Secret Forces Of World War II:

Secret Forces of World War II Philip Warner, 2004-01-20 One of the lasting legacies of World War 2 was the proliferation of what today are known as Special Forces At the time many soldiers often of high rank regarded these units as nothing short of ill disciplined cowboys or worse However desperate times called for desperate measures and there were those in high places who were prepared to take risks As specially recruited units such as the LRDG SAS and SBS earned their spurs and scored significant victories at high cost both to the enemy and themselves so faith in the concept grew **Secret Forces of World War II** Philip Warner, 1991 *The Secret Forces of World War II* Philip Warner, 1985 En fremstilling og vurdering af de hemmelige uortodokse allierede styrker SAS SBS SOE LDRG PPA osv under 2 verdenskrig Special Operations in World War II Andrew L. Hargreaves, 2013-10-28 British and American commanders first used modern special forces in support of conventional military operations during World War II Since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves This book is the first comprehensive study of the development application and value of Anglo American commando and special forces units during the Second World War Special forces are intensively trained specially selected military units performing unconventional and often high risk missions In this book Andrew L Hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the Anglo American alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness The first real impetus for the creation of British specialist formations came in the desperate summer of 1940 when having been pushed out of Europe following defeat in France and the Low Countries Britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy The development of special forces by the United States was also a direct consequence of defeat After Pearl Harbor Hargreaves shows the Americans found themselves in much the same position as Britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale By the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable contributions to practically every theater of operation In describing how Britain and the United States worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during World War II

ULTRA and the Army Air Forces in World War II: An Interview with Associate Justice of the U.S. Supreme Court Lewis F. Powell, Jr. Lewis F. Powell, 1987 *ULTRA and the Army Air Forces in World War II* Lewis F. Powell (Jr.), 1987 **Special Forces in World War II** Michael E. Haskew, 2021-02-02 **Secret Weapons and World War II** Walter E. Grunden, 2005 Grunden s analysis of this fundamental flaw in the Japanese war effort seamlessly weaves together

science technology and military history to provide an entirely unique look at a crucial but understudied aspect of World War II Comparing the science and weapons programs of all the major combatants he demonstrates that Japan's failure was nearly inevitable given its paucity of strategic resources an inadequate industrial base the absence of effective centralized management to coordinate research military hostility toward civilian scientists and bitter interservice rivalries In the end Japan could not overcome these obstacles and thus failed to make the transition to the kind of Big Science it needed to ward off its enemies and dominate the Far East BOOK JACKET

Combined Special Operations In World War II Captain James C. Nixon, 2014-08-15 This study is an historical analysis of combined special operations units in the European Theater during World War II The study examines the Dieppe Raid Force the First Special Service Force and the Jedburghs to determine common strengths and weaknesses in organization training command and control and effectiveness The study also analyzes the adequacy of current United States combined and special operations doctrine based on the results of the historical analysis The study concludes that current U S doctrine does not adequately address the organization training and command and control of combined special operations Current doctrine provides sufficient strategic guidance but requires supporting doctrine at the operational and tactical level One of the contributing factors is an over reliance on Operation DESERT SHIELD DESERT STORM The study provides planning considerations that should be incorporated into current combined doctrine The historical examples illustrate the criticality of establishing clear goals and objectives and the use of training to assist in achieving unity of effort The study also identifies centralized control clear communications and coordination as fundamental to successful command and control of combined special operations units

Auchinleck Philip Warner, 2006-06-01 Field Marshal Sir Claude Auchinleck was born in India and raised in conditions of near poverty Yet his talent ensured his career flourished despite his Indian Army background and he was the first Commander of 8th Army in North Africa Despite great political interference he stopped Rommel's Afrika Corps at 1st Alamein only to be sacked by Churchill After a spell in the wilderness he became C in C India during the dark period of Partition and ironically had to preside over the destruction of his beloved Indian Army A private man of great humour and integrity he refused to be drawn into discussing or criticising his tormentors be they Churchill Montgomery or Mountbatten He always argued that history would be his judge This is a super piece of military biography by one of the most respected post war military historians
