and social movements propose alternative pathways to autonomy and dignity through and sometimes against digital technologies Investigating the dynamic workings of technology and power from a transnational and comparative perspective this book reveals the contradictory claims and struggles for the future of digital cities and their humanity In doing so it will enrich understandings of digital urbanism critical data studies and critical humanist studies **New York Magazine**, 1987-05-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Mary Ann Shadd Cary* Jane Rhodes, 2023-09-05 Mary Ann Shadd Cary was a courageous and outspoken nineteenth century African American who used the press and public speaking to fight slavery and oppression in the United States and Canada Part of the small free black elite who used their education and limited freedoms to fight for the end of slavery and racial oppression Shadd Cary is best known as the first African American woman to publish and edit a newspaper in North America But her importance does not stop there She was an active participant in many of the social and political movements that influenced nineteenth century abolition black emigration and nationalism women's rights and temperance Mary Ann Shadd Cary *The Black Press and Protest in the Nineteenth Century* explores her remarkable life and offers a window on the free black experience emergent black nationalisms African American gender ideologies and the formation of a black public sphere This new edition contains a new epilogue and new photographs *Knowers of Eternity* Tofa, Perhaps it was a dream The darkness sure was familiar But the memories the experiences those had to have been real right How many times had she nearly died in some way or another How many places had she visited completely beyond her imagination How many people had she met whom otherwise she'd have never known existed And what did it all lead her to What was all this discovering all this adventuring all this traveling for She had no answer There was nothing she could answer Because she didn't know She just really liked it The thrill of the next fight The views waiting to be seen The people who yet expect her presence The

wonders of the world An exaggeration but one she enjoyed thinking of

The Madame Curie Complex Julie Des Jardins,2010-03-01 The historian and author of Lillian Gilbreth examines the Great Man myth of science with profiles of women scientists from Marie Curie to Jane Goodall Why is science still considered to be predominantly male profession In The Madame Curie Complex Julie Des Jardin dismantles the myth of the lone male genius reframing the history of science with revelations about women s substantial contributions to the field She explores the lives of some of the most famous female scientists including Jane Goodall the eminent primatologist Rosalind Franklin the chemist whose work anticipated the discovery of DNA s structure Rosalyn Yalow the Nobel Prize winning physicist and of course Marie Curie the Nobel Prize winning pioneer whose towering mythical status has both empowered and stigmatized future generations of women considering a life in science With lively anecdotes and vivid detail The Madame Curie Complex reveals how women scientists have changed the course of science and the role of the scientist throughout the twentieth century They often asked different questions used different methods and came up with different groundbreaking explanations for phenomena in the natural world

Most of 14th Street Is Gone J. Samuel Walker,2018-03-01 Left behind were hundreds of burned out buildings whole blocks that looked as though they had been bombed into oblivion These words written by the Washington Post s Leonard Downie Jr do not describe a war zone but rather the nation s capital reeling in the wake of the riots of April 1968 In the devastating aftermath of Martin Luther King s assassination a community already plagued by poor living conditions unfair policing and segregation broke into chaos These riots brought well documented tragedy and heartbreak not only among the families of those who lost their lives but also among those who lost their homes possessions jobs and businesses There was anger fear and anxiety throughout the city of Washington DC from the White House to the residential neighborhoods of the capital There was an excruciating dilemma for President Lyndon Johnson He was outraged by the violence in the streets but he also keenly aware that African American citizens who joined the riots had legitimate grievances that his civil rights initiatives did little to address J Samuel Walker s Most of 14th Street is Gone takes an in depth look at the causes and consequences of the Washington DC riots of 1968 It shows the conditions that existed in Washington DC s low income neighborhoods setting the stage for the disorders that began after King s murder It also traces the growing fears produced by the outbreaks of serious riots in many cities during the mid 1960s The centerpiece of the book is a detailed account of the riots that raged in Washington DC from the perspectives of rioters victims law enforcement officials soldiers and government leaders The destruction was so extensive that parts of the city were described as smoldering ruins block after block Walker analyzes the reasons for the riots and the lessons that authorities drew from them He also provides an overview of the struggle that the city of Washington DC faced in recovering from the effects of the 1968 disorders Finally he considers why serious riots have been so rare in Washington DC and other cities since 1968 Walker s timely and sensitive examination of a community a city and a country rocked by racial tension violence and frustration speaks not only to this

nation's past but to its present **On the Social History of Persecution** Christian Gerlach, 2023-03-06 This multidisciplinary volume is one of the few collections about social change covering various cases of mass violence and genocide. In life under persecution, social relations and social structures were not absent and not simply replaced by an ethno-racial order. The studies in this book show the influence of social structures like gender, age, and class on life under persecution. Exploring practices in family and labor relations and of collective action, they counter claims of an atomization of society or total uprootedness of victims. Despite being exposed to poverty and want and under the permanent threat of political violence, persecuted people tried to develop their own agency. Case studies are about the Jewish and Armenian persecutions, Rwanda, the war of decolonization in Mozambique, and civilian refugees in Belarus during World War II. The authors are a mix of experienced scholars and young researchers **Fly Until You Die** Chia Youyee Vang, 2019 *Fly Until You Die: An Oral History of Hmong Pilots in the Vietnam War* recounts the experiences of ethnic minority men from northern Laos who participated in a covert pilot training program led by the US Air Force **The Routledge Companion to Global Television** Shawn Shimpach, 2019-10-29 Featuring scholarly perspectives from around the globe and drawing on a legacy of television studies but with an eye toward the future, this authoritative collection examines both the thoroughly global nature of television and the multiple and varied experiences that constitute television in the twenty-first century. Companion chapters include original essays by some of the leading scholars of television studies as well as emerging voices engaging television on six continents, offering readers a truly global range of perspectives. The volume features multidisciplinary analyses that offer models and guides for the study of global television with approaches focused on the theories, audiences, content, culture, and institutions of television. A wide array of examples and case studies engage the transforming practices, technologies, systems, and texts constituting television around the world today, providing readers with a contemporary and multifaceted perspective. In this volume, editor Shawn Shimpach has brought together an essential guide to understanding television in the world today, how it works, and what it means, perfect for students, scholars, and anyone else interested in television, global media studies, and beyond **A Black Physician's Struggle for Civil Rights** Florence Ridlon, 2020-06 *Biography of Edward Mazique*, respected physician, contemporary of Martin Luther King Jr. and influential Civil Rights activist in Washington, D.C. ***Hugh Walpole: An Appreciation*** Joseph Hergesheimer, 2021-05-18 In *Hugh Walpole: An Appreciation*, Joseph Hergesheimer delves into the life and works of the influential British novelist Hugh Walpole, providing a nuanced analysis of his literary contributions and stylistic nuances. Set against the backdrop of early 20th-century literature, Hergesheimer outlines Walpole's mastery in blending emotional depth with vivid storytelling, highlighting how his works reflect the complexities of the human experience. Employing a rich descriptive prose, Hergesheimer invites readers to reconsider Walpole's role in shaping modern narrative techniques and psychological realism, offering insights into the themes of ambition, isolation, and the quest for meaning that permeate his novels. Joseph Hergesheimer, an acclaimed American novelist known for his distinctive style and

sensitivity to character was deeply influenced by his contemporaries including Walpole His literary career marked by an exploration of themes prevalent in modernist literature provides a unique lens through which to appreciate Walpole s work Hergesheimer s admiration for Walpole evidenced by his meticulous analysis reveals an author grappling with the foundational elements of narrative and the essence of storytelling itself This book is an essential read for both students of literature and casual readers seeking a deeper understanding of Hugh Walpole s significance Hergesheimer s thoughtful reflections not only celebrate Walpole s oeuvre but also illuminate the rich tapestry of early 20th century literature Readers will find themselves captivated by Hergesheimer s engaging prose and the profound insights he offers into a literary titan

The Routledge Companion to Cinema and Politics Yannis Tzioumakis, Claire Molloy, 2016-07-01 The Routledge Companion to Cinema and Politics brings together forty essays by leading film scholars and filmmakers in order to discuss the complex relationship between cinema and politics Organised into eight sections Approaches to Film and Politics Film Activism and Opposition Film Propaganda Ideology and the State The Politics of Mobility Political Hollywood Alternative and Independent Film and Politics The Politics of Cine geographies and The Politics of Documentary this collection covers a broad range of topics including third cinema cinema after 9 11 eco activism human rights independent Chinese documentary film festivals manifestoes film policies film as a response to the post 2008 financial crisis Soviet propaganda the impact of neoliberalism on cinema and many others It foregrounds the key debates concepts approaches and case studies that critique and explain the complex relationship between politics and cinema discussing films from around the world and including examples from film history as well as contemporary cinema It also explores the wider relationship between politics and entertainment examines cinema s response to political and social transformations and questions the extent to which filmmaking itself is a political act

Welfare Racism Kenneth J. Neubeck, Noel A. Cazenave, 2002-09-11 Welfare Racism analyzes the impact of racism on US welfare policy Through historical and present day analysis the authors show how race based attitudes policy making and administrative policies have long had a negative impact on public assistance programs The book adds an important and controversial voice to the current welfare debates surrounding the recent legislation that abolished the AFDC

Piecework Pete Hamill, 2025-04-08 A rich and varied collection of Pete Hamill s best journalism that spans decades and covers topics as diverse as Donald Trump stickball and Northern Ireland Veteran journalist Pete Hamill never covered just politics Or just sports Or just the entertainment business the mob foreign affairs social issues the art world or New York City He has in fact written about all these subjects and many more in his years as a contributor to such national magazines as Esquire Vanity Fair and New York and as a columnist at the New York Post the New York Daily News the Village Voice and other newspapers Seasoned by more than thirty years as a New York newspaperman Hamill wrote on an extraordinarily wide variety of topics in powerful language that is personal tough minded clearheaded always provocative Piecework is a rich and varied collection of Hamill s best writing on such diverse subjects as what television and crack have

in common why winning isn't everything stickball Nicaragua Donald Trump why American immigration policy toward Mexico is all wrong Brooklyn's Seventh Avenue and Frank Sinatra not to mention Octavio Paz what it's like to realize you're middle-aged Northern Ireland New York City then and now how Mike Tyson spent his time in prison and much more This collection proves him once again to be among the last of a dying breed the old school generalist who writes about anything and everything guided only by passionate and boundless curiosity *Piecework* is Hamill at his very best **Alternative Modernities in French Travel Writing** Gillian Jein, 2016-06-19 Examining the aesthetics and politics at stake in urban travel writing as spatial practice this book explores French travellers' representations of London and New York from 1851 to the 1980s *Science-fiction, the Early Years* Everett Franklin Bleiler, 1990 In this volume the author describes more than 3000 short stories novels and plays with science fiction elements from earliest times to 1930 He includes imaginary voyages utopias Victorian boys' books dime novels pulp magazine stories British scientific romances and mainstream work with science fiction elements Many of these publications are extremely rare surviving in only a handful of copies and most of them have never been described before **Thomas Middleton in Context** Suzanne Gossett, 2011-04-21 An illuminating study of all works in the newly enlarged Middleton canon placing them in personal national international and theatrical contexts **My Conflict with a Soviet Spy** Eddie Miller, 2001 Ron Evans was probably the most notorious Soviet spy of British nationality working out of Scandinavia in the post-war period This is the full story of the Ron Evans spy case told in all its drama and excitement as it occurred in the 1960s **How Was It Possible?** Peter Hayes, 2015 As the Holocaust passes out of living memory future generations will no longer come face to face with Holocaust survivors But the lessons of that terrible period in history are too important to let slip past *How Was It Possible?* edited and introduced by Peter Hayes provides teachers and students with a comprehensive resource about the Nazi persecution of Jews Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally the anthology sets out to provide answers to questions that may otherwise defy comprehension This anthology is organized around key issues of the Holocaust from the historical context for antisemitism to the impediments to escaping Nazi Germany and from the logistics of the death camps and the carrying out of genocide to the subsequent struggles of the displaced survivors in the aftermath Prepared in cooperation with the Jewish Foundation for the Righteous this anthology includes contributions from such luminaries as Jean Ancelet Saul Friedlander Tony Judt Alan Kraut Primo Levi Robert Proctor Richard Rhodes Timothy Snyder and Susan Zuccotti Taken together the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy inviting readers to learn precisely how the Holocaust was in fact possible **Quest and Response** Donald R. McCoy, Richard T. Ruetten, 2021-10-08 Here is a thorough treatment of every important aspect of minority affairs during the Truman administration The authors trace the significant developments in the quest for minority rights from 1945 to 1953 show the interrelatedness to the struggle waged by America's racial minorities and assess the role of the Truman administration in

that struggle The quest of minority peoples for civil rights was a scattered meager movement until the beginning of the Second World War Minority group members were segregated intimidated poverty ridden and undernourished and their struggle suffered from these weaknesses This situation changed to an unprecedented extent during the years between 1945 and 1953 Under President Harry S Truman the executive branch of the federal government listened to minority groups as never before and often responded to their entreaties and pressures Civil rights victories were won in the courts Educational levels rose and employment opportunities increased Legal segregation began to crumble and the campaign for better housing inched forward Alliances were forged among racial minorities Jews organized labor and political and religious liberals Sizable elements among the minority group ranks developed a modicum of economic power and political influence for the first time during the Truman administration This rudimentary power was among the bases for civil rights and racial developments after 1953 Although the civil rights story of the Truman administration is one relating mainly to blacks this study deals with other minority groups including Indians Mexican Americans Puerto Ricans Japanese and Chinese Americans and Jews Based on extensive research in primary source materials it is a balanced in depth analysis of the power of minorities in eliciting change It is a valuable addition to the study of social as well as political history

Thank you very much for reading **Secret City**. Maybe you have knowledge that, people have look hundreds times for their chosen books like this Secret City, but end up in infectious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they are facing with some infectious virus inside their laptop.

Secret City is available in our book collection an online access to it is set as public so you can download it instantly.

Our book servers spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Secret City is universally compatible with any devices to read
